"Blessed be the LORD God of Israel; For He hath visited and redeemed His people, And hath raised up an horn of salvation for us in the house of his servant David; as he spake by the mouth of his holy prophets, which have been since the world began; That we should be saved from our enemies and from the hand of all that hate us; to perform the mercy promised to our fathers and to remember his holy covenant; The oath which he sware to our father Abraham, That he would grant unto us, that we being delivered out of the hand of our enemies might serve him without fear, in holiness and righteousness before him, all the days of our lives." ### LIVING UNDER 21<sup>st</sup> CENTURY

by Ed Howes

Knowledgeable people are telling us, living under Communism is an inevitability. I agree and believe it will be the case by the early years of the 21st Century. We all could be wrong - but - what if we aren't?

There are not too many options under Communism, which solves a common problem of the West - too much choice. The basic situation will be serve or suffer. If you feel two choices are a bit confining, you can make additional choices but they ought to be made soon while there is means to provide for the aternatives. You can't buy groceries when the market is closed. If you don't have a plan for your future, you'll be following someone else's plan for you and you might not like it. People don't plan to fail. They just fail to plan! The average person spends more time planning an annual vacation, than they do their life. Over a hundred years ago, Communists planned to conquer the world. What did the anti-Communists plan? Which group is succeeding?

We understand Big Brother is watching us and keeping extensive records on who we are and what we do. Just substitute a Joseph Stalin for your current Big Brother and you'll have a fair view of the near future. Bible prophecy declares it as well as political/economic/military awareness. May will die of unnatural causes. Many more will do whatever they are told. to avoid dying of unnatural causes. This includes spying and reporting on you and me.

Certain precautions suggest themselves. If you are Christian, get right with God. There is no better insurance and I don't believe He'll be too gracious toward those turning to their God of last resort. Reestablish privacy. If you ae engaged in activities which require you to "volunteer" personal information, you can't afford it. Find another way to achieve your objectives. If your family has not yet been destroyed by the policies of those who would rule the world, strengthen those family ties.

There will be few people you can trust in the near future. Live in more sparsely populated areas. The fewer your neighbors, the greater your relative freedom of movement.

Few people are more complacent than the weakened, malnourished and hungry. Take a good look at the homeless in the city. Quietly lay in food stores. Learn to sprout grains, nuts seeds and beans. Sprouts are live food of greater nutritional value than the seeds they come from or the seeds they came from or the plants they grow into and you can harvest a cop every 3-7 days. Personal preferences and tastes mean little during famines.

Stockpile large quantities of anything you would rather not do without for extended periods. Toilet paper, soap and ammunition readily come to mind. Lay in a minimum of 3 year's supply of seeds for the vegetables you would like to eat. Do not buy hybrid seeds. Non-hybrids will allow you to let a small surplus go to seed in the garden and you will then have seed for later years. If you must have hybrids, I would suggest a 20 year supply or more. Water storage and distribution systems are easily chemicalized or otherwise poisoned. Secure an independent water supply; wells, cisterns or combinations. A good filtration/distillation system will provide further insurance against poisoning.

Slave labor can be of two types; the Stalin style forced labor or the Western style wage labor. With the former, there will be few opportunities for trade. With the latter there will be some but you increase your risk of exposure and falling back under the watchful eye. In either case, you will do well to stock as much as you can of the things you will want. Always better safe than sorry.

Livestock may be hard to maintain and difficult to conceal if it becomes necessary to adopt a very low profile. The further you are from other people, the more practical livestock becomes. It's a personal decision. If you are relocating to a rural area and building, consider earth sheltered housing in a sun facing hillside. Such can provide comfortable temperatures year round with a minimal input of energy. It is also easily concealed from overhead spies and passers by, via creative land-scaping.

If you will want reliable information about what is happening 50 miles away or in other parts of the world, consider involving yourself in amateur or Ham radio, now. You may require the radio equipment, portable antenna, scrambling/descrambling processors, a reliable electrical power supply and operational instruction. Better to have that all arranged ahead of time. When Chernobyl burned, the only information not blacked out by the Soviet came through amateur radio.

Lay in a 20 year supply of utilitarian clothing. There will be few occasions to get dressed up. Should travel become necessary, it can be very painful without shoes or boots. A remote, hidden and well stocked campsite within a half day's hike from your regular dwelling is not a bad idea either. The best survival technique is to either be or appear to be where no one is looking. You could build a hideout within or near your regular dwelling that will also serve the purpose, unless someone moves into your "vacant" house. A good point to keep in mind when you are planning to build.

Human powered transportation will be the best bet for covering serious distances without attracting a lot of attention. The new mountain bikes will allow you to travel off road and you could cover more than one hundred miles a day, depending on your physical condition and that of those travelling with you. Racks and bags will be desirable to carry supplies, repair kits and weapons. A good stock of tyres, tubes patch kits and spare parts will keep you riding long after everyone else is walking. Consider that mountain bikes will easily outdistance foot soldiers in most terrain.

Obtain military and privately published survival manuals. Begin reading them now and take them wherever you go. They will be invaluable aids to planning for survival in relative comfort and in emergency conditions. Over a twenty year period, the information they contain could save your life or the lives of those you love on many occasions. Survival manuals will help you with planning and handling tactical dilemmas. The Bible (my personal favorite Life Manual) can help you handle moral dilemmas and dealing with stress. That can be as important to survival as physical preparedness.

These suggestions are not extensive or meant to be. The idea is to get you thinking

about and planning for, the near future. Gorillas are relatively free animals within their natural environments. They don't have high paying jobs, drive fancy cars or live in luxurious houses and they totally ignore their right to vote. But they live well by living where men take little interest. So take a tip from the gorilla. Get lost!

### "We shall smash them with our clenched fist"

Twenty-four years ago Dimetry A. Manuilsky, speaking at the Lenin School of Political Warfare in Moscow, said:

"War to the hilt between Communism and Capitalism is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoisie will have to be put to sleep. So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions. The Capitalistic countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, we shall smash them with our clenched first."

This is the same Manuilsky who presided over the United Nations Security Council in 1949.

### HOLOCAUSTOMANIACS TWIST SWASTIKAS INTO CROSS

by Geoff Muirden.

It takes a lot of twisting and distortion to transform a swastika into a cross, or the Cross of Christ into a swastika, but some Jews and Zionists appear to have accomplished this remarkable feat, with little concern about the amount of historical distortion and blasphemy involved.

One such Jew making this accusation is Hyam Maccoby, writing in the U.S. journal *Commentary* Dec 1982, p35, insisting that the Jewish Holocaust is not a crisis for Nazism,"it is a problem and crisis for Christendom alone."

It would seem that Maccoby absolves Nazis of any responsibility for "persecution" ad puts it all on Christian "anti-Semitism." So, he says, "Christian anti-Semitism derives...from ...the crucifixion itself....after WWII, when people in Europe were asked why they did not protest the massacre of Jews, time and again they gave the answer: 'they are the Christ-killers, aren't they?'"

He implies that Christian anti-Semitism culminated in the Jewish Holocaust, so this is a "crisis for Christendom alone."

As if this was not bad enough, some Christians have been brainwashed into accepting it, and laying a "guilt trip" on Christians. Thus, the Roman Catholic theologian, Harry James Cargas, commented that: "the Holocaust is, in my judgment, the greatest tragedy for Christians since the crucifixion. In the first instance, Jesus died: in the latter, Christianity may be said to have died."

He goes along with Elie Wiesel's claim that: "what died at Auschwitz was not the Jewish people but Christianity." What Cargas, the apostate "Christian", and Wiesel are saying amounts to this: that Christians backed up the Jewish Holocaust - the "six million dead" and the "gas chambers," this demonstrating the immorality of Christianity. Therefore, we should give up Christianity, and not only that; Christians should apologise to the anti-Christians! Cargas wails that "we Christians need to get on our knees and repent our sins against the Jewish people."

Another Judaiser, Allan R. Brockway, writes that: "Christianity will not be able to overcome its legacy of guilt for the Holocaust without a major purging of its sources of Jew hatred...the Holocaust is an orienting event in Christian history."

This is the Holocaustomaniacal "line", set out in Malcolm Ross' *Spectre Of Power* (available from Christian Identity for \$12 posted) pp.91-93.

What can be said about Judaisers like Cargas, Brockway et al? Have they really been brainwashed into accepting Christian "guilt", or are they just "selling out" to the Jews, for any financial or academic profit, advertising their

apostasy for all to see? They must consult their own consciences on that.

### Christian Response

It seems only a small step from what Cargas and other Judaisers are saying, to a recommendation that Jesus should apologise to the poor "misunderstood," nice folks, the Scribes and Pharisees, who crucified Him! (see Who Killed Christ by Sheldon Emry. \$2.50ppd) It would be hilarious in its absurdity if it were not blasphemous and false historically.

Part of the "answer" is that the Holocaustomaniac endorses the myths of the "six million dead" and the "gas chambers" which the historical revisionists have already shown to be false. ("Did Six Million Really Die?", \$3.30 posted from C.I.) Rassinier, Faurisson and Butz have already disproved this legend, and the finishing touches were added by the Leuchter Report. When Fred Leuchter inspected the alleged gas chamber sites at Auschwitz, Birkenau and Majdanek, Poland and found they could not have been used as gas chambers. (Fred Leuchter cassette tape #X4-44, @ \$4ppd)

Neither Christians, nor Nazis, nor anyone else can have been guilty of what never happened!

### Holocaustic Motes In Jewish Eyes

If Jewry is so morally outraged at Jewish suffering, supposedly inflicted at the hands of Christians, it could cast some motes out of its own eyes, by seeking forgiveness for inflicting communism on the world, backed by Jewish rebels and Jewish finance, which massacred millions of Christians in the USSR nder Lenin and Stalin. It could also seek Christian forgiveness for the excesses of Jewish politicians and businessmen under the Weimar Republic, which exploited goyim and helped the rise of Hitler. They might also be kind enough to beg forgiveness for the Holocaust in Israeli, of Arabs and Christians.

But hypocrisy is a Jewish trait, as Christ Himself identified as typical of the scribes and Pharisees! (Matt 23:13-32).

Some of us are not impressed by Cargas and Co., grovelling to the anti-Christ, and blasphemously assuming that the "synagogue of Satan" is morally superior to Christianity!

### Forerunner To Nazism

It's a fact that many Christians, prior to the creation of Nazism, favoured it, partly because it promised a way out of grinding poverty and an end to the abuse of power by the Jews. Yes, Virginia, it's dreadfully "anti-Semitic" to say it, but the Jews did abuse their power. The "goyim" suffered under Jewish control in the Weimar Republic, and considered Hitler's rule to be the only way out. Consequently, many Protestants and Catholics initially backed Hitler's accession to power as a welcome remedy to their poverty and misery.

The "Confessional" Church, a Protestant

body, led by Pastor Niemoeller, backed Nazism in 1933, because they wanted their Church to be officially recognized as the German Church body. And the Nazis officially "promised" to bolster its authority. But conflict broke out between the Confessional Church and the Nazis who supported another group calling itself the "German Christians," who wanted to make the church subservient to Nazism.

In the end, hundreds of Confessional Churchmen including Niemoeller, were thrown in jail over the issue, which stands against any idea of an alliance between Hitler and the Christian Church. See the details in Shirer pp 237-240.

It would be educational for holocaustomaniacs to read John S. Conway's *The Nazi Persecution of the Churches*, 1933-45, and then they may be convinced that any "alliance" between Nazis and Christians, to "persecute" Christians or anything else, is untenable to all but the most dedicated of Christophobes, blind to evidence.

### Roman Catholicism

Pope Pius XII has been condemned by Holocaustomaniacs for not protesting the extermination of Jews during WWII. But, as revisionist historians have shown, although there were slaughter of Jews, as well as non-Jews during WWII, there was no systematic plan of "extermination." If there had been, the Papal intelligence service would have known about it.

It's not necessary to endorse Roman Catholicism to accept this: it is a matter of he facts of history. It's been said that Hitler based the organization of the SS ("Blackshirts") on Jesuit lines, but this did not indicate commitment to Jesuit ideals, or to Christianity. It would be interesting for Holocaustomaniacs to read Heinz Hohne's classic The Order of The Death's Head, where it's pointed out that attempts were made to humiliate SS men, whether catholic or Protestant, who refused to leave the church. No SS man could rise to command while still a church member. No clergyman could officiate at weddings.

Nevertheless, many Germans refused to leave the church. In the **Allgemeine-SS**, two-thirds of the members never left the church. In the combat arm of the Waffen-SS about 47% remained in the church, while in the Totenkopf-verbande concentration camps, 31% remained Christian. Even in Hitler's hide-away, "Eagle's Nest", several people attended Sunday Mass!

Why didn't Pope Pius XII excommunicate Hitler? Because that would have been a political stance, when the Vatican was officially neutral, and could have resulted in a backlash against Catholics in Nazi territory. The Pope wanted to escape such a backlash. It made no oficial endorsement of the Allies or the Germans. If the Pope had officially supported the Jews, this could also have led to their greater persecution.

### Zionists "Sell Out" Jews

That the Jews suffered during WWII is not denied, (although the "goyim" suffered in greater numbers). Not all Jews support Zionism. In fact, an anti-Zionist book written by a Jewish rabbi, Shonfeld, titled The *Holocaust* Victims Accuse (Neturei Karta of USA, GPO Box 2143, Brooklyn, NY 11202, USA, 1977) documents the way in which Zionists collaborated with the Nazis during WWII and "sold out" the Jews, heedlessly sacrificing Jewish lives to promote their dream of occupying Palestine. Zionist agents refused to supply aid to Jewish refugees, whereupon the Jews turned to Christian relief agencies. These Christian relief agencies "agreed to help them only after they became aware, to their great astonishment, that the Jewish organizations were withholding all aid." (p.2). This is a remarkable admission, coming as it does from an anti-Christian source! Rabbi Shonfeld also commented that: "the rumors that they came under the sponsorship of the missionaries were designed to make them hated by the Jews outside of Eretz Yisroel." (p.2 Holocaust Victims Accuse).

The reality is that individual Protestants and Catholics actually sheltered the Jews, and their reward is to be accused of "promoting the Holocaust!"

Much more could be said, but this is sufficient tp prove the accusations that Christians are "morally responsible" for the holocaust is a complete lie, one designed to "demoralize" Christians and entrap them by lies, which some apostate Christians have endorsed, and even one that may be popular in Jewish History sources but which remains a lie for all that.

### "HATE" A New Crime?

Courtesy THE JUBILEE, PO Box 310, Midpines CA-95345 U.S.A.

There is no

**Biblical law** 

against

hating.

Editorial by Paul Hall

"...a time to keep silence, and a time to speak; A time to love, and a time to HATE." Eccl. 3:7-8

"The fear [love] of Yahweh is to HATE evil." Prov.8:13

The scripture is clear, hate is a thought pattern which people are supposed to have. When hate is involved we adopt certain emotion just as we do when we love. In society people are expected to hate tax protesters, people who have gun collections and those who resist the government. Hating evil however, does not seem to be the "in thing"

these days, mainly because that which is good is now evil and that which is evil is now good. (Isa.5:20)

Our government and certain others are working diligently to make hating (certain people) a crime. Hating gays

for example, and speaking against them, will be and now is (in some areas) a crime. But what is a crime?

Bouvier's Law Dictionary says it is "An ACT committed or omitted in violation of a public law..." Webster's says it is "An ACT which violates a law, divine or human." In order for crime to exist some unlawful ACT must be committed. Is quoting the Bible or expressing an opinion a crime, even if it offends others? Again, there needs to be an unlawful ACT associated. What is an ACT? Mr. Webster defines it thusly: "To exert power; To be in action or motion; to move.

Calling a homosexual a "sodomite" is Biblical. Generally however, killing a homosexual without a trial is not. It is bad enough Christians have allowed man to "legalize" homosexuality but now homo-perverts and government must keep others from speaking truth about their crime(s). Darkness "hates" light and cannot afford to be exposed - for TRUTH always prevails in the end.

Webster defines hate as: "To dislike greatly; to have great aversion to." In other words, it is a thought pattern which may determine our ACTions or behavior. Examine the phrase HATE CRIME next to MUR-DER CRIME. Now read it this way: CRIME OF MURDER - CRIME OFHATE. Murder is a crime (not to be confused with killing) whereas hate is not. There is no Biblical law against hating. And until now, not even man had laws against it. Keep in mind that man is not authorized to make any law that violates or amends Yah's Law.

It is fine to try someone for an unlawful ACT (crime) committed against a person which is motivated by hate - but it is quite another to try someone for having the motivation who has not committed any unlawful ACT (crime) violent or otherwise.

Technically, there cannot be "hate crimes" because hate is not an "ACT" unlawful or otherwise and therefore is not a crime.

'Oh Paul! You're being pharisaical, playing with words...

> Words, my friends, are used to enslave people and are regularly, like clock work, twisted by our government (and others) to make you think one thing while they mean something entirely dif-

ferent (especially in court). What we are doing now is defining and unscrambling the words.

### CASE IN POINT: Trick language.

The following quotes are from our local sheriffs dept. published in a newsletter called "The Neighborhood Watch." The lead story is called "Sexual Assault." We quote, "Sexual assault is ANY uninvited or unwelcome touching or TALKING about the private parts of your body." (Caps mine) ... "Many states now define all forms of sexual conduct carried out against a person's will as A CRIME." I do not condone rape, or even verbal sexual overtones... I want you to notice though how cleverly the "verbal" is included as a crime.

Be careful next time you say "thank you honey" to the little girl behind the counter because women (especially lesbian-homos) are encouraged to report "ANY KIND" of sexual assault and told "don't feel guilty or ashamed." "THOUGHT CRIMES" is what we are facing. If you verbally express a thought (free speech) that is against government policy you can be tried and punished regardless of whether you have physically injured anyone. Someday soon, like Canadian publisher Ernst Zundel, THE JUBILEE and others will be tried for the new "crime of hate." And if hating evil is a crime then so be it - we're guilty.

### Banks move on debt

Farmers carrying unsustainable levels of debt may soon find themselves under pressure from their banks. Banks are apparently attempting to 'clean up' their balance sheets.

The move seems to be prompted by record rural borrowings which have increased 54 percent in four years and now total \$10.9 billion dollars.

The banks appear to be taking the approach that it was better to move bad-debt case out early while they still have some remaining equity.

The Australian Bankers Association has refused to disclose the number of farms facing foreclosure. ABA Director Mr Allan Cullen said the rural sector picture, from the banks' point of view, was "....not too bad" except for several main regions.

### MURDERING CHRISTIANS? by Ed Howes

It is with much disappointment I read of the calls for capital punishment from supposed Christians in this day and age. God's laws were given to control the behavior of the wicked among the righteous. He did not make provisions for the government of the wicked in wicked society. Those who argue for capital punishment, seem to be totally unconcerned that it is not Christians who make life and death decisions but anti-Christ. How many Christian women murder their babies?

Applying righteous judgments to wicked persecutions/prosecutions makes no sense at all and the capital punishment advocate is arguing for pre meditated murder. That is inconsistent. That is anti-Christ. I estimate nearly 50% of the men presently incarcerated for murder in Western nations, have been unjustly prosecuted and convicted. Many are guilty of the crime perhaps, but the evidence was insufficient for conviction, so the conviction was arranged. I believe less than half have been convicted on the basis of a legitimate confession (one witness) and one additional witness, or two witnesses. Many have been convicted on the basis of circumstantial evidence alone and some without any evidence at all.

Men engaged in carousing at some local bar get into an argument and violence erupts. One man dies in the brawl. Another is charged with pre-meditated murder because the victim was highly thought of and some government prosecutor wants to get "maximum justice" (death sentence). The compliant jury knows the man did not go to the bar to murder someone but is told they cannot let this man go unpunished for his deed by a 'not guilty' verdict. So they bring the desired verdict and a man spends 10-40 years of his life in a cage as an animal because he was in the wrong place at the wrong time. And the capital punishment advocates cry - put him to death! A destroyed life is not punishment enough for this scoundrel. God's Law provides sanctuary for the unintentional killer. Western men provide life a cage. Who cries out for mercy? Certainly not the advocates of capital punishment!

God's Law provides for the punishment of false accusers to suffer the fate the accused would have. How about false convicters and false sentencers? Let those whose own murderous hearts would condemn the innocent and falsely convicted in order to punish the guilty, be subjected to the penalties of false accusers. Since there is seldom an attendant call for ustice or mercy from these advocates, let's see how long they want to apply just their favorite parts of God's Law.

A Christian brother is serving 15-30 years in the State of Michigan because his wife said he raped her. No evidence of such behavior existed. None was required, just her perjured testimony. Two of the man's three

daughters are being raised by a lying, drug dependent, bribe taking harlot because "the law" gave her an easy road to divorce and custody. Few Christians have come to this man's aid and he is serving his fifth year of incarceration today, as a caged animal in a constant jungle survival situation. Guilty! - cries the capital punishment advocate. Off with his head! God says so!

It has not escaped my attention how advocates of capital punishment do not call for any procedural justice, as if our only legal problem was the execution of proper sentence. Yet, I cannot believe they think justice is being administered all the way up to the point of sentencing. That makes them hypocrites, plain and simple. Only the righteous can judge righteously. God proclaimed that Israel's priests and civil rulers were to study the books of His Law, all their days. I believe this is not only a requirement of office. but a condition to assume office. It is my opinion there are no men living, qualified by virtue of such extensive education in God's Law, to judge men. It is further my opinion that if such men existed, they would not be allowed any position of authority, except by virtue of divine miracle. So I challenge every advocate of capital punishment to step forward and be tested on the books of the law. By agreement, I will subject myself and family to the judgment of those who pass the test. Those who fail should be executed for placing themselves above the law and therefore, God.

The most common mistake made by such tunnel visioned advocates of death, is belief that Western law is based on the presumption of innocence. The opposite is the case as can be found in the familiar quote itself: "A man is presumed innocent until proven guilty." This is double talk for the presumption of guilt. UNTIL proven guilty implies the man will be PROVEN guilty and it is only a matter of procedure. Therefore, the accused is presumed guilty unless he can prove innocence. If we presumed innocence, the word until would be UNLESS. The ignorant, who are guilty by virtue of their ignorance, are at the ready to judge and condemn, being themselves partakers of all crime. Under such injustice, we have socalled Christians calling for blood. Men by virtue of their own ignorance, unfit to judge in their own homes. Enough!

Most sin results from the violation of the First Commandment of the Ten or the first of the Two Great Commandments summarized by Jesus. A PEOPLE who have no other god before them will have no problem in obedience and mercy. A PEOPLE who worship other gods will have problems right down the line. You cannot solve the baby killing problem, the sodomy problem, the drug problem, the race problem, the fornication problem, the rape problem, or the tyranny problem, without first solving the other gods problem. All efforts to

do so are futile. Has it ever occurred to these single issue "Christians", that God's holy Commandments are given in order of priority? Obviously not! So I say, if you are not prepared to teach the whole truth of God's Law and the whole law, then shut up! - Or off with your head!

In relation to the article on capital punishment it is suggested that the movie AN INNOCENT MAN (available from your video shop) is worth seeing. Aside from a birdseye view of the corrupt (American) justice system and modern prison life, the movie sends a message about the importance of prisoners having someone on the outside who truly cares on the outside and how true justice sometimes demands violent measures. It is an important movie. Enough to shock the ignorant and that is what needs to be done if there is ever to be any popular support for reform. It is rated R for violence and language, and is not recommended for children!!)

I am a 63 year old woman with 3 college yours. Here is what our students say: degrees; have taught school and been a pricipal for 33 years. My husband of 44 years, is a

minister and a teacher, with 3 degrees also. On Dec 4, 1989, I was convicted in a Portland, Oregon courtroom of touching (on the top of her dress) the chest, (one touch), of a  $4\frac{1}{2}$  year old girl in my school. I am writing this letter from my cell w-2 in Oregon Women's Correctional prison in Salem, Oregon. This touch was supposedly for my sexual gratification and supposedly happened during a time when I'd had 2 major back surgeries for ruptured discs.

As in Mr. Hetherington's (another case) story it boiled down to My word against her's. There were no adult (or otherwise) witnesses to this "mode of crime" - no medical report, no pornography, no evidence!! The jury chose to believe the child on the theory that "children don't lie" about sexual abuse. Children's Services Division (CSD) teaches children to lie, by their "leading" questions.

The AMA journal states that a female

does not begin to develop breasts until age 10 or 11!

26 students that were in the class with "Betti" (made up name) testified for me along with their 26 parents (one of whom had a PH. D. in psychology). Also, my teacher's aid and computer aid testified for me: 58 total. One of the prosecutors involved was running for judge and the other one was a Buddhist. It appeared to me that they really wanted to prove that Christians are molesters. They really only proved that one can be "set up" and sent to prison in this tyrannical justice system we have now.

Fortunately, I had a judge who was intelligent and knew I was innocent and he gave me a "NO minimum" sentence. Yet I still have: (1) Lost my reputation! (2) Lost my livelyhood! (3) Lost my home and savings to pay attorney. (4) Have to visit my grandkids with a "responsible adult" present. (5) Give \$800 to the parents of this child for her psychological therapy (when  $\ensuremath{\text{NOTHING}}$  but nice things ever happened to her in my school). Our discipline was a "time out" chair. That's all! (6) Register as a sex offender and be put on a national computer. (7) A felony record.

Homosexual law reform an insult to decent people

If this can happen to a 63 year old LADY with a sterling reputation, and not even speeding ticket on my record, tell me:

What chance does a male teacher have of a fair trial in America, much less a "young" male teacher? My heart bleeds for Wm. Hetherington! The loss of his precious children is bad enough! My appeals will be heard before the Appelate Court of Oregon (in Salem) soon. We shall see if those 3 judges are more interested in their political careers (which boils down to money, and getting re-elected) or in Justice.

They will not be dealing with clearing my name, but with the Lord Jesus Christ who will one day be their judge when EVERY KNEE shall bow and EVERY tongue will confess! He shall judge all with righteous judgment!

America's major media is owned and/or controlled by Jews, thus to get truth, Christians must read between the lines and subscribe to underground newsletters. "Who is the LIAR but the one who denies that Jesus is the Christ?..." (I John 2:22)

The releasing of Nelson Mandela in South Africa has been played up in a big media production. No one knew about the man until the media networks in unison made him known. This in itself proves how controlled the media is and how its' owners use it to vilify or vindicate and to brainwash the dumb goyim.

The February 19, 1990 Newsweek carried an article about Mandela entitled "The Leader No One Knows". The title had as much or more truth than the article, i.e., no one knows the man (except what the media tells them). If the man is not known and has been in prison for the past 25 years, how is it he is worthy of the billling as a LEADER (of renowned status)? Who's he been leading?

The media has elaborated on everything about the man except what he has been in prison for. He was in prison for TERRORISM, but the media forgot to bring out the old film clippings showing all the murder, maiming, and destruction from his previous acts. (If it was a white order member getting released, you can bet they'd repeatedly show old news films of Jewish talk show host Alan Berg Jaying in a pool of his own blood with such captions as "Racist Guilty of Violent Hate Crime Released".)

The media could have elaborated on the fact Mandela is a trained guerrilla terrorist who believes in violence.

The following quotes are taken from the Newsweek article: "He took guerrilla training in Algeria... Five years ago prime ministers started tempting him with offers of release; if he would go into exile, if he would move into Transkei "homeland", if he would RENOUNCE VIOLENCE." He turned them all down. In case you are wondering where he got his early training, consider the following quote from the same article; "Sisulu also introduced him to a JEWISH lawyer, a white liberal who took him on as an apprentice."

In truth, the media moguls with their prostitute reporters could have more accurately portrayed the Mandela release as follows:

(Random quotes): "The few laws which actually do protect men from aggression are morally valid. But the true purpose of most laws is to protect the government from the threat of men being free... If a person were to challenge every immoral law, he would soon be in jail—or dead. The legal system, rightly or wrongly is what gives structure to our servitude... Do not

# BLACK RACIST TERRORIST RELEASED

fa by∗line —

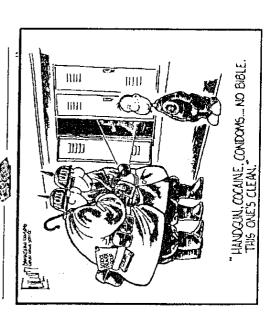

Nelson Mandela, guerrillatrained terrorist, alleged communist and avowed racist who in the 60's vented his racial hatred against the whites with acts of terrorist sabotage was unexplainably released and then heraided as a renowned leader.

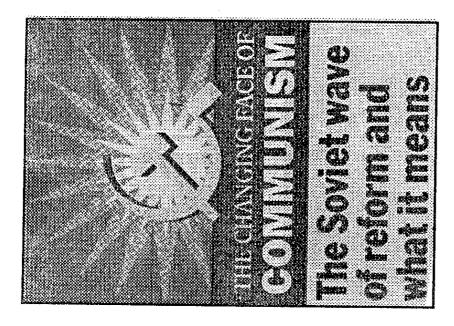

Jesus called the Jewish scribes hypocrites (Matthew 23) and their hypocrisy comes out in the following quote from Newsweek:

Born to lead: Nelson Rolihlahla Mandelawas born to lead. His great-great-grandfather was a famed Transkeian king, his father a royal counselor with four wives. These bloodlines imbued him with a sense of tribal custom and developed in him very useful traits of character: self-confidence, dignity and, when necessary, ruthlessness.

For years the liberal Jewish media has been telling the people "heredity" is of no consequence but rather it's "environment" that's the deciding factor. When certain white people begin to learn and understand that their bloodlines and genes go back to the Bible greats they are labled as racists.

President George Bush invited Mandela to the White House. With such an invite did not America's president endorse violence, armed conflict, guerrilla warfare, terrorism, and racism? But you say, "I thought he was against such activities?" So did II Maybe to him, it just depends who is committing such acts! It's time God's people wake up. (Isaiah, 52:1)

Such newspaper headings are common these days. My how easy it is to deceive the sheep once they are removed from the shepherd. (Matthew 7:15)

In "November 1987" in a speech to the Soviet Politiburo, Mikhail Gorbachev said: "Gentlemen, Comrades, do not be concerned about all you hear about glasnost and perestroika AND democracy in the coming years. These are primarily for outward consumption. There will be no significant internal change within the Soviet Union, other than for cosmetic purposes. Our purpose IS TO DISARM THE AMERICANS and to LET THEM FALL ASLEEP. We want to accomplish three things. One, we want the Americans to withdraw conventional forces from Europe. ### City fines man \$26,500 for refusing to fix tire

A Fort Lauderdale News & Sun-Sentinel Report MIRAMAR — Johnny Turner figured it was his driveway and his cat, so why were these guys from the city ordering him to fix the flat lire on the yellow Plymouth in front of his house?

For six months, he ignored them. Then they slammed him with a \$26,500 fine.

The fine is more than Turner, 40 makes in a year at his job as a security guard.

Turner's attitude prompted the city Code Enforcement Board to order the daily fine until it reached \$75,000 or Turner changed the tire, Hamilton said. The fine accrued from July 25 to Nov. 7, when Turner got rid of the car.

For got find on the car.

The board is scheduled to decide in February whether to stick with the \$26,500 fine, reduce the amount or drop it.

If Turner does not pay the fine, the city can put a lien on the house he bought for \$89,000 in 1980. The Bible has little to say concerning the number of pets per household, but it has much to say concerning the underlying principle of this article.

You let local government dictate to your neighbor how many cats he can have in his household and it won't be long before your neighbor lets the Federal government tell you how many children you can have in yours.

Just a little tidbit from the "Land of the Free and the Home of the Brave". Mr. Turner thought it was his driveway and his car because slaves are encouraged to so think. The truth of the matter is, conquered slaves own nothing. As we point out in our "America the Conquered" series, all the slave has to do is anger his masters and then he'll discover who owns what.

Il Corinthians 3:17 says, "...where the Spirit of the Lord is, there is liberty." It can also be said and applied to our land that where the Spirit of the Lord is not, there is no liberty.

City council has given prelimi-

HAIFA, Israel — Nineteen members of a Soviet family who immigrated to Israel this week may have to find another place to live after disclosing that they are not Jews but members of a Christian sect.

Pyotr and Alexandra Trofimov arrived in Israel with 17 children and grandchildren on Dec. 31 after emigraling from the Crimean

city of Simferopol.

Like Jewish immigrants to Israel, the Trofimovs were granted automatic citizenship and given certificates entitling each family member to \$175 and extensive housing and education benefits. They were housed in three apartments in the port city of Haifa. The government apparently learned through news reports later that the family is not Jewish but Pentecostal.

### 'Jewish Experience' emphasizes Americans

PHILADELPHIA — The letter to Pearl Cohen, dated March 17, 1928, is polite but curt:

"My Dear Miss Cohen: We are sorry to inform you that it is not our policy to accept students of Jewish nationality," wrote the assistant director of the Katharine Gibbs School, "We are, therefore, not forwarding our catalogue..."

A copy of that correspondence is among the more than 350 objects and images in "The American Jewish Experience," a new permanent exhibition that opened last week at the National Museum of American Jewish History in Philadelphia.

Rightly did Jesus call these people HYPOCRITES. (Matthew 23)

When Christian people refuse to allow the anti-Christ (I John 2:22) into their society, they grunt and groan like constipated rats but they openly pass laws against Christians and forbid them to be citizens in their BANDIT state.

Such hypocrisy can only be matched by going to America's Judeo-Christian churches and hearing the Baal priests tell how these are God's chosen people and we must continue to support
