HERD AND RANGE MANAGEMENT

by Pastor Peter John Peters

This article is for those, the remnant, with eyes to see and ears to hear, for those with the oil of understanding in their lamps. To those of the world it will be but foolishness, yea even bordering lunacy, for the masses will not look upon, nor hear, and certainly not believe the words of Jesus Christ concerning certain men. The masses have been brainwashed into believing in the concept of the brotherhood of mankind and that all men are the same and are so viewed in the eyes of our God. Not so!

Our great God and Savior, Jesus Christ (Titus 2:13) has told us some men are Sons of Hell and are of their father the devil, desiring to do the will of their father, who was a murderer from the beginning (John 8:44). When such men get in positions of media control and high ranking government positions, it becomes a danger to His people.

In our tape series entitled *Power, Prophecy, Destruction, and Deliverance*, [#S-885 to S-896, 12 tapes @ \$50 the set, or \$5 each] we address in pt 12 the ‘man’ of II Thessalonians 2:1-12, described in the NASV as “*the son of destruction,*” “*Man of lawlessness,*” and as one who sets himself up as God. The apostate church world is looking for such a man when in reality he is already here. He is Esau-Edom, a people.

Richard Hoskins once told me a once-upon-a-time history story he is so well known for. The story was about Frederic the Great, King of Prussia, who, when asked if he felt bad seeing so many of his young soldier boys die in his campaigns, replied he did not, and that they were going to die in twenty years anyway. The story illustrates why the masses need to understand how their leaders view them.

Those who, as Jesus said, want to steal, kill and destroy (John 10:10) and see themselves collectively as God, view the people as cattle to be milked, sheep to be fleeced and animals to eventually be slaughtered. They think they own the cattle on a thousand hills (Psalm 50:10) and so they are into herd and range management.

Coming from a ranching background, this preacher understands the concept of herd and range management. First, let’s consider range management. The range can only handle a certain number of cattle without being hurt. One does not want to overgraze the range, lest it cause the onset of weeds, soil erosion and such. Also, the part of the range you do not want the cattle in, you fence off to keep the cattle out. To the wicked the world is theirs (Isaiah 10:14) i.e., their range, and they see a need to lower the population so as not to overgraze it, i.e. over consume the natural resources. The scenic parts; they fence the cattle out. In other words, they close up access to the national parks and national forests, certain beaches, canyons, etc. [or World Heritage Listed areas, CIM]

With range management comes herd management, known in agriculture as animal husbandry. If you are going to limit the size of the grazing herd, you’ve got to periodically do what a cowboy calls **culling the herd**. That is, get rid of the cullers. The cullers include the old who are no longer productive, the unmanageable (like the fence jumpers), the ones that don’t want to be part of the herd, or even the cow that is overprotective of her calf, making it difficult or dangerous for you to catch, tag, brand and/or castrate it.

Now the Bible tells us there are men who view the people in exactly this animal-like fashion. It happens when God rejects His people. “*Yet for your sake we face death all day long, we are considered as sheep to be slaughtered. Awake, O Lord! Why do you sleep? Rouse yourself. Do not reject us forever.*” Psalm 44:22-23.

All this brings us to the subject of forced vaccinations which, in the opinion of this writer, are the plagues of Babylon (Revelation 18:4) which is for the purpose of population, or herd reduction.

This part of this article truly is for the remnant, for the masses are so seduced that they call good evil and evil good, just as Isaiah prophesied (Isaiah 5:20). In other words, it’s become an Alice in Wonderland world where everything is just the opposite. This is particularly so in the area of vaccinations. Vaccinations spread ill health and disease, they do not prevent it. (order the booklet, **Warning: Vaccinations are Dangerous**, #024 @ \$4.00; or the book, **Murder By Injection**, by Eustace Mullins, #641 @ \$30.80).

The views and opinions expressed in the articles herein or herewith are those of the authors and not necessarily those of CIM. They are written by fallible men. You must ask Jesus to guide your studies!

All this brings us to the subject of smallpox vaccinations. The government is telling us the disease or biological weapons that terrorists will use is smallpox. (One wonders, of all the disease-weapons of choice supposedly available to these illusive so-called terrorists, how does the government know it will be smallpox?) The government is so sure of this that it is, according to news articles in "USA Today" 29-Nov-01 & 24 Oct 01, contracting for vaccine production to vaccinate everyone! Note the following quote from the October 29, 2001 "USA Today" news article entitled 300 million doses, just in case. "We want 300 million doses so that every American can be assured there is a dose with his or her name on it, should it be needed" Health & Human Services Secretary Tommy Thompson said Tuesday." The quote indicates they are not just planning to make the vaccine and vaccinations available, but plan to have your name on it also. In other words, the plans are FORCED VACCINATIONS. [I saw another article which said that Wisconsin had passed legislation requiring forced vaccination with a penalty of \$10,000 and/or 6 months jail for non-compliance! Be warned. CIM]

Forced vaccinations will help round up and corral the unmanageable cattle that all the herdsman cull. I remember many years ago as a young cowboy and wrangler leaving the Sandhill ranch country of Western Nebraska, and going to work for Jim Lynch, who at that time was the foreman of a beautiful Colorado mountain ranch near the Continental Divide. I found working and driving cows there to be much different and more difficult because of the terrain. One day I was swearing profusely on a cattle drive at some cows that had ducked off into the timber (I was not a Christian at the time), and Jim Lynch came riding up grinnin' and said, "you know Pete, the problem is ya gotta be smarter than the cow." This insulting jest, of course, didn't help my disposition any. Well, these evil herdsman are smarter than the cows. The fence jumpers, the ones that won't stay with the herd and the ones that serve as unruly leaders of the herd are hard to round up and corral. But forced vaccination will make it easy.

First of all, those critters will be easy to identify, because they will refuse the vaccine. The propaganda will then be that those who refuse the vaccine are a health hazard to the rest. Of course, this is crazy, for if the vaccination is supposed to work, then the one getting vaccinated is getting vaccinated so they can't get the disease. How then is the non-vaccinated a health threat to the vaccinated? But then, it's an Alice in Wonderland world where everything is opposite and good is called evil and evil called good (Isaiah 5:20). Since the un-vaccinated are now the health threat, they have to go to FEMA Quarantine Camps (we don't yet call them concentration camps) and so the unmanageable cattle are easily corralled. If they choose to take the vaccine rather than the corral (concentration camp), and they are already on the herdsman's list to cull, then rest assured that their vaccine (with their name on it) will have its own "special" ingredients.

There may be some cows, as there often are in a herd, that gets to thinking the calf at her side belongs to her, and she can become overly protective to the point it's dangerous for the cowboy to walk in the corral with her or try to tag, brand or castrate the calf. That cow needs culling as well. You want a cow that's a good mother cow and provides milk, etc., but not overly protective. In the goyim herd (goyim means cattle to the wicked), a mother who won't let her child be educated by

the state, or ear-tagged by the state, etc. will most likely not favor forced vaccination on her child. So off to the quarantine camp, for such a cow needs culling.

The old cows that no longer efficiently produce would be those on social security. Their immune systems are weaker and thus they cannot handle the vaccination as well. Though it's not been made known, the truth is, if it were known, that many of the elderly who submitted to the swine flu shot in the late seventies (see: *The Great 1976 Swine-Flu Caper*, #207 @ \$3 for 10) died over the next year of various ailments. That was the purpose of the shot, according to many underground reports at the time from those in the know.

Even the younger in the herd that possess not a strong immune system can be affected by the vaccination, but then you as a herdsman don't want them reproducing either.

On another point, these herdsman are promoting cross-breeding also, by the imagery of blacks and whites and yellows and browns inter-mingling and interracial breeding. Is it any wonder they call us dumb goyim? (Remember, goyim is their code word for cattle).

The fact that the government is not concerned about the death of millions of people is seen in the same "USA Today" newspaper wherein it speaks of the government not allowing the people to have access to its stockpiles of potassium iodide. The newspaper further states the great potential of terrorists either exploding a nuclear bomb or what is called a

"dirty" bomb, using dynamite and radio-active material.

On that note, probably every household should have a month's supply of potassium iodide. Potassium iodide is reported to prevent radiation from killing off the thyroid and/or the thyroid cancer that can be caused by radiation. [If you want to find out about ordering Potassium Iodide, contact Dr. Junker, 100 E. 9th Street, Kimball, NE 69145, USA]

The bottom line is we have come to a point when we must recognize that we are indeed vulnerable livestock at the mercy of unscrupulous men, IF WE HAVE LEFT OUR SHEPHERD, but if we, as sheep of His pasture, return to the Shepherd and guardian of our soul, He can and will save us. "To grant us that we, being delivered from the hand of our enemies, might serve Him without fear, in holiness (separation) and righteousness before Him all our days." (Luke 1:74-75). -----

and from a letter to Pete Peters:

Dear Pastor Peters: I have recently come across something I thought was very interesting about the abortion pill RU486.

Since hearing the term RU486 I thought it to be peculiar and felled compelled to investigate. To make this story short: Looking up this number in Strong's Concordance, I noted that the #86 in the Greek is the word "Hades," (a place of departed souls, hell, death). Therefore, RU486 could be translated, "Are you for death," or "Are you ready for Hell."

This may be coincidence but I found it interesting. Perhaps you could comment about this on one of your messages. Thank you! *Mississippi*.

NOW AVAILABLE THE SEPTUAGINT

in Greek/English, Brenton Translation.

The Septuagint is the Old Testament in Greek translated 280 years before Christ. It is not only quoted verbatim in most N.T. quotations of the O.T., but was prominently used by the earliest Christians and Israelite Diaspora. It was used by Christians for 1500 years of our history; only in the last 400 years has it been supplanted by the (Jewish) Masoretic so-called Hebrew O.T. which did not exist until 1050 AD. If you are serious about studying the Scriptures, you must have a Septuagint!

COGNITIVE DISSONANCE: RECIPE FOR TOTALITARIANISM

Don Harkins, Idaho Observer

Entry level college psychology classes introduce the "balance theory" and the concept of "cognitive dissonance." While most of us take Psychology 101 to satisfy a science requirement en-route to earning a college degree and forget what we learned after being awarded credit for passing the class, advertisers, the news and entertainment industry and governments use such behavioural "theories" to influence people's behaviour.

According to the balance theory identified by Psychologist F. Heider in 1958, people are motivated to maintain harmony with their perceptions, beliefs and attitudes. If, for instance, we share the same attitudes with people we trust and respect, all is well and balanced. If we disagree with people we trust and respect we become concerned because the disagreement leaves us in a state of "non-balance."

Conversely, if we disagree with the position of somebody that we do not like, we are able to maintain balance and we may feel non-balanced if we agree with the position of a person whom we do not like.

People who intend to control our behaviour understand that we strive to be balanced. Governments, advertisers and the news and entertainment industries design elaborate programs around the knowledge that we do not like to think that our attitudes are inconsistent with our behaviour.

Cognitive dissonance theory, published by Psychologist Leon Festinger in 1957, is the awareness that two or more beliefs (cognitions) that we hold are contradictory. "Awareness that two cognitions are dissonant, or that our cognitions and our behaviour are contradictory, is sufficient to motivate us to reduce the discrepancy," wrote Spencer Rathous in Psychology, Fourth Edition.

"Cognitive dissonance is an unpleasant state that is accompanied by heightened arousal. Thus, one motive for eliminating cognitive dissonance may be to reduce our arousal to a more optimal level," wrote psychologists Croyle and Cooper in 1983.

Governments in particular, with the aid of the dominant news media, intend to control public perceptions and behaviours by incessantly employing scenarios which create cognitive dissonance among the masses. This is the recipe for totalitarianism. According to the work of Festinger and others, if you present people with a concept that contains properties that are in conflict with one another, in order to restore balance, people have a tendency to ignore the discrepancy - sweep it under the rug.

An excellent example of how cognitive dissonance works in contemporary society is the issue of vaccines as a method of disease prevention. For people who believe in the Bible, there is no doubt that God places tremendous importance on blood. The Old Testament in particular labours the importance of blood and blood purity and that the corruption of blood is against the wishes of God.

Vaccines when injected into the body are a direct corruption of blood. Vaccines, according to vaccine manufacturers, contain live and dead virus from any number of animals (pigs, monkeys, cows, sheep), "foreign RNA and DNA (from animals but the vaccine manufacturer is not even sure from which animal the RNA and DNA came from)," aluminium, formaldehyde, mercury and other sub-

stances that are toxic to people.

On one hand we have God commanding that we maintain the purity of our blood or be subject to his wrath. [Didn't we hear about an earthquake in Tasmania, and a severe storm in Northern NSW, and another fire in Colorado? CIM] On the other hand we have the government forcing us, by law, to accept vaccinations as being good for us and for public health.

Rather than obey the wishes of God or disobey the mandates of government, people simply stand in line for their vaccines and would rather not discuss the issue in an introspective fashion that would cause them to be unbalanced and cognitively dissonant.

The power to control people in this manner was discovered much earlier than 1957. Protocol No 5 (regardless of what you may think about the **Protocols of the Learned Elders of Zion**, 1905, it reads as if it were a blueprint for the enslavement of the people of the world) states that, "*In order to put public opinion into our hands*

we must bring it into a state of bewilderment by giving expression from all sides to so many contradictory opinions and for such length of time as will suffice to make the (manipulated) lose their heads in the labyrinth and come to see that the best thing is to have no opinion of any kind in matters political, which it is not given to understand, because they are understood only by him who guides the public. This is the first secret." [the **Protocols of the Learned Elders of Zion**, #463 @ \$4.90, or the larger version **Protocols with Explanatory Notes**, #464 @ \$18.10]

We only have to go back in history a few short months to the Clinton/Lewinsky scandal and the impeachment process to see how "the first secret" works. By the time the Senate decided to keep Clinton in office, the American public was so confused and disgusted that it was happy to move on to being confused and disgusted over the bombings of Iraq.

For many of us who have been frustrated in our attempts to awaken the American public as to our collective peril, now we can understand why most people refuse to awaken - they have been purposefully fed a full menu of contradictory concepts so that their only unconscious recourse, in an attempt to maintain "balance" (sanity) is to bypass the contradictions and continue living their lives with intended ignorance.

CHRISTIAN ECONOMICS: A FOUNDATION IN LAW by Ian Hodge

The Christianity that gave us Magna Carta also gave us a much longer and more Biblical explanation of the Eighth Commandment. In the seventeenth century, Christians were struggling to define the Faith. In the aftermath of the Reformation, claims that the true Faith was to be found in Catholicism, Lutheranism, Calvinism, or a host of other - isms on the rise at the time needed to be defended by their proponents. One such group in England gave us the Westminster Confession of Faith and its accompanying shorter and larger catechisms. In the Larger Catechism we find an older, and more comprehensive, understanding of the Eighth Commandment. In their peculiar fashion, the framers of the Westminster Stan-

New Book

"An Urgent 11th Hour Message - What is Coming & What to Do"

Pastor Peter J. Peters

A 48-page book in A4 format. An urgent message designed to prepare the saints for the marriage supper of the Lamb. Some may take issue with some of these teachings but in part 10 & 11 are the most important, and best taken seriously by those who want to be part of the marriage supper crowd. Order your copy now!

dards gave us a positive and negative view of the commandment. "Thou shalt not steal" has positive duties, they said, as well as things forbidden.

Question 141, *What are the duties required in the eighth commandment?*

Answer: *The duties required in the eighth commandment are: truth, faithfulness, and justice in contracts and commerce between man and man; rendering to everyone his due; restitution of goods unlawfully detained from the right owners thereof; giving and lending freely, according to our abilities, and the necessities of others; moderation of our judgments, wills, and affections concerning worldly goods; a provident care and study to get, keep, use, and dispose these things which are necessary and convenient for the sustentation of our nature, and suitable to our condition; a lawful calling, and diligence in it; frugality; avoiding unnecessary lawsuits and suretyship, or other like engagements; and an endeavour, by all just and lawful means, to procure, preserve, and further the wealth and outward estate of others, as well as our own.*

Practical Application

Consider the clauses and their implications: "Truth, faithfulness, and justice in contracts and commerce between man and man" forms the basis of our Western ideas of commerce. Every time we order goods and services over the phone, Internet, or by mail, we expect to receive the items as they were explained to us. We expect honesty in the description of goods, just as sellers expect the honesty of our checkbooks when they receive payment. We get these things most of the time. This is what makes commerce possible, and is a major cause of the economic advancement of the West. Without trust, suspicion arises, and suspicious people do not trade so readily with others.

"Rendering to everyone his due" is a strange clause to find in a commandment against theft, until we realize that God has ordained a non-democratic view of the world. While people may be equal in many respects, their positions are not. Fathers have certain responsibilities in the home. To deny these is to steal from the father his ability to carry out his God-ordained functions. God has also given the owners of property certain obligations, and it is our duty to ensure we do not steal the business owner's rights of ownership and their attending duties. By the same notion, heads of families and heads of businesses must not steal from those under them. This is revolutionary stuff in the modern boardroom and family. But its application in a godly manner would go a long way toward making better families and more industrious industries.

Restitution

"Restitution of goods unlawfully detained from the right owners thereof," is often thought to be a relic of the past. But the framers of the Westminster Standards understood restitution as an application of the moral law. There is a direct application of this in penal law and the punishment of thieves. Everyone knows that a thief should repay what he stole - everyone, that is, except the learned judges of our courts who do little to make thieves repay to the victims that which they stole. This idea prohibits the claim of the state to eminent domain, and requires that even the state make restitution when it takes that which does not belong to it.

"Giving and lending freely, according to our abilities, and the necessities of others" is something that makes it big

time at Christmas, but the rest of the year often takes a lower priority. Yet it is this heritage, deeply rooted in the kind of Christianity explained in the Westminster Standards, that benefits nations around the world. How many countries benefit from the economic aid handed out by the United States, Great Britain, Australia, and other nations of Western Europe? In Africa, which country has the ability to give aid, and how many are the recipients of aid? The generosity of those nations influenced by Christianity is remarkable, and a hangover of Biblical Faith as explained in this part of the Larger Catechism.

"Moderation of our judgment, wills, and affections concerning worldly goods" means that money is not the highest priority in life. It is sad that many businesses, often in the name of Christianity, use wealth and its accumulation as the major motivator for staff. It would be better if we could help our staff see that wealth is not the end goal of life. Living the way God wants us to live is more important, and this could well come at the expense of worldly goods.

"A provident care and study to get, keep, use, and dispose these things which are necessary and convenient for the sustentation of our nature, and suitable to our condition" requires us to get out of bed and go to work. We have a duty, it is claimed, to "get, keep, use and dispose." These may seem contradictory. How can we both keep and use things? By making right judgments about the present and the future. We must dispose of some things now. Others

should wait. This is the same when we consider how to keep and to use things. We cannot do both at the same time, but we can certainly learn to make better judgments about the use of the things we possess now.

Lawful Callings

"A lawful calling, and diligence in it" implies there are some callings that are not lawful and, therefore, not available to us. It is not too hard to work out which callings we should keep away from: prostitution, porn business, thieving and murder are just a few.

"Frugality" encourages us to consider how we might use our resources. Wealth is not easily obtained and, therefore, we should be careful in the way we use it. This does not imply miserliness, another problem that needs our attention. But it does encourage us to make sure that when we use our resources they are not just frittered away.

"Avoiding unnecessary lawsuits and suretyship, or like other engagements" is a reminder that some lawsuits are unnecessary. It is also a reminder that we should avoid suretyship - being a guarantor for a borrower. This applies to us as well as others, and would go a long way toward restoring sound money in our system, which is currently dependent upon debt (read *Billions for the Bankers, Debts for the People*, #104 @ \$3.00, and *Omar*, see box), and of those who use debt to maintain the lifestyle by having borrowed against the future.

Here is our final duty outlined, an obligation by all just and lawful means, to "procure, preserve and further" our own wealth as well as the wealth of others. The implication of this is broad. This duty calls for a balance of our own desires against the desire of others. We have a duty to get wealth; we have a duty to help others become better off. We do this by exchanging goods and services with

Awaken your friends to the wickedness of the money system!

Omar & Goldsmith of the Temple of
The 13 Suns

A comic strip type history of how the money system came into being, with gold being exchanged for paper - and how it was manipulated by those who lent it out at interest. You will be amazed, as will your friends.

HOME LIFE OF HOME-SCHOOLER

My name is Texas King (Yes, I am from TX), I am fourteen and I have three brothers and four sisters. A lot of people think my parents are crazy for having so many children! Well, you might too, but the fact of the matter is, that's what Yahweh said to do in Genesis 9:1 "God blessed Noah and his sons, and said unto them, Be fruitful, and multiply, and replenish the earth." (KJV)

Now-a-days a lot of people have two children, I wonder what made them think to stop at two? Is it because they don't think they can support a big family? Well, they're right. They can't support a big family, unless they have **faith**, and **trust** in Yahweh to provide! Not only did Yahweh say to have children, he said in his word: "**Lo, children are an heritage of the Lord: and the fruit of the womb is his reward.**" (Psa 127:3 - KJV) The NASV says "... Children are a gift ..." my Dad likes to say "we are a blessing"!

All of us are home schooled. Mom and Dad have taught most of us how to cook, clean, work and play! The three eldest in my family play the piano and we are in a home school sports group. I'm glad that we are home schooled, because we're not only getting a good education in just about everything, we're also getting a *Christian* education.

Since my Dad owns his business everybody gets to help out and learn how to be responsible for their actions. Our parents have taught us, that to live together, you have to work together, love each other and have faith in Yahweh, He will provide.

So to all those young people everywhere, I hope that Yahweh will bless you and make you fruitful. I pray he will do the same for me!

In Yahweh's name, amen. **Texas. The Jubilee.**

WORLDLY KAZILLIONAIRE OFFERS POINTERS FOR YOUTH

Bill Gates, love him or hate him, he hits the nail on the head with this! To anyone with children of any age, or anyone who has ever been a kid, here's some advice Bill Gates (founder of Microsoft) recently dished out at a high school graduation about 11 things they did not learn in school. He talks about how feel-good politically correct teachings created a full generation of kids with no concept of reality and how this concept set them up for failure in the real world.

Rule 1: Life is not fair - get used to it.

Rule 2: The world won't care about your self-esteem. The world will expect you to accomplish something BEFORE you feel good about yourself.

Rule 3: You will NOT make 40 thousand dollars a year right out of high school. You won't be a vice-president with a car phone, until you earn both.

Rule 4: If you think your teacher is tough, wait till you get a boss. He doesn't have tenure.

Rule 5: Flipping burgers are not beneath your dignity.

Your grandparents had a different word for burger flipping - they called it opportunity.

Rule 6: If you mess up, it's not your parent's fault, so don't whine about your mistakes, learn from them.

Rule 7: Before you were born, your parents weren't as boring as they are now. They got that way from paying your bills, cleaning your clothes and listening to you talk about how cool you are. So before you save the rainforest from the parasites of your parents' generation, try delousing the closet in your own room.

Rule 8: Your school may have done away with winners and losers but life has not. In some schools they have abolished failing grades and they'll give you as many times as you want to get the right answer. This doesn't bear the slightest resemblance to ANYTHING in real life.

Rule 9: Life is not divided into semesters. You don't get summers off and very few employers are interested in helping you find yourself. Do that on your own time.

Rule 10: Television is NOT real life. In real life people actually have to leave the coffee shop and go to jobs.

Rule 11. Be nice to nerds. Chances are you'll end up working for one. **The Jubilee**

HOW TO LIVE A LONG LIFE

• According to Proverbs 3:1-12 there are at least 10 things you should do to live a long healthy life and prosper. List them on a piece of blank paper and hang them on your bedroom door for one year.

• According to Deuteronomy 8:1-6 Yahweh said he ran our forefathers through the desert for 40 years to teach us some things. List three.

• According to Deuteronomy 6:1-3 there is one main thing you must do to live long. What is it?

Memorize this!

How many of you know the words to meaningless songs and can quote lines from stupid movies but don't spend time to memorize the words that give meaning to life? Memorize this verse and one a day for the rest of your long life!

Deuteronomy 5:33, "You shall walk in all the way which Yahweh your God has commanded you, that you may live, and that it may be well with you, and that you may prolong your days in the land which you shall possess."

WHAT'S UP WITH THAT?

Dear Jubilee Teen Editors:

Thanks for having this section in your paper. I don't have a problem asking my parents anything. But I am glad you have this so other kids can ask questions and the rest of us can learn from it. I will ask this for a friend (honest!) who is afraid to write you guys.

She is 17 and has a boyfriend. He doesn't want to wait for a marriage ceremony because he says it isn't necessary, because once he and her get together they are married like Jacob did with Rabekah. I say they should have a ceremony and she thinks so too. What do you think? Miss G.

Dear Miss G.

Marriage is a covenant which is a matter of law. To make the covenant complete, God (who instituted marriage), has to be a part of the covenant. Without God you have sexual activity and no responsibility/accountability. The marriage ceremony is basically the man and woman making a vow to God that they will stay together and not

dishonour the institution of marriage. This is done in front of witnesses - hence the groomsmen (bridesmaids). Also, the father of the bride needs to give the woman to her new covering (husband) [otherwise the husband is stealing the woman from her father]. In Isaac's [not Jacob's] case he already had the father's blessing. He merely consummated the marriage [no doubt after a time of feasting]. Your friend's beau needs to slow down and examine his responsibility to her father and God.

Is The Green Pasture of the American Dream Turning The Colour of Klamath Falls Grass?

Compiled by Don Harkins, *Idaho Observer*
- American Media Association -

KLAMATH FALLS, Ore. - The federal government shut off farmers and ranchers' access to irrigation water this last spring in an effort to preserve the habitat of the suckerfish. The result has been the parching of an entire region in southern Oregon/northern California known as the Klamath Basin.

Farmers have lost their crops. Ranchers cannot feed or water their livestock. Migratory water fowl and indigenous wildlife species have died or have left the area in search of water.

It would appear that protecting the habitat of the suckerfish is not the true intent of federal water control policy in the Klamath Basin. *Wall Street Journal* features editor Kimberley Strassel more accurately described the feds' true agenda in the region as "rural cleansing."

"This is what's happening in Klamath - call it rural cleansing - and it's repeating itself in environmental battles all over the country. Indeed, the goal of many environmental groups - from the Sierra Club to the Oregon Natural Resources Council (ORNC) - is no longer to protect nature. It's to expunge humans from the countryside," wrote Strassel. ----- for a complete update on the K-Falls story visit: www.proliberty.com/observer ----- Visit www.sierratimes.com to get the full report, it is required reading.

WORLD BANK WATER POLICY

According to the World Bank, water represents one of the last frontiers of corporate exploitation. It views water as a resource that is to be controlled by a few who will be trusted to harvest the water and distribute it among the peoples of the planet who will all pay the same amount for the life-giving element. In other words, if the well on your property gives you 20 gallons per minute, there will be a meter on it and you will pay the same amount per gallon for your water as a farmer in Ethiopia who has no well of his own.

The events that have shaped federal water control policies in K-Falls and in every federal irrigation district in the western U.S. are being driven by World Bank Water Policy. Welcome to the global commons where the commoner is forced at gunpoint to share his wealth while those who are charged with redistribution of wealth reap incalculable rewards.

It should be noted that SierraTimes.com has been giving excellent coverage to what may turn out to be the biggest public relations blunder ever made by those who use "endangered" species to erode property rights in America. SierraTimes.com posted a photo showing the Klamath Falls Presbyterian Church's lawn - it has turned brown by federal water policy.

The site also posts a current photo of the Klamath

Ranger Station. Any guesses as to what color the federal laws may be?

Hint: it is not brown! ••

ELECTRO FREQUENCY THERAPY

-The Cancer Cure That Works-

Sam Spade

I have read "The Cancer Cure That Worked" by Barry Limes which is the story of Dr Royal R. Rife's work. Barry was assisted by Dr Rife's partner John Crane of San Diego.

I spent two afternoons interviewing Mr Crane in 1991, before he passed away. Because Mr Crane was acting as a co-author of the book, it is very accurate as to the actual truth and history of the events. (According to Mr Crane, he was to be published as a co-author but Lymes failed to do so).

Dr Rife did have a technology that worked and was verified by the Medical Staff at University of Southern California. LA. Dr Milburn Johnson, the then Chief of the USC Medical Staff and President of the Los Angeles Medical Association rented the Scripps Ranch at La Jolla, California, where they were successful in curing, within 70 days, 18 terminally ill cancer patients - 100% cure rate!

Then they were able to build approximately 20 "Rife Ray Beam" machines and Doctors were using them very successfully, in fact, too successfully, until the persecution of Rife and

his associates quashed the project and technology for a while. This book is one every human on the planet should read because the technology cured not only the cancer but other problems the patients had.

ANOTHER BOOK THAT IS A MUST is "The Secret of Life" by Georges Lakovsky, who used the same technology, but a different design of a machine he called "The Multiwave Oscillator." He also experienced very similar successes as Dr Rife. Mr Lakovsky's book contains "before" and "after" photos. He was from Russia and did his work in France. Mr Lakovsky was merely murdered, when he came to New York, to squash his technology.

However, both technologies are still available via the underground and I have personally used it and witnessed it to cure cancer, epstein barr, clogging of the heart arteries, correct eyesight, toothache and other ailments.

A similar technology is explained in Hulda Clark's book "A Cure for All Diseases." (available #779 @ \$45.50, along with *The Cure for All Cancers*, #780 @ \$45.50, and *The Cure for All Advanced Cancers*, #781 @ \$45.50. Note that these are the ONLY books available!)

Another book I just recently became aware of on this or similar technology is "The Persecution and Trial of Gaston Naessens" by Christopher Bird. The dramatic story of a biologist's revolutionary discoveries - including a curative treatment for cancer, AIDS, and other degenerative diseases - and his persecution by the medical establishment. Christopher Bird attended the trials.

All of these books are a must for anyone who wants to know the truth about curing so called "terminal diseases" and how the medical establishment has and is doing everything they can to squash these technologies.

This type of therapy technology was known at the turn

of the 19th Century, was used by physicians and was talked and written about by Nikola Tesla in his lectures and writings (what was left and not stolen from his files in his apartment at the time of his untimely death). *The Jubilee*

an oxymoron: **NON-WORKING MOTHER.**

TEN GREAT REASONS TO HAVE ANOTHER CHILD!

by Steve Mosher

1. Have another child to join with God in the creation of another soul. Parents are given the incredible opportunity to assist God in the creation of a soul. As the late Cardinal Mindszenty said, even the angels have not been given such a grace.

“The most important person on earth is a mother. She cannot claim the honor of having built Notre Dame Cathedral. She need not. She has built something more magnificent than any cathedral - a dwelling for a soul, the tiny perfection of her baby’s body ... Even the angels have not been given such a grace! What is more glorious than this - to be a mother.” - Joseph Cardinal Mindszenty.

2. Have another child to bring joy into your life. There is no joy like the joy of welcoming another child into your life. You will marvel anew at how perfectly formed your little one is, and at how quickly you will fall head over heels in love with him. You will be enchanted with every tiny aspect of her appearance. The color of her hair, the shape of her nose, and the winsomeness of her smile will occasion endless happy debates about which side of the family (yours, of course) she got that adorable trait.

The birth of a child will bind you to God more tightly than ever before, in awed gratitude. “She was the most miraculous thing that had ever happened in my life,” Whitaker Chambers wrote about his new daughter in “Witness.” And, so it is, in the lives of most of us.

I thought that one day
I would be a famous artist
And create great works of art
Instead, God made me a mother,
and my children are His masterpiece.
The design of their lives
will live on after me.
What is painted on their hearts
Will last an eternity - Anonymous.

3. Have another child to grow in holiness and virtue. For those who marry and have families, children are the primary means God uses to help them grow in holiness and virtue. Children teach their parents patience, perseverance, charity, and humility. They give their parents the opportunity to practice the corporal and spiritual works of mercy. They come into the world naked, and we clothe them; hungry and we feed them; thirsty and we give them drink. All the things we are required to do for the “least of these our BROTHERS (defined as “those who do the will of My Father in

heaven”),” we do first and foremost for our own children.

“*Mary gave birth to her firstborn son and wrapped him in swaddling clothes.*” (Luk 2:7).

4. Have another child to help end abortion. When mother Teresa of Calcutta was asked by a young mother about the best way to proceed with pro-life work, she responded emphatically, “Have a big family!”

How this works is not difficult to understand. As children become more rare due to contraception, sterilization and abortion, whole segments of society become less and less familiar with the sense of joy and hope that only babies and children can give. In this climate, contraception and abortion feed on themselves, as the increasingly selfish few further reduce their number. (the generation that allowed abortion, will find that the next generation - those who were not aborted, will allow euthanasia for the old and infirm - those without children to speak up for them! CIM)

By having another child, you demonstrate once again to the world that children are God’s greatest gifts. “Children build up the life of the family and society,” as John Paul II has said. “The child becomes a gift to its brothers and sisters, parents and entire family. Its entire life becomes a gift for the very people who were givers of life and who cannot help but feel its presence, its sharing in their life and its contribution to the common good and to the community of the family.”

The more children there are in society, the more pro-life that society will become, and the easier it will be for the great evil of abortion to be eradicated once and for all. (the only consolation is that Godly people do not abort their children - only ungodly people kill off another generation of more ungodly people! CIM)

“*Choose life, then, that you and your descendants may live.*” (Deut 30:19).

5. Have another child so your sons and daughters will have brothers and sisters. Children who have siblings learn early to share. They learn to take turns and to put the needs of others before their own. The bond formed between brothers and sisters is lifelong, and stronger than the bond between the closest friends.

“*Behold how good it is, and how pleasant, where the brothers dwell together in unity.*” (Ps 133:1-2) [sounds like an extended family environment]

Boys who have sisters learn the dignity of women. They learn to treat other girls and women with respect, as they consider how they would like their own sisters to be treated. Girls who have brothers learn the complementarity of men and women, both fashioned in the image and likeness of God.

“Love begins by taking care of the closest ones - the ones at home.” - Mother Teresa.

6. Have another child so you (and your parents) won’t be lonely in old age. Children also become the parents of your grandchildren. Grandchildren bring joy, happiness, and laughter, while still allowing you to get a good night’s

Must Reading - Library Builder CROSS-EXAMINATION

Malcolm Ross

Canada’s “battling barrister” Doug Christie, defends freedom of religion and freedom of expression up to the Supreme Court of Canada in the highly publicized trials of Malcolm Ross.

The information in this book deals with a landmark Freedom of Expression case. It began as a Human Rights Board of Inquiry and progressed through the legal system from the Court of Queen’s Bench and Court of Appeal, all the way to the Supreme Court of Canada. It is presently under investigation by the Human Rights Committee of the United Nations at Geneva, Switzerland.. It is the compilers’ wish that this book may stimulate a reassessment of what freedoms we actually do have, and will lead some to strive for the restoration of our ancient liberties which sprang from our Faith and Heritage. May we be endued with the spirit which inspired the authors of the Scottish Declaration of Independence to proclaim: “We fight not for glory nor wealth nor honour; but only and alone we fight for freedom, which no good man surrenders but with his life.” Read it!

#097 suggested donation \$29.90

sleep! "Grandchildren are the crown of old men, and the glory of children are their fathers." (Prov 17:6).

7. Have another child because people are our greatest resource. Humans are blessed with the gifts of an intellect and "free" will. [the will is free from man's standpoint, but not from God's, who pre-disposes all things]. It is human ingenuity that discovers creative solutions to the problems which confront us. People without children should remember that it will be someone else's child who will become the doctor that performs their life-saving operations. Someone else's child will become the firefighter that saves their house. Someone else's child will become the railroad engineer.

"How can there be too many children? That's like saying there are too many flowers." - Mother Teresa.

8. Have another child to contribute to the economy.

Families with children are fuel to the economy, purchasing houses and cars and college educations. Without young people to enter the workforce, social security systems fail. Without children to attend school, teachers are jobless. Many industries, from fast food stores to toy stores, obviously rely heavily upon business from and for children to stay in business. But, ultimately, the whole economy does.

"Like a fruitful vine your wife within your home, like olive plants your children around your table. Just so will they be blessed who fear the Lord." (Psalm 128:3-4)

9. Have another child to counter global depopulation. Anyone who has travelled from coast to coast in the United States (or Australia) and seen the vast empty spaces should know that these nations are not overpopulated. In fact, the entire population of the world could live in the state of Texas, in single-family dwellings with front and back yards. Fertility rates are falling everywhere. The world's population will never again double. If current trends continue, world population will peak by the middle of this century and then begin demographic free-fall. Our long-term problem is not too many children, but too few children. Having another child will help offset the coming population implosion.

"Be fruitful and multiply; fill the earth." (Gen 1:28)

10. Have another child to help populate God's Kingdom. The child that you and your spouse have accepted from God was created to return to Him, after a life of love, service, and obedience to spend eternity with God in His Kingdom. Our Lord Himself said that there was plenty of room for those souls. There is no overpopulation problem in God's Kingdom!

"There are many mansions in my Father's house." (John 14:2).

ORDINARY HOMESCHOOLERS

by Christine Field

Are you resistant to the hard work of homeschooling? Are you feeling put-upon, stretched or stressed? Sometimes in our homeschooling journey, we lose sight of the joy and the privilege. Yet, we persevere out of obedience. Teaching and training our children may not always be pleasant, in certain seasons, but we continue on because it is the right thing to do. We can rest assured that God will bless the obedience of ordinary homeschoolers. How do we know?

In John 2, Jesus made an unusual request. At a wedding

feast at Cana in Galilee, He asked the servants to fill some water jugs - an ordinary task if ever there was one. Sometime between the filling and the serving, the water was transformed into wine for the wedding celebration.

The servants probably did not understand Jesus' request. How absurd to fill water jugs when what was required was more wine! But these ordinary servants obeyed and played a part in a miracle! What a blessing and a privilege.

Did Jesus need their help to show that He was the Son of God? It would have been nothing for Him to perform His miracle without their assistance. But our Jesus is like that. He uses ordinary servants to be a part of His work. He asks us to be faithful, obedient, ordinary homeschoolers to be a part of His work to restore and strengthen families in this sad, fallen culture.

Jesus used other ordinary people. He asked some men to move the stones from the grave of Lazarus. He asked a little boy to sacrifice his lunch so that Jesus could feed a crowd. He didn't need this help. He invited these ordinary folk to be a part of His extraordinary work.

God doesn't NEED out help to restore and revitalize the family. He could do it in an instant. Instead, He calls individual, ordinary families to join Him in His work. For us, it is the work of faithfully homeschooling our children,

on the rich days as well as the barren ones. In trying to explain God's method to us, Paul says in 1 Corinthians 1:27 that God "chose the weak things of the world to shame the strong."

I believe even on the hardest days of homeschooling, God is using us in our ordinariness in a significant way. When we face the challenges and remain faithful, God is pleased. He loves to see us grow, just as we delight in the small steps of our own children. His attitude is displayed in Zephaniah 3:17 where He says, "The Lord your God is with you, he is mighty to save. He will take great delight in you, he will quiet you with his love, he will rejoice over you with singing."

On the hard days, homeschooling is not what we HAVE to do - it's what we GET to do. It's a blessing and a privilege. Let's do it diligently, whether we are in a spectacular season or a struggling season. God will take great delight in our faithfulness.

THE WAY I SEE IT...
Paul Hall, Managing Editor

Operation Diminishing Freedom

Who, what, when, how and why is the reporter's standard outline to any story. The *when*, *where* and *how* have basically been answered. The "why" and "who" is being

debated. But I believe it's the "What" question that is most pertinent. For example **What** has come from these acts of "terrorism" that affects us most? What does the future hold? What can we do to avoid "what's next?"

The **why** and **who** questions are important however. If the Bin Laden/Taliban sector *is* to blame, as the government and lapdog media postulates (10 minutes after the planes hit), then we have to conclude that the "why" is because they (Bin Laden/Arabs, et al) hate us because our women wear lipstick or, as many realists conclude, it's because we support Ishmael's (Arabs) enemies (Israeli Edomites/Jews) to the tune of billions a year - or maybe they hate us for killing tens of thousands of their women and children via our ceaseless bombing raids over the last decade. In fact, we are still bombing civilians daily. We have even taken out a couple Red Cross warehouses (by mistake?) to be sure that no aid can be given? There is some palatable logic to the arguments but I don't believe they hate the American people as much as they do our Edomite-controlled government which is responsible for much of their suffering in recent history. I see the US "let's hate and attack Arabs" position as frosting on the cake for the Edomite Jews, not the ultimate benefit.

Some say the Mossad is responsible, with the help of CIA types. If this is true they did it with the express intent on blaming the Arabs which leads us back to the conclusion that bin Laden's people did it because either we support Israel(i) or because they hate our liberties. The perpetrators hate our liberties alright. I put my fed notes on the Mossad/CIA as the real perpetrators and will add, they are the ones who despise our liberties.

[On my way to Ground Zero, NY, I interviewed a weathered-looking lady attorney who nervously revealed her "relatives" have high positions in the CIA and who confided one night at a family gathering that we (the US) knew in advance the planes were coming. "They were upset about it" she said, "but couldn't do anything short of losing their life for squealing." She also added that she was told of US troops being brought into the NY area by ship three days before the event. Further, that Afghanistans were migrating in masses from their homes to Pakistan 3 days ahead of the event.]

The Protocols of the Learned Elders of Zion (#464 @ \$18.10, or small black #463 @ \$4.90) is controversial to be sure. The ADL and other Jews made nervous by its blatant admissions by Jews of a Jewish plan for world domination, discredit the 1905 work as a fraud but fraud or not [not], the text is undisputedly accurate.

The following quotation reveals the Jews' protocol for opposition to their plans and how they shape public opinion through their Jewish controlled media. See if this text from protocol #7 is not exactly what is happening:

"We [the Jews] must be in a position to respond to every act of opposition by war with the neighbors of that country which dares oppose us: but if these neighbors should also

venture to stand collectively together against us, then we must offer resistance by a universal war.

"The principal factor of success in the political is the secrecy of its undertakings: the word should not agree with the deeds of the diplomat.

"We must compel the governments of the **GOYIM** (white Christians) to take action in the direction favoured by our widely conceived plan, (world domination) already approaching the desired consummation, by what we shall represent as public opinion, secretly promoted by us through the means of that so-called "*Great Power*" - the press, which, with a few exceptions that may be disregarded, is already entirely in our hands."

In other words, they will use the world war to fight their enemies and achieve their goal of world governance if they can't do it themselves - even with US war toys.

And if the masses squabble they will shape the public opinion through their controlled media to cause the "goyim" to clamor for their cause. They do not care, and in fact prefer, if we do it all in the name of patriotism and employ a fake flag-waving fervor.

Many have asked the all-important question, "who benefits" which is a good question. Certainly the Edomite Jews find the current attacks on the Arabs convenient and beneficial. But again, I see that as frosting. Who really benefits? What do we the American people get out of this tragic event?

It would make me chuckle if it weren't so sad - Bush says "we are not going to let terrorists take our freedoms!" No, instead, Bush and his gang of terrorists are going to do it to themselves (or to us?! [Just like John Howard and his gang are doing it to Australians with the new Fascist "Anti-Terrorist" package of legislation.

The provisions of these laws, which were rammed through the House of Representatives in just 24 hours in March, are unprecedented anywhere in the world. They are, in fact, directly comparable to the 1933 Emergency Decrees used by Hitler to become dictator of Germany. CIM] What has and is emerging from these attacks is not just a loss of many lives but now the catastrophic loss of liberty - that's what the Americans get out of this tragedy. September 11th was just the excuse they (the Edomite/New World Order crowd) have been waiting for - no matter how it was contrived or by whom.

At first I thought the media's "Attack on America" buzz phrase was more exquisite propaganda, then it dawned on me: this was no propaganda ploy. What we witnessed in NY/DC was not an attack on America it was an assault on our King YeHoshua - as fruitless as it may be. It is the final death blows of what remains of our liberties granted to free Americans at birth. It is the martial law they have been posturing for over the last several decades with a better twist than the "paranoid patriots" ever imagined. In true dialectic style they are accomplish-

ing their goals in the name of "freedom" instead of having to use the unpopular term "martial law." They have created such a "patriotic fervor" that Americans are seemingly eager to do anything to get even and/or save themselves. Mix in the recent so-called anthrax scare, complete with a few mysterious deaths, and one can only marvel at folks hailing their government masters as their great saviour. Bush now enjoys a popularity not seen since Rossenfelt "saved" America in the 30's from yet another well-known Edomite contrived event.

What we face now is the equivalent of having an enemy infest your home with termites and then burn it down in your "best interest" - along with your possessions! I feel much safer now having a machine gun pointed at me in the airport, don't you? I will feel better knowing my every move is being tracked (without cause) via my forthcoming national ID card. It's comforting to know that every phone conversation, email, cyber excursion, purchase, page and letter is being scrutinized by my big brother. Yeah, but that's "only for terrorists," you say. That may be true, but have you asked yourself what is the definition of a "terrorist"?

Operation Enduring Freedom is dialectic-speak for Operation Diminishing Freedom. Aside from the overwhelming sacrifice of "civil liberties" to date, October 26th, brought us one of the most sinister "Acts" created since the Crime Bill. [this 'act' was probably tucked away in a safe, waiting for just such an event to be brought out; just like the Australian anti-gun laws, after Port Arthur! CIM]

The ominous new "law" H.R. 3162 entitled: **Uniting and Strengthening America By Providing Appropriate Tools Required To Intercept and Obstruct Terrorism** (the "USA Patriot Act") has diabolical provisions that have made even the liberal/commie ACLU cringe. This draconian legislation passed 98 to 1 after only six weeks of drafts - an unprecedented turn over for such a controversial bill. It is doubtful many of our "representatives" even read it. This "law" has a sunset provision meaning it becomes void in four years, but we'll about that. Here are review excerpts from ACLU's legal beagles.....

"In most cases, a person is notified when law enforcement conducts a search. But in some cases, law enforcement authorities can get court permission to delay notification of a search for a limited class of crimes under special circumstances. This bill [H.R. 3162] would extend the authority of the government to request 'secret searches' to every federal criminal investigation. This vast expansion of power goes far beyond anything necessary to conduct terrorism investigations. ...

"While existing INS section 219 permits designation of **foreign** groups with various procedural safeguards, section 411 of the US PATRIOT Act adds a new provision to INA section 212(a)(3)(B) that permits designation to **foreign and domestic** groups, without those procedural safeguards. Under this new power, the Secretary of State could designate any group that has ever engaged in violent activity a 'terrorist organization' - whether it be Operation Rescue, Greenpeace, or People for the Ethical Treatment of Animals.

"Section 411, amending INA section 212(a)(3)(B), to wit: The advocacy does not have to meet the test adopted by the Supreme Court in *Brandenburg v. Ohio*, 395 U.S. 444, 449 (1969) (advocacy can be banned only if it represents 'incitement to imminent lawless action'). Under this section, a **lawful permanent resident** who makes a **controversial**

speech could potentially be barred from returning to his family after taking a trip abroad.

"Under section 802 of the USA PATRIOT Act, a person commits the crime of domestic terrorism if within the U.S. they engage in activity that involves acts dangerous to human life that violate the laws of the United States and appear to be intended: (i) to intimidate or coerce a civilian population; (ii) to influence the policy of a government by intimidation or coercion, or (iii) to affect the conduct of a government by mass destruction, assassination or kidnapping. (e.g. what the U.S. is doing in Afghanistan is "terrorism." CIM)

"The Administration has not adequately explained why this new crime should be created or why the definitions in existing anti-terrorism laws are insufficient. This over-broad terrorism definition would sweep in people who engage in acts of political protest if those acts were dangerous to human life. People associated with organizations such as Operation Rescue and the Environmental Liberation Front, and the World Trade Organization protesters, have engaged in activities that could subject them to prosecution as terrorists.

"Under the USA PATRIOT Act, once the government decides that conduct is 'domestic terrorism,' law enforcement have the authority to charge anyone who provides assistance to that person, even if the assistance is an act as minor as providing lodging. They would have the authority to wiretap the home of anyone who is providing assistance. Also, the government could prosecute the person who provided their home under a new crime of 'harbouring' a terrorist (section 803) or for 'providing material support' to 'terrorists.'

Are you a person who "appears to be intended to intimidate or coerce a civilian population"? Remember, speaking the truth is "intimidating" to a lot of people, particularly the Feds.

WHAT DOES THE FUTURE HOLD?

As Christians we are doubtless going to face tribulations that haven't been seen since the last Roman empire. I single out Christians but not all of them will suffer. There are countless Christians who will follow their pastors in complying with every edict of the king of Babylon. Only a remnant the Bible says, will enjoy the suffering we dread but must endure.

The anthrax scare is the easiest example. How many churches will rush to get the vaccine and how many will trust that God will heal them and protect them from any such disease to begin with? How many will rush to the nearest city hall for their new National ID card to do their part to help prevent terrorism.

How many will willingly submit to searches and detainment in the name of good citizenship?

WHAT CAN WE DO TO AVOID "WHAT'S NEXT"?

As the war on America heats up, we need to place our faith in our King and inoculate ourselves from the world order with His Word.

Government has advised us that the world is going to be different from now on and I agree. This is "America's new war" all right and the soldiers are readying themselves but it is not what they (Edom/NWO) may think. The humorous part is the war they wage is not against Arabs or even Americans but against our God. And that brings a smile to my face because I know (and they do too), they will lose.

New CD's - Beautiful Music & Song

A new assortment of CD's has come in, but only limited quantities. One set of 3, This is My Story, This is My Song, \$39.

One - Sing To The Lord - \$23

TWO SWINDLES FOR THE PRICE OF ONE

Adam de Witt

Twelve years ago several USA bodies formed a programme to map the line-up of bits that make up the genetic code of man. This programme was begun in 1990 by the US Dept of Energy and the US National Institutes of Health.

In 1996, a 3-day "Plain Talk" conference was held in the USA to talk about the 'ethics' of the undertaking as it was feared the blacks in the USA could be proven to be a genetic underclass. About 150 leaders of 'minority' communities also came together in June 1997 at the University of Maryland, Baltimore, to learn more about the undertaking. No doubt they were lied to as well.

Indeed, lying was a key part of the research. Former head of the US company which raced to line-up the human genome has revealed that he switched cell samples so that the end sequence was mostly his own genetic blue print! The revelation last year of two draft line-ups by the Human Genome Project and the company Celera, was hailed by all from the Pope to the US President.

J. Craig Venter's company, Celera, was meant to have used a number of anonymous donors of different races to map the human gene structure as did the publicly funded undertaking. When the blueprint was made known to the world, no-one knew that most of the Celera draft was Mr Venter's genome.

The Australian scientist who made a small contribution to the undertaking, Prof. Grant Sutherland, didn't even get angry at this scandalous trickery. He simply said that he was "a bit amused" at this otherwise outrageous swindle. Scientists were hoping to prove through genetics, that all races are the same. If Venter switched samples of coloureds with those of his own, the outcome would read that all samples are the same, so all races are one.

One wonders why Venter switched samples. Could it be that the undertaking would prove what all the establishment hucksters feared? Namely, all races are very different? Nice trick, Venter!

But there is another point to think upon. I think the millions of dollars spent was not meant to benefit mankind, that is if you take the word *mankind* to mean what it really means, namely, Adamic or White man, specifically Jacob-kind. The research was really to benefit Edom-kind. Why else would they spend millions of fleeced dollars from Jacob-kind if it was not to spare the wretched little hides of Edom-kind. Let us not over look the fact that Edom-kind suffers over 100 genetic illnesses, mostly of the brain, such as Tay Sach disease. These illnesses can not be fixed by herbs, medicines or food-plans (diets). Their illnesses are the outcome of bad breeding. Esau wed into the Canaanites against his father's and mother's will. These in turn mingled with mongoloids and negroids and later into Turks. The lat-

ter in turn are Caucasoid-Mongoloid hybrids. Then in a desperate try to stem the hybridization, the Edomites began a 'closed-door' breeding policy. But it was all too late., They 'stuffed up.' So it is their own hard cheese. You reap what you sow. Those who want to race-mix go down the same path.

The Human Genome Project is nothing more than genetic research to try and heal illnesses caused by rebellion to God. They want to sin and get by, they want to race-mix and live happily ever after. That is why the research costs millions. That is why no one in the establishment is outraged at Venter's swindle; afterall, he offered all the genetic material they are interested in, namely, his, for no doubt, he too is of Edom-kind. Now of course, they can try ... yes, try at best, to fix Edom-kind's pitiful illnesses, while at the same time fell Jacob-kind.

"See, all races are the same, so race-mix dumb whitey go for it." It's a wicked lie, of course. It's two swindles for the price of one. Nice trick, Venter.....!

QUEEN GOES TO HINDU TEMPLE

Adam de Witt

The English queen was in the news again, this time for beseeeking (visiting) a Hindu temple on the 8-06-02. She took off her shoes to go into the Highgatehill Murugan Temple in North London and then put on a garland of marigolds and chrysanthemums. She was then 'blessed' by four hindu priests.

She's been the 'head' of England for 50 years, yet she's no smarter or wiser for it. Her blasphemous rebellion to God only becomes greater. A true defender of Christendom would have behested the temple burnt down and the priests put to the sword. Taking off the shoes is a sign that she humbles herself, to the hindu god; that she respects the hindu god. Wearing or taking on the garland symbolizes taking on the yoke of the hindu god, then she was ready to be 'blessed' by the agent of the hindu god. Is she really upholding the faith? My King, HRH King Jesus would never have done such a foul deed. But then, she sees these coloureds as her loyal underlings, and must welcome them on British soil. When millions of white Brits are dying out or wanting to flee the sinking English land, she honours 'beasts' over 'men,' for only Saxons are the men of Adam; only they were under "the Law," and only they needed saving. Only for them did Jesus lay down His life. Yet it is they the queen cares little for.

Just like her 'dear' unrepentant-to-the-grave, mother, who never recanted from blessing "Bomber Harris." Bomber Harris, the co-worker of evil to slaughter untellable numbers of Saxons, was blessed for folk-slaughter (genocide) because the folk he's had slain stood for Nazism. And we could not have England fall for that, or be overrun by Germans, God forbid! BUT it's quite alright for England to fall for Hinduism, Buddhism, Judaism, Bahai, Communism, Evolutionism, Freemasonry, Free-loving and race-mixing. It's quite alright for England to be overrun by blacks and coloureds. After all, many came and come from 'The Commonwealth,' they are 'inwards' or 'spiritual' English-people and thus can wear Englishman's hats, unlike the Germans; or so some twits would have you believe. So now we have the quaint situation where shy white English girls date and carry out bestiality with Jamaicans, Tamils, Indians and so forth;

bringing forth an army of mixlings ... but, that's OK. The English queen will wave and smile at them all, they are all so loyal. She apologises for bringing Christianity to New Zealand, but never mentions the crimes of her forebears against the Saxons of Afrikanerdom.

I don't know about you, but my trueness (loyalty) goes not to the English queen, but rather to my Saxon King, King Jesus. He has never sold my race out. Thus, I have rewritten the words of 'God save the queen,' - use the same tune, but use these words ... so much better! I have also renamed it....

GOD GAVE THE KING

God turn your sinful folk,
Then cast off Edom's yoke,
God save your folk.
Jesus our only King,
Lord over everything,
Each knee shall bend to Him
God save His kin.

----- Stop Press

More on her sin:- **Queen knights Canaanite sickling Mick Jagger.** This sicko worked hard to fordo her "loyal" underlings in the deathstyle of sex, drugs and rock 'n roll. She also knighted sickling show-biz cross-dresser, Danny La-Rue

She also gave royal approval to the statues of anti-Christ's such as Martin Luther King in Britain's highest - Westminster Abbey [which should now be called "ichabod" because the glory is departed from Israel - the Stone went back to Scotland!]. Nice one, Queen!! My allegiance to you? Not bloomin' likely! [Westminster Abbey has the words "Surely This Is The House of God" engraved in the inner arch. You should listen to Sheldon Emry's "*Is God In Bethel*" - to see if God is really in this 'house', #A-8310 & A-8311, \$10 ppd]

DOES FLYING QANTAS ANGER GOD?

Adam de Witt

"... *Thou shalt throw down their altars ...* "(Judges 2:2) This is no glib statement from God. Nothing God behests us to do is glib .. He means it. Unless we obey, He shall bring us low until we are utterly fordone (destroyed).

Only the other day a Christian brother called me to ask me about God's Law on selfslaying (suicide) ... It turned out that he needed to know as a relative had selfslain himself a few days earlier. That is in itself very sad. But sadder still the rate of selfslaying (suicide) in Australia is the worst in the Western (Christian) world. Then there is the 100,000 unborn baby slaughter a year. Australia is doing it hard, what with all the non-Israelite outlanders coming in and already here. Then there are the broken families and broken lives.

In Tasmania alone nine percent of the workforce are on the out-of-work dole (the highest percentage State), but that does not tell the full picture of who is on the scrapheap. When Austudy, pensions, and the rest are tallied, the official level of folks on a dole is 42%!! This of course does not tell us who are (what one could call) "**full-time-work-for-the-dolers,**" namely, those workers paid from the state coffers: the police, army, navy, airforce, council workers, government workers, politicians, bureaucrats, hospital staff and so on. Truly commercially raised monies come only from a small group. Our white-Israel befolking (population) is truly beleaguered and exploited.

Seeing that, if there is trouble in the city, that God knows it, and that God creates both good and evil; it does not take

too much to cotton on that God is angry. The reason is simple, as a race we do not honour Him. We do NOT obey His Laws. We always think that Jesus died for our ham sandwiches [or 'Spam-burgers' now at McDonald's??], or so we can charge usury, or for race-mixing, or for our kosherdale TV, films & shows and so on.

Indeed one of the most striking blasphemies has reached into the heavens (as Revelation puts it). For some years now, Australia's national carrier, Qantas, has brought paganism to new heights, literally! Several of its aircraft have been painted in honour of the 'Austral blacks' (aborigines) and their gods. Several Qantas aircraft are painted up in 'Abo' themes. Qantas is more than proud of this.

There are no commercial benefits, after all, it is cheaper to paint the aircraft in their standard white bodies. If one wants to spend more on a 'paint job' for greater commercial gain, then do as 'Virgin Blue.' Their planes advertise the company's booking details. But no,

Qantas would rather be racist and discriminate against Australia's white befolking to advertise to the world that Australian culture is that of Australblack 'Dreamtime' rather than the God of Abraham, Isaac, and Jacob - our forefathers. Qantas sends these pagan 'altars around the world, flying in the face of OUR GOD and OUR CULTURE against OUR FOLK.

Of all the artists Australia has, Qantas has been very 'colour conscious' and made a deliberate racist choice to promote an artist whom the world hardly knows, yet an artist Qantas claims is 'internationally renowned.' Qantas chose the artist

because of aboriginality - that is racism!

In a promotional poster Qantas has utterly scrapped the name Ayers Rock, even though the sons of Adam were to name things - and only Adamic names are to leave the lips of Adamites. Yet, Qantas claims to know better than our God, and goes against His will and hides the name Ayers Rock behind the pre-Adamite (Australblack) name, Uluru (which sounds like a dog choking on a bone).

Indeed, Qantas white washes its blaspheming with a fake little story woven together of cozy buzz terms such as, "vibrant colours," and that "the Anangu people have kept their special sites and unique culture through song, dance and art." Do we whites not do the same? The "schpiel" waffles on about the pagan religion in cute and cozy beguiling reasonings with more pagan words thrown in whilst whiteman's words are only added in brackets.

I have seen a lot of folks inside Qantas planes. Many are white, many are others, but very few are Australblacks. Qantas would do well to remember that most of its paying customers are White. It would also do well to recall that all the technology it uses to run its company, to uphold its trading, to pay its bills, to promote its products and even to build its aircraft is all the making of white culture. From the plastic tea cups, to the carpets, to the uniforms, to the LCD monitors and the Boeing engines ... EVERYTHING is WHITE MAN'S CULTURE; a culture that would not have been do-able without HIS GOD, the God of Abraham, Isaac and Jacob. Yet who does Qantas honour for its very existence ? The god of the

pagans, a race who had not even invented a hammer . . . (Oh yes, the boomerang was invented by Adamites, even the Egyptians had them).

As a Christian, I think it would be unsafe to fly Qantas. All Christians, all whites should boycott Qantas ... God has given us a choice. No, I am not paid by Virgin Blue, but I say, fly Virgin instead. Even the name is good. After all the bride of Jesus is to be a Virgin, and Blue is the colour of ethel (nobel) blood. Qantas is the 'colour' of paganism.

HOW TO WRITE THE DATE

by Kel Richards

In the city of Rome, in the year that we would now call AD532, a Greek monk named Dionysius Exiguus was commissioned to coordinate the calendar of the church. Up until that time, the Roman calendar had been used.

According to his calculations, Jesus was born in the Roman year 754, and this he called the Year One. (His calculations were probably out by about 4 years, but that's immaterial for what follows). The period of time before Year One was labelled as BC ("Before Christ"), but the corresponding label for all the later years is "AD" not "AC".

The thing to notice here is that there is no such expression as "After Christ" because there is no period that is "after Christ." Jesus Christ came, lived, taught, died, came back from the dead - but his life, his authority, his rule, has never ended. **From this follows a small suggestion: every time you write the date add the letters "AD" either after or before the numbers.**

On your letters, emails, cheques, in your diary - anywhere and everywhere you use a date that includes the year, add the letters AD. This may sound like an odd suggestion, but there is a reason. Since "AD" stands for Anno Domini ("*in the year of our Lord*"), every time you use AD you are saying that Jesus Christ is the Lord of history. It's a small, simple way of confessing to the Lordship of Jesus.

This may not strike you as important, but the enemies of Jesus know exactly how important it is. They are trying to change the way we label our years. They have adopted a new system, and are trying to persuade the world to switch to their new system.

In their new system, BC is replaced by BCE, and AD is replaced by CE. The letters "CE" stand for "common era," while "BCE" stands for "before the common era." You can see what they want to do - banish Jesus, and his Lordship from our years. (although they cannot change the numbers based on Jesus' birth! CIM)

They say that all this BC and AD stuff is not politically correct - that it's offensive to all the Buddhists, and Hindus, and Muslims and the rest (don't forget the Jews! CIM). Non-Christians, so we are told, don't want their years to be labelled with the Lordship of Jesus, so we have to stop. Well, I think we should refuse to stop. And we should advertise the fact that we confess Jesus to be the Lord of history, the Lord of time, and (indeed) the Lord of all, by writing those letters AD every time we write the year.

You can see now why this, at first glance, trivial thing is worth doing. We need a little campaign on this. We need to tell our friends who are believers to do the same thing. We need to encourage the members of our church or our Bible study group to do it as well. **Do it!** Encourage your friends to do it. Let's start a movement. (Courtesy *Saltshakers*) -----

Note by the editor of *Saltshakers*:

Since reading this article a couple of months ago, we have been including the letters AD when we write the date in the Journal and on our cheques [CIM has been including AD in its dates since 1985! and advocating others to do the same]. We decided to reprint this article after seeing an article written by Bishop John Shelby Spong titled *Homosexuality and the Bible* (available on the web) where he used CE

and BCE. That did it! Needless to say, we didn't agree with any of his article! [where the CE and BCE originated, or who dreamed it up, I do not know - but Jews and Jehovah's Witnesses have been using CE and BCE for decades! CIM -----]

NEWS AND ACTION [Saltshakers]

Witchcraft Course at Adelaide Uni

An Adelaide Advertiser ad announced, "A university certificate in Sorcery, Witchcraft, Shamanism and Healing." The course was run for 12 Sunday afternoons from March 17 by the University of Adelaide's Centre for Professional and Continuing Education at a cost of \$495.00. This is another step in making witchcraft 'acceptable' and 'normal' in our society.

ACTION: Write to Professor Penny Boumelha, Deputy Vice Chancellor (Education), University of Adelaide, SA 5005. Express your concern that witchcraft is being taught at the University.

IVF and the High Court

On April 18, the High Court rejected the application by the Catholic Bishops to overturn the decision by the Federal Court that allowed single women (and lesbians) in Victoria to have access to IVF. The Federal government has stated that it will continue its attempt to amend the Sex Discrimination Act so that States who want to restrict access to IVF can do so.

ACTION: Please write to your federal MP and your State Senators. Ask them to support the government's legislation.

Abortion Rally in ACT

A pro-abortion rally, held in Canberra on 9 April, to support abortion law reform in the ACT was attended by 300 women. The rally was organized by a group calling themselves "Options for Women." Not surprisingly, it was promoted by abortionists: The person who authorized the advertisement for the rally and chaired the rally was Kerry Arabena. She is also the Executive Director of Reproductive Health Services, the Canberra abortion clinic.

Gambling in Victoria

The Victorian Government received **over \$1 billion** in gambling taxes in the last financial year. (*HS 24/4/2002AD*). Since poker machines were introduced in 1991, the government has earned \$5.2 billion in gaming taxes. These taxes now account for **one fifth of tax revenue** in Victoria.

Teen Drug Use in Australia

Federal government statistics on drug use in Australia show that 40% of teenagers were offered marijuana in the last year. 20% said they would accept a joint from friends.

National Church Life Survey

The results from this national survey have now been released. Check the results on the web at www.ncls.org.au

Heroin Injecting Room

The NSW government has extended the trial of the heroin injecting room in Kings Cross for a further 12 months. (*Age 20/4/2002AD*)

Buddhist Stupa

A Buddhist stupa (temple) is being built in Bendigo (Vic). It is called the "Great Stupa of Universal Compassion." Work has already started, and the building will be completed by 2010. It will be the largest such temple in the western world, and is based on the Great Stupa of Gyantse, built in Tibet in the 15th century. As visitors walk around the stupa in a clockwise direction on three terraces, they pass 100,000 miniature stupas. Organizers are saying this will attract tourists from around the world. For details, plans and photos see www.stupa.org.au

Buddhists in Australia are actively promoting their religion. This was especially evident during the recent

visit of the Dalai Lama. In Melbourne, school children heard him speak and the speech was broadcast live to schools. Please pray against the influence of Buddhism in our nation.

TWO TOUGH QUESTIONS

Q1: If you knew a woman who was pregnant, who had 8 children already, three who were deaf, two who were blind, one mentally challenged and she had syphilis; would you recommend that she have an abortion? Would a doctor recommend it?

Q2: It is time to elect a new world leader and your vote counts! Here are the facts about the three leading candidates:

Candidate A: associates with crooked politicians and consults with astrologists. He's had two mistresses. He also chain smokes and drinks 8 to 10 martinis a day.

Candidate B: He was kicked out of office twice, sleeps until noon, used opium in college and drinks a quart of whiskey every evening.

Candidate C: He is a decorated war hero. He's a vegetarian, doesn't smoke, drinks an occasional beer and hasn't had any extra-marital affairs.

Which would be the candidate of your choice - A, B, or C? Courtesy *The Tully Times*, 7 Still St TULLY 4854.

STOP PRESS: THE ANGEL OF DEATH STRUCK

Adam de Witt

Proof of being an Israelite is that the Angel of Death passes over you on Passover. That is, if you do the right things to show you believe in God and His Son. [i.e. you do not only profess this with your mouth, but show it in your total way of life in association with others]. Another word for the transliterated Greek word 'angel' [from 'aggelos'], in English, would be 'sendling' or messenger - "one who is sent." The sendling of God was a religious racist because he only spared believing Israelites back in Egypt! We see from this that White believers get saved whilst the melting-pot-establishment-lovers get slain. Those Judeans of 70AD who rather lived under the establishment constitutional government and acknowledged churches and their melting pot 'ideals,' were not "passed-over." Those who fled God's servants, the Romans, to the hill-top fortress of Masada "copped it" four years later, right on the day of Passover. Again the Sendling of Death came. It did not pass these melting-pot-supremacists over. These were the ones that called themselves Jews but would not have King Jesus as their leader. These folk were not the same stock as those the Sendling did pass over.

Those that call themselves Jews today claim to be God's chosen race. The proof of the pudding is in the eating. So this year, 2002 AD, is within the time span of 'the changing of the guard,' from Neo-Babylon to New Jerusalem. In this changeover timespan, the interlopers will loose their grip whilst the real 'called-out-ones' will gain sway. This bridging time is vital for those who have eyes to see, to see who is who. This year's passover feast will be a tell-tale day to see where the sendling of death touches down. If today's Jews are true Israelites, their Passover day will have the sendling pass over an not touch down. Interlopers are also given away by making a copy of the real thing, but the copy is never as good. So we have a double witness to settle the issue. The Jewish passover date this year was the 27th to our Thursday the 28th of March. But the Jewish dating is wrong! They don't use God's timing but a Babylonian Moon/Year-teller (Calendar). The true Passover is to take place 14 days after the Evensights (Equinox) and thus falls on April 3rd. It is markworthy that their passover this year is followed by the pagan Easter's "good Friday". So we see, that the Jews have a fake passover. Yet they hold it to prove a point, namely,

that only they keep it so they are God's chosen. So God too, needs to prove a point.

An Arab sendling, whose kin have been stuck in Jewish enforced squallor and utter poverty, has had a thought put into his head. Strapped with blaststuffs (explosives), he walks into a plush hotel where luxuries abound, where the people are dripping in a wealth he and his kin can not even dream of; and he blows himself apart. The day is Jewish passover; the slain are the so-called 'chosen ones.' By Thursday night, the death toll was 22 and rising. The Sendling of Death did not pass them over.

This tells us that Jewish sway is going down, and that they are not God's chosen Israelites, and that King Jesus' wrath for them has only just begun

"... but those mine enemies, which would not that I should reign over them, bring hither, and slay them before me." Luke 19:27.

When a land rejects her history,
Sees but error in the past,
And its people view their sires,
In the light of fools, or liars,
'Tis a sign of its decline,
And its splendour cannot last,
Branches, that but blight their roots,
Yield no sap for lasting fruits.
Courtesy BIWF, New Zealand

THE SIGNS OF RELIGION:

A local priest and a local Methodist pastor were fishing from the side of the road. They thoughtfully made a sign saying: "*The End is Near! Turn yourself around now before it's too late!*" and showed it to each passing car.

One driver that drove by didn't appreciate the sign and shouted at them, "*Leave us alone you religious nuts!*"

All of a sudden they heard a big splash, looked at each other, and the priest said to the pastor, "You think we should just put up a sign that says '**bridge out**'?""**

A little child in church for the first time watched as the ushers passed the offering plates. When they neared the pew where he sat, the youngster piped up so that everyone could hear: "Don't pay for me Daddy, I'm under five."**

ANSWERS TO TWO TOUGH QUESTIONS:

Q1: If you said yes to the abortion then the world would never have known or enjoyed the musical genius of - Beethoven. What geniuses are killed by abortion today??

Q2: Candidate A, is Franklin D. Roosevelt
Candidate B, is Winston Churchill
Candidate C, is Adolph Hitler.
Who was your choice?

Halfway through the year again already so soon! My doesn't time fly? Again, I thank you most sincerely for all the letters and orders for material, and for those whose ongoing support makes it possible for us to continue. May the Heavenly Father bless you for your faithfulness. Your support is needed and very much appreciated. Enclosed is the registration for the upcoming camp, God Willing, in October. We do hope that many will come so that we will have a good gathering, so that this will not have to be the last camp, until further notice. We can not do it without support and without people coming! May God bless you and keep you and make His face shine on you and give you His peace,
