“Blessed be the LORD God of *Israel*; for He has visited and redeemed *His* people, And raised up an horn of salvation for *us* in the house of His servant David; as He spake by the mouth of His holy prophets, which have been since the world began; That *we* should be saved from *our* enemies and from the hand of all that hate *us*; to perform the mercy promised to *our* fathers and to remember His holy covenant; The oath which He swore to *our* father Abraham, That He would grant unto *us*, that *we* being delivered out of the hand of *our* enemies might serve Him without fear, in holiness and righteousness before Him, all the days of *our* lives.” Luke 1:68-75;

### CHRISTIANS, CRIME AND THE KINGDOM

*“And he said unto them, When I sent you without purse, and scrip, and shoes, lacked ye any thing? And they said, Nothing. Then he said unto them, But now, he that hath a purse, let him take it, and likewise his scrip; and he that hath no sword, let him sell his garment and buy one.”* Luke 21:35-36.

**UPDATE ON KEN ANDERSON:** Ken was found guilty on July 14<sup>th</sup> after a five-week trial, of fraud, conspiracy to commit fraud, and practicing medicine without a licence. He was immediately sent to jail and is still in jail; the judge turning down a half-dozen motions to release pending sentencing, pending appeal, writ of habeas corpus, etc. An attorney who has known Ken for over eight years has since been hired for him for a few weeks at a nominal fee. He obtained a delay of sentencing until Sept. 5<sup>th</sup> and will represent Ken at a “mitigation” hearing before sentencing and will lay the groundwork for an appeal. Ken will probably then handle his own appeal.

The State prosecutor submitted a “memorandum” insisting on a sixteen year sentence and a \$150,000 fine.

Our Report #2, mailed out to Arizonans near the end of the trial, is enclosed. Also another sheet mailed out last week to Arizona is enclosed. It gives a comparison between Mr Anderson's “crime” and that of a REVCO drug manufacturer in Arizona. You can fill out the questionnaire and send it to Judge Hughes if you wish.

**PRO SE AND JUDGE VS JURY.** Some have called or written to say Ken was foolish to act as his own attorney. He could not afford one, so he motioned the Court for “counsel of choice”, intending to have one of the students of George Gordon's Law Course.

The Judge denied all motions and appointed him a Public Defender. He turned out to be an attorney who also held a pharmacist's licence, so Ken objected that that attorney was “beholden to my enemies, the medical profession”. The Judge refused to replace him or allow Ken a non-licensed counsel. So he defended himself and did a good

job, especially in making the correct objections to set up arguments for appeal.

From this trial, I suspect Patriots would be better off having just a judge, rather than a jury of dumb citizens. The judge can then be held accountable for wrong rulings, whereas with a jury making a guilty finding, the judge is absolved and no one can be sued. (George Gordon, please note). God willing, I shall inform you in the September Newsletter that Ken has been released.

**THE JURY AND THE LAW:** Yes, Ken knew the Jury is supposed to decide on the law as well as the facts. He made several motions to require the judge to inform the jury of that. All were denied and the judge, as is usual, informed the jury that he, the judge, would tell them what the law was and they were bound to follow it as he gave it to them. Below is a quote on the subject, the truth of which jurors are not allowed to hear.

Under Arizona Statutes, each side is to give a set of “law instructions” they want the judge to read to the jury at the end of the trial. The State Prosecutor submitted 44 specifics, the judge accepted and read to the jury 43 of them. Ken submitted 24 specifics, the judge **REJECTED** 23 and read only **ONE** to the jury! In effect, the State Prosecutor wrote the judge's “law instructions” to the jury! So much for a “fair trial” in Arizona!

The views and opinions expressed in the articles herein or herewith are those of the authors and not necessarily those of CIM. They are written by fallible men. You must ask Jesus to guide your studies!

CIM reserves the right to edit submitted or reprinted material in line with CIM editorial policy. CIM does the utmost to ensure that the spirit of articles remains intact at all times.

If a juror feels that the statute involved in any criminal case being tried is unfair, or that it infringes upon the defendant's natural God-given inalienable, or Constitutional rights, then it is his duty to affirm that the offending statute is really no law at all and that the violation of it is no crime at all – for no one is bound to obey an unjust law. That juror must vote NOT GUILTY regardless of the pressures or abuse that may be heaped on him by any or all members of the jury with whom he may in good conscience disagree. He is voting on the justice of the law according to his own conscience and convictions – and not someone else's.

"The law itself is on trial, quite as much as the cause which is to be decided."

**KEN AND HIS FAMILY SEND THEIR THANKS** to the many who have prayed for them and to those who sent money to help them. One local family furnished Dottie and the children a place to live (their rented house was put up for sale by the owner) so that took care of one big expense. There will be continuing living expenses and some legal expense. Any additional contributions should be sent to FRIENDS OF KEN ANDERSON at our PO Box. The generosity of people on our mail list continues to amaze me and I say, "Praise God for such Christians".

**HELP FOR CANCER:** On the subject of natural health, write to Cancer Control Society, 2043 North Berendo Street., Los Angeles, CA 909027 for a list of sources of natural treatments for cancer. Their phone is 213-663-7801.

**WHY SO MUCH ON KEN?** Some have written since my last newsletter that I should not have spent so much time helping Ken, nor should I have spent so much Newsletter and mailing space about his trial, that after all, Emry's job is to preach the Kingdom message and not get all taken up with one family's problems.

First, I do pastor a church and I am responsible for helping members of the flock, so I did.

Second, **and of great importance**, all Americans in the Natural Health field face the same possibility of entrapment by undercover agents, doctored tapes, lying police officers and crooked prosecutors, **and I think you need to be warned!**

All across America, others in the Natural Health field have been arrested. We have also found out the United States government is under a United Nations directive to pass legislation to guarantee "the right of all citizens to effective health care".

And how will the State guarantee the citizen's "right to effective health care"? Why, by seeing that those who provide health care are "licensed", of course, how else? That means the unlicensed providers, the natural health people, must be stopped; otherwise the citizens' rights to "effective health care" would not be protected, would they?

The target date for such legislation was 1984. Trials like Ken Anderson's and the accompanying publicity will help get laws passed requiring health care to be provided ONLY by licensed practitioners. That is why Sen. Claude Pepper held hearings in June on "medical quackery" and the TV networks gave much coverage. They want the public to think all non-licensed people are "quacks" and swindlers, then demand the legislation.

**ALL CHRISTIANS SUBJECT TO SAME TYPE OF ARREST:** After watching this case against Ken Anderson for a year (he was arrested July 11, 1983), I have a **very serious warning to all Christians.** Here it is:

Although Christians are perhaps the most law-abiding group in the nation, the FBI or police can use undercover agents and tape recordings and easily get convictions.

All the undercover agent has to do is record the conversations of two or more persons, keep it up for days, weeks, or months (they have unlimited time and money) until something or anything is said that could be made to sound sinister or compromising when played to a jury. Then they are arrested and charged. The exact crime is not important as they then add **conspiracy to commit such and such a crime.** That is why they always arrest two or more so they have a conspiracy charge which is easier to prove. In Anderson's case they added Doctor Wickman because Ken had referred the undercover agent to Dr Wickman for certain treatments, and voila, "a conspiracy"! Wickman's trial is scheduled in August.

Read this carefully: **even if no crime was committed, two or more can be convicted of "conspiracy" if they only talk about such and such an act!**

**HERE IS HOW IT IS DONE:** Four men were convicted in Arizona several years ago by tapes made by an undercover policeman posing as a Patriot. A story was told to three of the Patriots about two children being taken illegally from their parents by the California Welfare Department. The undercover policeman suggested, "We should go get those kids and give them back to the parents", and indicated there was money to pay for the trip. The trio expressed their indignation of the California Welfare Department and the conversation was being recorded.

The policeman egged on the conversation, recording it all, including taps on their phones where he would call them and talk about "let's go and get those kids".

After several weeks of this, the police arrested the trio and a fourth man known to all three and charged them with "conspiracy to interfere in California child custody laws". This fourth man, who was the real target of this "Cointelpro" operation, and whom I'll call John, claimed he never knew anything about the so-called "plan to get the children", nor that he was in on any of the conversations. However, on taped conversations among the other three, they used his name as if he knew all about it, the police officer testified he did, and he was convicted of the conspiracy charge, as were they all.

**READ THIS CAREFULLY:** It was not until four years later, while still in prison, that John found out HOW he had been trapped. Here is how simple it was to do:

The police knew John would probably NOT agree to any unlawful act. Therefore, the undercover police officer brought up the plan for getting the children, not to John, but to the other three. Then, he told those three, "John knows all about this, but don't talk to him directly about it, because he doesn't want to be involved until later".

The other men, not knowing the speaker was an undercover agent, then refrained from talking to John about the "plan", but of course when they talked together they used John's name as if he was part of the plan **and those conversations were recorded by the undercover agent.** Those recorded tapes easily implicated John, even though he never heard of the plan until after he was arrested!

At the trial, of course, the police officer swore John knew all about it in advance, and the taped conversations of the other three seemed to prove it, so how could he deny it? John tried to, but the jury believed the police officer **and**

**the tapes** and he was convicted and sentenced to seven years in prison. He is still there.

By the way, he was appointed a public defender just ten days before his trial. The public defender was honest and complained to the judge he had had no time to prepare a defense. The judge insisted the trial go ahead anyway. The public defender tried to defend him, but with his name mentioned a dozen times on the undercover tapes, it was impossible. He became another victim of clever plans of entrapment carried out, not by known communist enemies, **but by local police officers!**

**AND THERE ARE OTHERS.** Many have written me with similar stories of entrapment by police or FBI, violations of civil and constitutional rights by police, perjury on the witness stand by police, etc. There is no way I can repeat all of them here; I can only give some details of those I know about personally in order to teach and warn fellow Christian-Patriots.

The key is the undercover agent representing himself (or herself) as a friend or a customer, then leading the conversation into subjects which will sound illegal or at least sinister to a jury. Pray that God will give you wisdom in all your conversations and your actions.

You should add prayers that God catch our enemies in their own nets and their own traps.

**SPEAKING OF TRAPS, THE GORDON KARL CASE MAY COME UNDONE!** The *Arkansas Democrat* published a long investigative report on the shootout in Arkansas in which Kahl was killed. The newspaper revealed FBI agents lied in their reports and on the witness stand in Court, but the big bombshell was the autopsy report and the local coroner's report. **BOTH GORDON KARL AND SHERIFF MARSHALL WERE SHOT IN THE BACK OF THE HEAD AND GORDON KARL HAD NOT FIRED HIS GUN!**

The controlled press still repeats the FBI claim that Kahl and the Sheriff shot each other. They all now know that is impossible, but they will not reveal it.

The speculation now is that someone, not the Sheriff, entered Ginter's house and killed Kahl before the Sheriff went into the house. When the Sheriff came in and saw the body, he said, "My God, you've killed Bill" and named a man who lived a few miles away. Sheriff Marshall had never seen Gordon Kahl, but he knew the neighbour and the neighbor looked very much like Kahl.

Since the FBI agents in the house had never seen Kahl either, they were momentarily convinced they had killed an innocent neighbor and when the Sheriff turned to go out and reveal what the FBI agents had done, one of the FBI agents shot Sheriff Marshall in the back of the head (where the autopsy said he was shot).

Now the agents had a dead sheriff and a body possibly not Kahl's. Some quick thinking FBI agent (they all have high IQ's), then got everyone out of the building, told the other agents and police officers outside that, "the Sheriff shot Kahl and Kahl shot the sheriff", and that "Kahl might still be alive in the building". They fired hundreds of rounds into the house, then poured gasoline down the chimney and burned everything up.

Their story now was that none of them had seen the man in the house, only Sheriff Marshall, who was now dead. That way, If the body turned out to be Bill, it would be the Sheriff's fault for killing the wrong man, not the FBI's. Most of the police officers at the scene, of course, were 50-100 yards away in the woods and could not personally know what had actually happened inside the house. They probably believed the FBI agent's story and the Sher-

iff died without talking. Now that the autopsy has been publicly revealed, the FBI agent's story is shown to be a lie.

That the above is quite likely what happened is also confirmed by the agent's actions after the shooting. They obtained dogs and scoured the nearby woods for hours, along with a helicopter with floodlights. If they knew Gordon Kahl was dead in the house, why did they do that? They must have done that because for a few hours they thought the dead man in the house was the neighbor, Bill, and somehow, Gordon Kahl was still loose! They didn't find out until the next morning that the neighbor was still alive.

The Ginters, who owned the house, are still being held in jail, charged with murder because "Gordon Kahl killed the Sheriff". Now if they go ahead with the murder trial of the Ginters, the autopsy report is bound to come out in the trial and all Hades is liable to break loose in Arkansas as the people and other police officers realize those FBI agents murdered their Sheriff!

Some also might wonder what this farmer, Gordon Kahl, knew that was so dangerous to the U. S. government that they set up U.S. Marshals to kill him in North Dakota and then when they found where he was in Arkansas, they did NOT try to call him out to surrender, but sent men in to kill him so he could never talk in Court.

The FBI and the corrupt politicians are caught between a rock and a hard place. If the Ginter's trial proceeds, they'll be exposed and if the murder charges against the Ginters are dropped, that would be an admission that someone else, probably the FBI agent, murdered the Sheriff! So they hold the Ginters in jail, now for almost a year, with no trial.

Patriots in Arkansas are trying to get a grand jury investigation of the whole incident, but criminality and corruption is so bad in the FBI and the political powers that it may be prevented. The *Arkansas Democrat* is the only newspaper which has told the truth about the autopsy of Kahl and the Sheriff in Arkansas. The networks, the politicians, etc., still repeat, "Tax protester Gordon Kahl killed the Sheriff..." They know better.

For current information on the above, write to: Christian Benevolent Fund, PO Box 1511, Harrison, AR 72601.

**TERRORISM, RAPE AND MURDER:** So far, most of this in America has been from drug and alcohol driven people. However, the political terrorist is here, many of them both anti-Christian and anti-American.

God willing, we'll cover this subject in some depth at another time, but I will give a few pieces of advice:

1. Move out of inner cities if possible.
2. Have burglar alarms or dogs or both.
3. Install a device to talk to people outside your front door without opening it.
4. Consider carrying mace or tear gas.
5. Do not go alone to shopping centers, especially women and young people. We found out recently (the newspaper does not cover this) that over ninety women and children have been abducted from **shopping center parking lots** in the Phoenix area since January 1st! Some lost only money, some were raped, and some were killed. Apparently the criminal will see a lone woman leave her car, usually far out in the lot, he will wait near it until she returns, then hide behind or under it and grab her after she unlocks her car. He then abducts her, using her own car. These usually happen at dusk or after dark. However, children left in parked cars have been kidnapped in daylight, often by someone who tells them, "Your mother has been hurt, come with me and I will take you to her".

6. If taken hostage by anyone, terrorist, or other enemy, it is sometimes best to “faint” and fall down. You aid them if you stay conscious and go under your own power. They don’t know what to do with a limp body and may panic and run. Some think, “If I faint, they’ll kill me”. Probably not, unless they intended to till you somewhere else anyway, so what have you lost? Police reports show that nine times out of ten if a woman screams or faints, the would-be abductor will run.

Example: A couple on our mail list protested the spraying of Malathion **for the third time** on their lot in California. The sprayers called the police who physically manhandled both husband and wife. The couple almost instinctively shouted back and resisted and they were arrested and charged with assaulting a police officer, refusing to obey a lawful police order, etc. If, when the police first took hold, they had both fallen to the floor or the ground and forced the police to carry them, it is possible nothing would have been done. The left-wing and pro-Communists do this all the time in their unlawful street demonstrations. When the police show up, they go limp, they are carried off, and then **they** file lawsuits against the police.

All of that may seem not to be a Bible subject, but we must learn, for the tribulation is upon us. Pray for God’s mercy on our people.

**PUBLIC SCHOOL CURRICULUM:** The above reminds me of a remark by a home schooler recently that with the socialism, rebellion and amoral sex taught in the government schools, their new three R’s should be “Rob, Riot and Rape”.

I have a book written 100 years ago in which the author claimed that 99% of the criminals in jails at that time had been taught in public schools. He said church and home schools produced practically no lawbreakers. I can see how he must have been right.

**THAT BRINGS UP THE RIGHT TO BEAR ARMS.** The left-wing uses all sorts of false and specious arguments against the private ownership of guns. However, most pro-gunners use the **WRONG** arguments about crime and guns. Consider this, and use it on your friends:

**THREE ANSWERS TO CRIME: WHICH IS RIGHT?**

- The Liberal’s answer: Disarm the citizens!
- The pro-gunner’s answer: Jail the criminals!
- The correct answer: Arm the citizens!

A speaker at our Church a few years ago explained the Common Law and the citizens’ responsibility to maintain law and order through the Constitutional Posse Comitatus. During his lecture he said, “We should never have fallen for the idea we need uniformed policemen to protect us. He was asked, “How would we keep down the criminals without the police?” The speaker asked, “In my county of 2,000 population, who do you think would be the greatest deterrent to criminals, our present six uniformed policemen, or 800 armed, male citizens?” The answer is obvious.

Is it possible we have more than a “right” to bear arms? Is it possible we have a “duty” to do so?

In every area of our society, wherever our people shirked their personal duty or responsibility by hiring someone else to “do it for them”, that “someone else” has become our master instead of our servant. Thus do totalitarian societies come into existence. One is coming into existence in once-free America.

**NEBRASKA AND PASTOR SILIVEN:** When Judge Regan sentenced Siliven to jail and ordered that he not have a tape recorder or writing material, he added, “If Pastor Siliven wants to practice his religion he can leave the State”.

We received a well-written treatise on Siliven recently suggesting all Christians “boycott Nebraska”. It urged travellers to go around the State or go through without buying anything but tell merchants why, not to buy beef or pork (?) raised in Nebraska and also to boycott the **BACK TO THE BIBLE** broadcast, Lincoln, Nebraska, because Theodore Epp refused to back Siliven, saying, “We talk only of issues, not individuals”.

The police officers forcibly removing people from Siliven’s Church was videotaped. It is titled **ASSAULT ON RELIGION** and is available from Faith Baptist Church, Box 249, Louisville, Nebraska, 68037 for \$40. Specify VHS or Beta.

**ANYONE EVER HEARD OF REV. LESLIE MILLEN?** Years ago I had two taped lectures by him. Rev. Millen had been a missionary in China for twenty years before the Red takeover and two years after, getting out in 1950. He tells of how he did **NOT** recognize the secret communists and communist propaganda before the Red takeover (like most Ministers in America today), how the Reds first helped all the people, arresting only known criminals until **AFTER** they got all the people’s hidden weapons, and then began the butchery.

He says of the time after the people’s weapons had all been confiscated, “Then we learned the difference between communist ideology and Bolshevik terrorism”. He gives a graphic and blood-curdling description of the unbelievable cruelty and murder of thousands and thousands of Chinese in his city (millions in all of China) during the next two years.

I had those tapes, loaned them out years ago and lost them. If anyone has copies, please let me know. I would like copies to reproduce. Americans, especially Ministers, who are being told how we should get along with the Red Chinese should hear Rev. Millen’s story.

**IT IS STILL KINGDOM TIME.** Pastor Emry’s Newsletters may seem more negative than positive with articles like those above. However, my radio broadcasts and sermons cover the other side of the coin, the good news of the Kingdom. I beg your forgiveness. I use the Newsletter to talk of other things that are necessary that Christians should know to help them be part of God’s battle axe and weapons of war.

Besides, the “bad news” gives you news you can use to prove to your friends we are in the “tribulation”. Then, lend or give them Kingdom-Identity books or tapes.

**THE CHURCH AND USURY.** Speaking of books, we now have reprints of the book **THE CHURCH AND USURY**. It should be in the library of every Church and of every student of Bible Law and money.

It has extensive quotes from famous men on usury from 3,000 years ago to the 20th century. It proves our Christian fathers considered any gain (interest) on money to be a sin and the major source of the ills of Christendom. It is a marvellous antidote for the gold bugs and the so-called hard-money men who claim all economic ills are caused by paper money. They are false prophets, creating an illusory culprit to keep Christians from seeing the real culprit is the usurer.

We have 500 on hand for an offering of \$5 each. When ordering please specify book #633.

**FORECLOSURE!** More and more farmers and others are writing or calling us for advice after reading my Billions for the Bankers. I would like to help, but know a better source of legal help, which is what they need. Send \$35 to Patriots Information Network, PO Box 21740, Milwaukee, WIS. 53221. Conrad LeBeau will send you:

1. Foreclosure Seminar,
2. How to Stop Foreclosures using the Credit issue,
3. Common Law Liens, and
4. Discovery Made Simple.

You'll get about two pounds of paper and three cassette tapes. There is no "magic pill". **Both husband and wife will have to spend 60-80 hours studying the material.** Then you will be able to try to both save your farm and reduce your indebtedness, **but don't wait until after they've foreclose on you.**

Very few attorneys know these common law procedures or will risk their career in using them. You will have to do it yourself and Le Beau's material is about the most complete I have seen. Le Beau and others have been instrumental in helping farmers file over \$2 billion in lawsuits against Bankers and government lending bureaucrats in the last eighteen months! The money-power is in trouble in America! Tell Le Beau that Emry recommended you write him.

If the Sheriff's sale of your home, farm or business is imminent, you or someone you trust should make a bid of at least \$21 silver dollars at the auction. When it is rejected and sold to someone else, you can file a lawsuit claiming you were the only one to submit a bid in "lawful money". That will place a cloud on the title and may hold up the transfer until you can follow the rest of Le Beau's procedures. May God bless you as you wrestle against "the rulers of the darkness of this world, against spiritual wickedness in high places".

President Lincoln prophesied of the time when the government and the money-lenders would take the people's property and destroy the Republic.

**"I see in the future a crisis approaching that unnerves me ... And causes me to tremble for the safety of my country ... Corporations have been enthroned. .. An era of corruption in high places will follow and the money power of the country will endeavor to prolong its reign by working on the prejudices of the people... Until the wealth is aggregated in a few hands ... and the Republic is destroyed."**

**Abraham Lincoln, 1865**

**GARY NORTH OWES AMERICAN PATRIOTS AN APOLOGY.** During the Jewish invasion of Lebanon in 1982, Gary North sent out several tapes on which he interviewed a "Vendyl Jones" who called himself a "Christian", and who told how he was in Lebanon with the Jewish forces and watched the Jews blow up 80 Syrian tanks in one minute, how the Jews found massive stores of Soviet weapons in caves and tunnels in Lebanon, and how the Russians had brought 3,000 tanks into Syria for a future assault on Israel.

On the tapes Vendyl Jones insisted he was a Christian and North seemed to approve of what Jones said. During the same time well-known pro-Jewish TV evangelists repeated the same story of "massive stores of military equipment found in caves and tunnels in Lebanon, obviously there for a Russian attack on Israeli".

One even described "a mile long underground, concrete-lined tunnel from West Beirut to the airport" that was supposedly built secretly by the PLO. (The PLO hardly had shovels, let alone tunnel borers and concrete equipment!). Well, I said in my newsletter, and I wrote to Gary North, that I believed all of those stories of caves and tunnels and Soviet munitions in Lebanon was a hoax, that their purpose was to re-enforce the false propaganda of the Jews and the phony TV evangelists that the Russians were against Israeli. I said I believed that most of what Vendyl Jones told on North's tapes was a lie, and that Jones had tricked Gary North into spreading those false tales to Christian Patriots.

I heard nothing from Gary North, but Vendyl Jones' later actions prove my suspicions. Shortly after Gary North convinced his gullible readers that Vendyl Jones was a "Christian", Vendyl Jones began his own newsletter "for Christians," filling it with pro-Jewish propaganda.

Within six months he became a citizen of Israeli, claiming they granted him that because of his "friendship with the Jewish people". Gary North must know that no one can become a citizen of Jewish Israeli except Jews. Then in July of 1983 Vendyl Jones published a book, "Will the Real Jesus Please Stand?" The book makes a mockery of God, demeans His Word, and tries to make the reader believe the Gospel of John is spurious. Remember, it is the Gospel of John where we find Jesus telling the Jews they are of their father the devil, that they are not of God, that they are not Jesus' sheep, etc. (John 8 - John 10) The Jews hate the Gospel of John and would love to get Gentiles not to read it or believe it. That Jewish goal of downgrading both Jesus Christ and the New Testament is what Vendyl Jones is trying to accomplish and he has been aided in his nefarious work by Gary North's wholehearted endorsement of him as a "Christian" back in 1982 and 1983.

Mr North, you need to redeem yourself in this Vendyl Jones matter. Jones is now easily seen to have been promoting a form of Jewish propaganda which is both anti-Christian and anti-Bible and therefore it is almost certain that what he told on your tapes was a mass of outright lies. How about an explanation, or perhaps the whole story, to your readers?

**THE TRUTH OF LEBANON IN 1982** was not told by Vendyl Jones or by most other news sources. However, it was told in our assembled booklet, **THE U.S. RULERS' WAR ON ARABIA**. We sent a copy to our mail list in late 1983 after the bombing of the U. S. Marine Barracks. The booklet asked Americans, "Shouldst thou help the ungodly?" We have several hundred copies which readers can have for an offering of \$2 per copy.

**FALWELL, TYPICAL OF DELUDED MINISTERS.** Falwell, of course, erroneously uses Genesis 15:18 in his claim that God has given all the territory of those nations to the Jews. It reads:

*"In the same day the LORD made a covenant with Abram, saying, Unto thy seed have I given this land, from the river of Egypt unto the great river Euphrates."*

Falwell, steeped in the Jewish interpretation of all Scripture, teaches that the people who call themselves Jews are that "seed". However, this covenant was made by God with Abraham while his name was still Abram. Abram's "seed" in Genesis 15:18 was Ishmael, the progenitor of many of the people of the Arab world and that land was, and is, given to them. They now occupy it.

The Jews are not that "seed", and any attempt by them to take it from Abram's true seed will bring God's judgment on them and on all who help them.

After Abram's name was changed to Abraham, he had another "seed", Isaac. From Isaac came Jacob, whose name was changed to Israel, and from Israel came twelve sons who were the progenitors of the "Israelites".

Those Israelites were given a "conditional" claim to a small part of that land between the Nile and the Euphrates, the land of Canaan along the Mediterranean, when they were brought out of Egyptian bondage. The "condition" was that they obey God's Law or they would lose the land. They disobeyed, lost the right to Canaan-land and were cast out of the land according to 2 Kings 16, 17 and 18, Jeremiah, and others.

From that time on Israelites have had no claim to any land in the Mideast. However, the descendants of Ishmael, whose claim was unconditional, still hold the Bible title to all of the Mideast.

Therefore, even if the Jews were Israelites, they would have no claim on the land from the "river of Egypt unto the great river, the river Euphrates" given to Ishmaelites, nor to tiny Palestine, given to Israelites.

To make matters worse for the Jewish claims to any of the lands in the Mideast, contrary to Falwell's Jewish interpretations, the modern Jews are not Israelites either! It has been overwhelmingly proved by hundreds of scholars of history, archaeology, language and the Bible that the Caucasian People of Europe are the physical "seed" of ancient Israel.

Even the famous Jewish writer, Arthur Koestler, in his book *THE THIRTEENTH TRIBE*, published in 1976, revealed his findings that the modern Jews (of which he was one) are descendants of a Turko-Mongol people of Asia who adopted Judaism as a religion 1200 years ago and became known as "Jews", not because they were Israelites, but because they followed "Judaism". To claim, at this late date, that modern Jews are Israelites, is to fly in the face of all history, Bible prophecy, and common sense. Only preachers willingly blind to the truth or in the pay of the non-Israelitish Jews continue to preach such a hoax.

**YOU CAN ASK FALWELL ABOUT LEBANON** by calling his toll-free number, 1-800-446-5000. You might want to ask him (or the student who answers the phone) about the article below:

### **Falwell: Begin sees huge state**

TYLER. Texas (UPI) - The Rev. Jerry Falwell, founder of the Moral Majority, said he has been assured by Israeli Prime Minister Menachem Begin that the Jewish state eventually will stretch from Egypt to Turkey.

"Israel's Begin shares the Biblical view of promised land," Falwell said in a copyright story in Sunday's editions of the Tyler Courier-Times-Telegraph.

He said Begin, whom he termed a personal friend, told him the Bible predicts the nation eventually will have boundaries on the Euphrates and Nile rivers and will include portions of Iraq, Syria, Turkey, Saudi Arabia, Egypt, the Sudan, Lebanon, Jordan and Kuwait.

"Begin is the first prime minister to believe in the inerrancy (literal truthfulness) of the Old Testament."

Falwell said in taped comments. "Begin will quickly tell you 'We don't have all the land yet we're going to have it.'"

**MORE MINISTERS LEARN THE TRUTH.** During the last twelve months we have heard from several Min-

isters who have learned of our Identity as Israelites and now teach it in their churches. Some lost members, but kept on. I have NOT publicized their names and addresses as I felt they needed some time to grow in this Truth before the antichrists learned about them!

In my last newsletter I told of Mr Art Harms making a circle trip through fifteen western States showing our film, *HEIRS OF THE PROMISE*. While I was writing the above, he called me to ask for more literature to be sent to him in Montana and informed me he had shown the film at one Church in California, and had another scheduled in Washington next week. In both cases, the Minister agrees and teaches we are Israel.

Praise God for these Ministers. Pray for them, that God will give them strength to persevere in the face of the opposition that will come to them.

**THE LAY PEOPLE RESPOND.** Mr Art Harms, on the trip above, is one layman who is doing yeoman work for the Kingdom-Identity Truth. Also, since my last three Newsletters, I have been extremely gratified with the scores of letters from people who write, "Pastor Emry, your call for lay people to do more, has motivated me to do ..." and then they will write of what they are doing. Several have begun newsletters, many started Bible studies, and some have begun church in their home. Pray for them too, and more of you should take hold and do the work of the Lord diligently.

**BIBLE LAW COURSE.** Those starting home or group Bible studies should get Bill Strittmatter's home-study course on Bible Law. It is good. Write to The Christian Committee to Teach Bible Law. In Australia, write to Christian Identity, PO Box 146, Cardwell, Queensland, 4816.

**LAY PEOPLE NEEDED AT DALLAS AND TULSA.** Christian Research, of Eureka Springs, Arkansas, will have a Christian-Identity literature booth at the Texas State Fair in Dallas, Oct 7-23 and at the Oklahoma State Fair in Tulsa, Sept 28-Oct 9.

This is a tremendous undertaking and an opportunity to reach hundreds, perhaps thousands, with Bible Truths. However, it takes workers. Two dozen or more people are needed to volunteer one or more days to man the booths. Anyone above the age of fifteen can help.

For Dallas, call Roger Alexander, 817-466-1274.

For Tulsa, call Miss Koch, director of Christian Research at 501-253-7185.

Don't delay; schedules must be set up soon.

**AMERICA'S PROMISE RADIO** has expanded, for which we praise God. The log enclosed is almost current and a new one will be out next month.

In spite of now reaching tens of thousands more with new 50,000 watt stations, do NOT get complacent. The fundamentalists with their hell fire and damnation and their "the Jews are God's Chosen People" still upstage us 1,000:1. As an example of their tremendous radio coverage, Lester Roloff, who died about two years ago, is still being broadcast on 150 radio stations, many of them two times a day and on Sunday. He is heard on nine 50,000 watt stations five days a week and some on Sunday. Roloff's work (with young people who had gotten in trouble) was, and is, tremendous. However, his doctrines were very far from Bible Truth and he is only one of HUNDREDS on radio and on TV!

So, our work is cut out for us: Keep praying, keep telling others, and keep supporting Identity radio.

**SPEAKING OF HELLFIRE**, someone sent me Richard De Haan Jr's booklet, **THE ETERNAL FIRE**. On page six he quotes his father thusly with approval: "Think of the Hamans, the Neros, and the Hitlers whose hands are stained with the blood of thousands and millions of innocents. Did death end all for these men? Is there no punishment for such? Then my faith in the moral integrity of the God of the universe must go by the board entirely."

Did you realize what this puny mortal said of God? He said, "God, unless you punish for eternity the men I, a mortal, tell you that you must punish, then I have no faith in YOUR moral integrity!" De Haan dares to tell God what is moral!

The ignorance of the man to speak of God thus is unbelievable. What blasphemy little men utter when they claim to tell the God of the universe what He must or must not do to earn their "faith"! De Haan demands that God conform to De Haan's idea of morality. From such fools, turn away.

**ABIGAIL VAN BUREN**, the Jewess author of "Dear Abby", defines patriotism for you gentiles in her nationwide column. This is from our Arizona Republic of Nov. 25, 1983:

## Bigotry, fierce patriotism make illogical bedfellows

**DEAR ABBY:** From time to time, I meet people who are anti-black, anti-Jew, anti-Catholic, anti-gay and anti-foreigner, while loudly proclaiming that they are passionately pro-American! Since the logic behind this kind of thinking escapes me, I am at a loss as to how to deal with them. Please advise.

Charlotte Campbell

**DEAR CHARLOTTE:** Tell them it is not possible to be anti-black, anti-Jew, anti-Catholic, anti-gay and anti-foreigner and passionately pro-American at the same time because much of America is composed of blacks, Jews, Catholics, gays and foreigners.

**OUR FORM OF GOVERNMENT MAKES CHRISTIANITY THE ESTABLISHED RELIGION**, according to an American Judge in 1190 in Runkel vs. Winemiller. In a case upholding the right of an English citizen to teach in an American church, he wrote, "Religion is of general public concern, and on its support depend, in great measure, the peace and good order of government, the safety and happiness of the people. **By our form of government, the Christian religion is the established religion;** and all sects and denominations of Christians are placed upon the same equal footing, and are equally entitled to protection in their religious liberty".

"Dear Abby" and other non-Christians would really squeal today if a judge based any part of a decision on, "By our form of government, the Christian religion is the established religion". Yet it is true, not because that judge knew it and said it, but because the Almighty God, the Holy One of Israel decreed it.

God said in Isaiah 28:16, "Behold, I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a sure foundation". Our Colonial fathers laid that stone, Jesus Christ, at the bottom of the foundation of this America-Zion. Antichrists may curse at, corrupt and even tear down much of our nation's edifice, but they shall never disturb nor remove that Stone. Jesus shall remain the foundation Stone of this nation forever.

**LITERATURE** is still necessary. Millions have never heard the Christian-Identity message. Help them find it. Bill Strittmatter put some ideas in his last mailing; buy small Identity tracts and put them in:

- Phone books in restaurants and outdoors.
- Motels and Restaurants when travelling.
- Doctors and dentists waiting rooms.
- Libraries, just think of the books in there!
- Mail in all your letters.
- Leave a trail wherever you go.
- Ask God to lead a searcher for Truth to them.

### A WITNESS POR TRUTH HAS PASSED AWAY.

Louis Zoul, author of "Thugs and Communists and The Soviet Inferno", passed away in July. His widow will continue to sell his books. Write Helene Zoul, Box 4044, Long Island City, NY, 11104. Send her \$11 for "Thugs and Communists". It will give you more insight into communism than 50 John Birch Society books. Mr Zoul's great mind will be missed among the real Patriots.

**INTERNAL TAKEOVER, NOT EXTERNAL INVASION**, is the probability. Louis Zoul (above) warned us that the conquerors themselves want the people to fear war, so they won't fear the internal mechanism for police control. Here is a composite of how several Patriots have outlined the internal conquest:

1. Government agencies, government schools, movies, TV, and tax-exempt foundations finance and promote the escalation of discontent and crime.
2. These same groups advocate and work for a nationally-controlled police network (LEAA, US Marshals, FBI, national-identity computers, etc.), in order to "offer collective solutions to increasing violence".
3. As domestic crime and violence increase, duped American middle-class citizens will be led by the media to demand that the established police network "stop the violence" and protect the citizens.
4. More arbitrary powers will be placed in the hands of government agencies and all police forces.
5. With more violence, the people demand and approve police actions without Constitutional safeguards. Federal and State agencies will be given authority (or simply allowed) to conduct surveillance of any citizen, stop and hold citizens "on suspicion", search without warrants, arrest "associates" of "criminals", detain without bond or trial, seize and hold property, and on and on.
6. New "police powers", given supposedly to "reduce crime", will be used to railroad Christian Patriots into prison along with the alcohol and drug addicts, thieves, rapists, and murderers. During this time friends of those in power will be skipped in arrests and prosecution.
7. Violence and resistance grows until most citizens, ignorant of the real goal, approves the government arrest of "gun owners" and the confiscation of all guns in the hands of private citizens "to prevent further violence".
8. When the people are disarmed and incapable of any physical resistance to tyrannical government, then Christian Patriots still at large will be rounded up. The people will not miss the real defenders of Liberty until it is too late. So goes a "worst case" scenario.

# Lack of charges in cocaine case tied to bond vote

**Key Tucson figure protected to save ballot, officer says**  
Associated Press

TUCSON - A law-enforcement officer says the chairman of the committee appointed to lobby for Tucson's largest municipal-bond package has not been charged with cocaine possession because to do so might have endangered a May 22 bond election, a newspaper reported Monday.

The *Tucson Citizen* said in a copy-right story that three vials said by police to contain cocaine were seized from Ronald R. Caviglia's office less than two months before the May 22 bond election.

"I think a major reason that nothing has been done yet is a perceived impact on the bond issue," the newspaper quoted the unidentified officer as saying. "If it were not for his political situation, he would have been turned over to the narcos (narcotics officers)."

The officer insisted on anonymity, explaining, "It would be my job if this got out."

The newspaper said police gave a different explanation for why Caviglia remains un-charged, saying it is because of Caviglia's extensive political connections and his apparent willingness to expose alleged corruption in government.

"It's who Ron Caviglia was and who he knew and the circles he

moved in," the newspaper quoted an unidentified police officer as saying.

Police Chief Peter Ronstadt strongly denied that the bond election had anything to do with the department's decision to not file charges immediately against Caviglia.

However, others who were present during conversations concerning a possible deal with Caviglia reportedly told the *Citizen* that the effect of a possible arrest on the upcoming election was discussed.

Ronstadt said charges still can be filed against Caviglia, who was chosen by City Manager Joel D. Valdez to head the 21 member Citizens Bond Advisory Committee.

Caviglia, who successfully pushed

the passage of \$330 million in bonds for various city departments in the May election, was contacted several times, but refused to discuss the case. He referred all questions to his lawyer, Michael Grayson, who said the case "was disposed of without prosecution."

Police reportedly told the newspaper they found the substance believed to be cocaine in a desk belonging to Caviglia on the fifth floor of the downtown Pioneer Plaza on March 25, during a period in which Caviglia was working to pass the \$376.5 million bond issue.

The bond issue, which included \$34.4 million for improvements to the Police and Fire departments, was the largest ever proposed by the city.

Caviglia, who heads RRC Co., a local development firm, is active in the local Democratic Party. He has assisted in fundraising campaigns for County Attorney Stephen Neely, County Supervisor David Yetman and was co-chairman of the political action committee for the Southern Arizona Home Builders Association.

Although Ronstadt and other investigators in the case said the bond issue was not a factor in the decision not to file charges against Caviglia, one investigator told the *Citizen* that police "were very much aware of the fact that he was on the bond committee, but it was not an overriding concern" in the decision not to press charges right away.

**"INSIDERS" NOT ARRESTED FOR CRIMES.** The article at the left was sent by us to Arizona State Legislators as a comparison to Ken Anderson's treatment. Reread #6 in the preceding article. My current radio series shows the connection between Babylon, drugs and political control.

**DOES GOD HAVE A SAY IN ALL THIS?** For believers, the correct answer is "Yes", and the signs fit the Bible.

Here is an excerpt from a recent letter, showing how one man, apparently part of the corruption in America, was turned around by Kingdom Truth:

"I am writing to express my personal thanks for your dedicated work. A friend of mine gave me some literature of yours last year. It really opened my eyes and gave me an unquenchable thirst for more knowledge of the problems facing Christianity and our Great Country. I was, up until last year, an unwitting accomplice to some of the vile, evil, corrupt, and morally bankrupt movements in our Great Land.

"I am twenty-five years old and have never, until last year, given much thought to the great conspiracy being set upon us. I didn't have any concern for these things. It seems most everyone knows there are great problems facing our country and the world, but very few people care enough to learn the root of these problems. We have, as a people, grown fat, lazy, and uncaring. What a rude awakening it is going to be. I pray to the God of Abraham, Isaac, and Jacob that more men will follow your path to awaken true Israel to her destiny."

Then follows that he is in jail until 1985, family, etc. He does not ask for anything, but says of he, his wife and four children, "We are learning to rely (on), and trust in, our God, and are building a firm foundation of faith."

Notice: **The repentance is not that he hurt himself by wrongdoing, but a godly sorrow that he was harming America!** He is sorrowful that he had previously cared not for Israel or the Kingdom! Is that not Kingdom repentance? What did the Psalmist write? "Pray for the peace of Jerusalem. They shall prosper that love thee."

Will the day come when millions of God's Israel sheep cry unto God in repentance that they had neglected His great Kingdom nation?

Does God want not only our sorrow that we have sinned against Him, but our sorrow that in doing so we have brought His great Kingdom into disrepute?

What could be, and should be, the greatest witness to Jesus Christ in the world today? Think! Would a great and mighty, **and righteous, Christian nation** be such a witness? It would, and our Christian forefathers had that dream and that goal, but we have allowed that witness to be destroyed by our sins.

May God have mercy on us, and on all Israel, and He will, for He is faithful to forgive, Praise Him for that.

**DON'T FORGET US.** Personal mail is answered intermittently, receipt letters may be slow, some tapes and materials are delayed, Newsletters are off schedule, but we still try to serve Jesus and Israel. Write us, and pray for all here, as we pray for you and for all Israel, in Jesus,

Pastor Emry

Please remember our work in Australia as well. Many more people need to read this material and listen to AMERICA'S PROMISE Bible Study Tapes. Unfortunately funds are limited! In Christ,

## Arizona firm sold drugs 'improperly' Disregarded warnings of FDA, paper reports

United Press International

CLEVELAND - Officials of Revco Inc., maker of a vitamin compound linked to the deaths of premature infants, Thursday refused comment on a report that its Carter-Glogau Laboratories subsidiary in Glendale, Ariz., marketed more than 50 unapproved drugs despite government warnings.

The *Cleveland Plain Dealer* reported that Carter-Glogau also improperly marketed more than a dozen other drugs in unapproved strengths and sizes, as well as 34 vitamin and mineral products.

The Food and Drug Administration pulled a Carter-Glogau vitamin E solution, E-Ferol, off the market when it was linked to the deaths of 38 premature babies in April. The FDA said the drug, used to prevent blindness, had not received necessary federal approval.

Officials of Revco, based in Twinsburg, Ohio, said they could not comment because the investigation was continuing and because more than \$40 million in suits were pending against the firm. FDA officials also declined comment.

The FDA seized at least 10 Carter-Glogau products between 1976 and 1981, the *Plain Dealer* said, and sent the company 16 letters between 1976 and 1982 telling the firm it considered some of its products unsafe or ineffective.

The *Plain Dealer* said the drugs in question were dispensed for both human and veterinary use. They are commonly used, injectable medications ranging from anesthetics to hormones and are prescription drugs, the newspaper said.

THAT'S ALL FOLKS!

No criminal charges.

No arrests.

No fines.

No jail.

No nothin!

The Attorney General used several agents over a year's time investigating Natural Health Counsellor Ken Anderson and had to end up "creating a crime" with an undercover agent because there was no complaint from the FDA and NOT ONE CITIZEN WAS FOUND WHO HAD BEEN INJURED BY KEN ANDERSON OR WHO HAD EVER FILED A SUIT AGAINST HIM OR WHO HAD EVER MADE A COMPLAINT!

COMPARE that with Carter-Glogau (REVCO), WHERE ABUNDANT EVIDENCE ALREADY EXISTS FROM THE FDA AND FROM NOW PUBLICIZED SOURCES OF THEIR ACTIVITY OVER MANY YEARS WHICH ENDANGERED CUSTOMERS AND RESULTED IN INJURIES AND PROBABLE DEATHS. What is Bob Corbin's action against Carter-Glogau? NOTHING - NOTHING AT ALL! No investigations, no undercover agents, no arrests, no confiscated merchandise, no trial, no jail or even any threat of jail!

**COMPARE ARIZONA ATTORNEY GENERAL BOB CORBIN'S TREATMENT OF NUTRITIONAL COUNSELLOR KEN ANDERSON [ON OTHER SIDE] WITH NO PROSECUTION AT ALL IN THE CARTER-GLOGAU [REVCO] CASE HERE.**

1. Ken Anderson was charged with fraud for selling ONE substance not approved by the FDA, Tumorex. Tumorex is a food substance and non-toxic.
2. Carter-Glogau's owners (REVCO) manufactured and sold FIFTY substances not approved by the FDA. All were drugs!
3. Ken Anderson was accused of selling that ONE unapproved substance to ONE person, an undercover agent.
4. C-G's owners (REVCO) sell SCORES of unapproved drugs to THOUSANDS of stores which in turn sell them to HUNDREDS OF THOUSANDS OF CITIZENS!
5. Ken Anderson's products NEVER INJURED OR KILLED ANYONE.
6. One of C-G's products was linked to killing as many as 38 babies in ONE MONTH.
7. Ken Anderson was never sued by any person nor did any citizen ever file a complaint against him.
8. C-G (REVCO), to be sued for \$40 million by people injured by their drugs, must have had HUNDREDS of complaints against them. **Even the FDA complaints go back eight years, yet no action by the Attorney General to protect the people.**
9. Ken Anderson had had no complaints or warnings from the FDA or from any other government agency.
10. C-G (REVCO) was warned by the FDA at least 16 times since 1976, including actual seizure of unapproved drugs and warning of deaths. Still no arrests of anyone at C-G by Arizona Attorney General Bob Corbin or even any investigation.
11. In spite of the danger to Arizona citizens from Carter-Glogau's unapproved drugs, who was arrested? Why Ken Anderson was arrested! It was Ken Anderson who was paraded in handcuffs by DPS agents in front of TV3's cameras, it was all of Ken Anderson's merchandise that was confiscated and kept (even though at the trial they had to admit none of it was illegal or unsafe), it was Ken Anderson who was put out of business, bankrupted, tried, convicted and jailed. It is Ken Anderson the Attorney General is asking be sent to jail for 16 years and fined \$150,000!
12. Carter-Glogau (REVCO)? No investigation by the Attorney General, no undercover agents, no arrests in front of TV cameras, no merchandise confiscated, no interruption of business, no trial, no fine, and no jail!

### A BIG QUESTION:

How come Natural Health Counsellor Ken Anderson's selling of ONE unapproved substance to ONE person resulted in him being charged with CRIMINAL FRAUD for which the Attorney General is asking 16 years in prison and \$150,000 fine, while drug manufacturer Carter-Glogau's selling of FIFTY unapproved substances over many years (plus 46 more in unapproved strengths) to TENS OF THOUSANDS of persons, including some who were killed by their substances, is only "IMPROPER"?

How come no charges of "fraud" or "conspiracy to commit fraud" by the Attorney General against Carter-Glogau or REVCO like Ken Anderson was charged for the one-time sale of one substance? Who is being protected by the Attorney General here?

# Minister is convicted of cancer-cure fraud

By Laurie Roberts  
Republic Staff

A Phoenix minister who claims to be a "nutritional consultant" advocating natural remedies was found guilty by a jury Thursday of selling fake cancer cures.

Kenneth Lee Anderson's family and friends had packed the courtroom during his five-week trial and wept as the verdict was read 1½ hours after an eight-woman, four-man jury began deliberating.

His wife became hysterical and ran from the courtroom when Maricopa County Superior Court Judge Ed Hughes ordered Anderson jailed until his sentencing July 13 at 9 a.m.

Anderson, 39, could get probation or up to 30½ years in prison for convictions of conspiracy, fraud and practicing medicine without a license. He has no prior convictions.

A second defendant, Dr Robert Bruce Wickman, an osteopath, is awaiting trial before Judge Cecil Patterson on charges of conspiracy and fraud.

"This is the story of a 20<sup>th</sup> century snake-oil salesman who comes into town clutching vitamins and elixirs ...trying to lure in unsuspecting and frightened people," prosecutor Georgia Staton said in her closing remarks to jurors Thursday morning.

Anderson, who shunned legal help from the county public defender's office and acted as his own attorney, told jurors that the trial was part of an effort by

the medical community to "eliminate competition" in cancer treatment.

He has contended that he was offering natural remedies to patients who had not been helped by medical treatments.

"I wouldn't take a doctor's degree if you gave it to me, because I don't believe in their methods," said Anderson, a minister of the Basic Bible Church of America. "I believe in Bible food laws."

The state Board of Medical Examiners began investigating Anderson last June after he circulated leaflets touting a substance called "Tumorex" as one of the most successful treatments for cancer, according to Staton, an assistant attorney general.

An undercover agent posed as a woman with breast cancer seeking an alternative to surgery and went to Anderson's Spark of Life International, 13811 N. 35<sup>th</sup> Drive.

The agent, Sandra Ramsey, secretly taped her three visits to Anderson.

According to a transcript of the tapes, which prosecutors said were enhanced to improve their quality, Anderson claimed that he had cured 300 people of cancer. He also said the program had a 98 percent cure rate and worked on all types of cancer, Stanton said.

Anderson on Wednesday denied making those claims and said the tapes were altered by the state's witnesses.

"I never said I cured 300 people," he said. "I've always said if any curing goes on, it is done by God."

Anderson's \$3,500 treatment program involved vitamins, food supplements and six injections of Tumorex, allegedly administered by Wickman.

The state Department of Public Safety in July seized vials of Tumorex as Wickman was about to inject Ramsey. Through medical testing, the substance was found to be an amino acid called "L-Arginine" that can be purchased at health-food stores for \$5.50, Staton said.

Several cancer specialists testified during the trial that Tumorex is of no known use in treating cancer and, in fact, could cause cancer cells to grow.

During the trial, Anderson called as several witnesses several cancer patients who said they "felt better" after using Tumorex.

One man, Lawrence Tedrick, testified that his cancer went into remission after he took Tumorex but that it returned eight months later.

Anderson's trial also included videotaped testimony of former first lady Betty Ford, who said she never took Tumorex for treatment of her breast cancer in the 1970's.

Staton contended that Wickman implied to patients that Ford used the substance. Because he was working with Wickman, Anderson also should be held responsible for the Scottsdale osteopath's claims, Staton contended.

---

Kenneth Anderson, unlike street convicts, was denied release pending sentencing or appeal. He is being held in jail. His address is: Kenneth Lee Anderson, M-2, Durango Jail, Pad B21, 3225 W. Durango, Phoenix, AZ 85009. You should write, but do not expect an answer as he is allowed only minimum amounts of paper (which hampers him in his attempt to appeal). Do not visit him, as your visit will then be counted against his total "allowed" visits and his wife and children will then be denied visits. Sentencing has been delayed to September 5, 1984 by Judge Ed Hughes, Superior Court (7th floor), 105 W. Jefferson, Phoenix, AZ 85003.

Ken Anderson had been doing natural health and nutritional counselling in the Phoenix area for over ten years. During the last six years he had a 30-minute daily radio program on KXEG, taking calls and answering questions about vitamins, minerals and natural health. Mr Anderson taught natural health to tens of thousands via the radio and helped many thousands with personal health counselling. During all those years, no Arizona citizen ever filed a complaint about his activities.

However, his radio teaching on natural health showed up the stupidity and danger of the drugs and cut and burn (radiation) activities of the medical doctors. In early 1983, unknown to him, the Arizona Board of Medical Examiners asked the Attorney General to "investigate" Ken Anderson. This they did, sending in undercover agents claiming they had cancer, then recorded the conversations until they felt they had the necessary "words" on tape to charge him with fraud.

**After over a year of investigation, THEY STILL HAD NOT FOUND ONE ARIZONA CITIZEN WHO HAD EVER BEEN INJURED BY MR ANDERSON'S ACTIVITIES OR PRODUCTS, OR WHO WOULD FILE A LEGITIMATE COMPLAINT AGAINST HIM, yet but they went ahead anyway.** At his trial, the only witnesses against Mr Anderson were medical doctors and DPS officers connected with the "undercover" operation. He was charged with "fraud", so the DPS officers swore Mr Anderson said his products helped people and the medical doctors swore under oath all the natural health substances he used were "useless". Georgia Staton, the States prosecuting attorney, objected to so many questions Mr Anderson asked of his defense witnesses that **they were practically not allowed to testify.** The jury, impressed by the "doctors", and obviously confused by all the technical words and claims, must have thought, "Well, they got him here, he musta done somethin' wrong". So, they convicted him.

Meanwhile, Medical doctors, whose patients die of cancer by the scores, and commercial drug distributors, whose customers die by the thousands, go un-investigated, uncharged, and unpunished, raking in millions and leaving the dead, injured and bereaved in their wake.
