*"And He [Jesus] sent them to preach the kingdom of God, and to heal the sick"* (Luke 9:2.)

*"Then saith he [Jesus] to the man, Stretch forth thine hand. And he stretched it forth; and it was restored whole, like as the other. Then the Pharisees went out and held a council against him, how they might destroy him."* (Matthew 12:13-14.)

### GREETINGS IN JESUS CHRIST:

In all four Gospels, God's Word reveals that Jesus' healing of the sick so angered the Pharisees they wanted to kill Him to stop His healings. Further in this letter you will see that the Pharisees' descendants today also insanely hate and despise the healing of non-Pharisees.

You have received Pastor Ben Williams' letter about my being struck with cancer. "Struck" is a deliberate word as the symptoms and the incapacity came on over a very short time.

Anyway, I must praise the God of Israel that I am home and able to write a letter to anyone, even though I am still weak, have much of the disability of the ravages of the cancer, and must depend upon God for Mercy to continue.

I shall give a very brief account of the last four months so you can better understand why I did what I did and my situation now as well as that of AMERICA'S PROMISE's staff and work.

In December, I began to have signs of digestive problems. On the 8th of January, when I requested a series of colonics at a local, natural-health oriented clinic, because of the already noticeable weight-loss, they suggested a barium x-ray of the lower abdomen before proceeding with colonics. When the report came back several days later, the x-rays showed a four inch long tumor in the descending colon, almost blocking it. The recommendation was immediate surgery for its removal.

Pastor Pete Peters of Colorado and Pastor Earl Jones were here the weekend that all this was revealed.

As Elders in the Church, they and Pastor Williams anointed me and laid hands on me, praying for my healing.

Two days later, whether wise or foolish, I began a cleansing as per Dr Irons and his colema board, in ten days expelling many pints of mucous and other horrible looking material, thinking I might then go to the Keller clinic in Mexico. However, by a very strange way (God's Hand or whatever) I was informed that Keller was "all closed down in Mexico". The information came in such a manner that I never once thought to seek verification, having already known they had driven him from Louisiana and Texas and from Matamoros, Mexico across from Brownsville.

I therefore thought to continue the cleansing and to decide in a couple of weeks what to do. However, suddenly my abdomen began to swell, in less than six days looking like that of an elf, and I began to rapidly lose muscle and flesh in the arms and legs. Consultation with several friends who have long experience in the natural health field ended with one consensus, "Pastor, the tumor, or possibly tumors must be growing rapidly and are almost certainly cancerous. You must get the colon blockage out, there is really no time for anything else.

The views and opinions expressed in the articles herein or herewith are those of the authors and not necessarily those of CIM. They are written by fallible men. You must ask Jesus to guide your studies!

CIM reserves the right to edit submitted or reprinted material in line with CIM editorial policy. CIM does the utmost to ensure that the spirit of articles remains intact at all times.

Then, when the colon is unblocked, you will have time for any one of several methods of treating for cancer, in Mexico or wherever.”

They recommended two M.D.s, a proctologist and a surgeon, both recommended as not doing any unnecessary surgery, and not doing any treatment without a full explanation to me beforehand. After examination they agreed, immediate surgery to remove about twelve inches of the descending colon where the tumor was and sew it back up.

However, both told me it was highly possible there were other tumors OUTSIDE of the colon, tumors that would not have shown on the x-ray, and if so, they might or might not recommend their surgical removal, they might not even be able to be surgically removed if they were growing in the abdominal wall. I told them that if they found other tumors outside the colon or on other organs, they were not to remove them, but unblock the colon and stop there. They also explained if the colon had deteriorated, they wouldn't be able to cut out the part and sew it together, but would have to give me a colostomy, to be reversed when I had recovered my health.

The surgery was on February 13th. They found a larger tumor outside the colon, growing into the abdominal wall and not removable, plus numerous grape-like tumors along the colon and the one blocking the colon not operable, so they gave me a colostomy above the descending colon and closed me up. They also took five liters of fluid (six quarts) from the abdominal cavity. They then informed my wife, Pastor Williams, and Pastor Earl Jones, who consulted with them, the tumors were cancerous, growing very rapidly, that “we have no treatment here” and that I could go home as soon as my stomach and digestive system began to function as the antibiotics left my body. They explained the six quarts of fluid was from the tumors, that I would have to be “drained” periodically, and their prognosis was, as stated in Pastor Williams' letter, 6-12 weeks.

By another coincidence (?), the day before I entered the hospital, I was informed the Keller clinic in Tijuana was NOT closed. However, I went ahead with the surgery, since it was an emergency where my digestive system was “shutdown”. My wife and I decided that whatever the outcome of the surgery, we would go to Tijuana, which we did upon my release February 19th. My abdomen had already swelled about two inches in the six days after the surgery, filling up with fluid.

In Tijuana, I was treated with natural substances for three weeks; the swelling slowed and stopped and on the fifth day, I actually passed through my rectum the tumor from the lower colon. Other signs indicated the other tumors had ceased to grow. However, I continued to slowly lose weight, which was explained as my body “cannibalizing” protein to protect my vital organs. That is the explanation I received back-here from folks in the natural health field also and it can be slowed and stopped with diet, supplements, etc., and of course, with God Almighty.

In all of this, I want you all to know neither Pastor Emry nor Mrs Emry believe ANY man's treatment can be of any value except it is in God's Will that the individual comes through the illness or disability. My short association with Jimmy Keller proved he believes no healing takes place without Jesus Christ.

My status now seems almost certain no cancer or tumor growth, all organs are functioning, and, God willing, the loss of weight will be slowed and stopped in God's Time. I thank God for the prayers and the concern of so many who called and wrote, and are still doing so. Please continue to pray for me, not only that I shall return to health, but that God will cleanse my body, mind, and spirit, that I might be a fit vessel to carry His Word to Israel.

Now, the hospital, surgery, and all the rest, was not much in the way of money compared to my heart surgery a year ago. I DO NOT ASK, NOR DO I WANT, CONTRIBUTIONS TOWARD THAT END!

However, there is something you can do with money you might want to give toward the continuance of natural treatments for cancer. That is to send contributions to help Jimmy Keller and his family. Jimmy has been called a “quack” by the national news media, harassed by the AMA, the FBI, and on and on. He is convinced, and I believe he may be right, that Ken Anderson here and Dr Wickman were arrested, tried and railroaded to conviction as part of the whole, nationwide plan, to use such news and convictions to get the so-called “anti-quack” bill through Congress that would have required even a Doctor's prescription for vitamins!

Anderson and Wickman were easier targets than Jimmy Keller since they had only a few cancer patients in their background while Jimmy Keller has treated almost one thousand over nine years. Not being able to arrest Jimmy in Mexico, they arrested four people in the U.S. associated with him and also arrested his son, David, and charged them all with “conspiracy to defraud”. David's “crime” was that when he went to visit his father in Mexico he gave a ride to a cancer patient. At the end of the first week of the trial, two defendants were dismissed and two women pleaded guilty to a felony, one because the FBI threatened to arrest her aged parents on “conspiracy to defraud” because “they took phone calls for you”. She was told they wouldn't be arrested, “if you plead guilty”! To protect them, she did. Such is U.S. “justice”.

David was left as the only defendant. The other four defendants had a list of thirty of Jimmy's former patients to testify, but David had not listed them in his defense, thinking he didn't have to. With the others out, now he couldn't call those witnesses and was left without any defense witnesses! His court-appointed attorney made a short defense, the jury found him “guilty”, and he awaits sentencing January 22nd for up to five years in Federal Prison. He has a young wife expecting a baby, has no money and Jimmy had to spend everything he had to prepare for his trial. Jimmy's brother, his father, and his son, all are almost without funds.

Sometime after Jimmy Keller moved to Mexico, he was indicted by a Federal Grand Jury on “conspiracy to commit fraud”. Some wonder why he does not return and prove his innocence, but he has reason to fear his enemies will kill him, not prosecute him. A great part of that belief on his part is that after he moved his clinic to a resort hotel south of Tijuana, one day forty Mexican Police and three FBI agents stormed the offices with guns drawn.

Jimmy and some help were treating a patient in a room near the end of the motel and seeing what was

happening, walked out the back a half mile to the beach and two miles to a house they had rented the day before.

It turned out to be a lifesaver that they did that, as they found out the FBI agents had bribed some Mexican official with \$40,000 to assemble the forty police and had given each of them a photograph of Jimmy with a dire warning he was "armed and dangerous", had said he would shoot anyone trying to arrest him and that he should be "shot on sight"! Apparently the FBI agents figured the nervous Mexican Policemen would simply shoot Keller as soon as they saw him, the FBI agents would get in their car in the confusion, go back across the border and leave the Mexicans to explain how come they had shot an American!

Due to God's grace, the murder scheme did not work and Jimmy's Mexican lawyer got a Mexican judge to sign an order for the Mexican Police to leave the clinic, which they did. The FBI agents barely escaped arrest themselves and fled back to the U.S. Of course, they had no authority in Mexico under either U.S. or Mexican law. They were acting as paid assassins. Ask yourself: Would the Pharisees who run the FBI carry out such an operation just to get rid of some small-time swindler? Or is it more likely they were acting as their fathers did as recorded in Matthew 12? (Read the Scriptures at the beginning of this letter again.)

That all took place months ago, but I can understand why Jimmy sincerely believes if he came back to the U.S. and gave himself up to U.S. officials, he would not live to go to trial. He plans to stay in Mexico and help people as long as he can.

And that is where you come in. FBI (or some U.S. agents) have also gone to many of Jimmy's ex-cancer patients, threatening them with arrest on "conspiracy" if they recommend others go to Mexico to Mr Keller. Except for the bravest, most have shut up and new patient referrals have fallen drastically. Also, back in Louisiana and Texas where he was best known, the news media has unmercifully smeared him for months on end. At the same time, the legal defense for his son has taken all extra money he could scrape up. He is operating almost hand to mouth.

So, right now, I really believe you would be doing a good, Christian work, if you were to send a generous offering to help the Keller family. Jimmy defied the authorities and treated cancer patients for seven years in Louisiana. Most of you have read part of his story in that pamphlet. He was able to continue for a long time because he had saved the lives of relatives of high State officials and for a long time they stopped the Feds from doing anything. However, when the AMA and the FDA wanted to bring all vitamins and food supplements under "M.D. Prescription", they began the campaign to use Jimmy as a scapegoat and to destroy him.

By the way, it now appears they had another reason for wanting to discredit and destroy Jimmy Keller. In his years of treating cancer victims in Louisiana with laetrile, because of the high colored population, many of his patients were Negroes, **AND SOME HAD SICKLE CELL ANEMIA ALSO!**

To his pleasant surprise, and theirs, the laetrile apparently suppressed the sickle cell anemia! Blacks who had almost lost the ability to control their limbs or walk, found not only their cancer gone, but their nerves and limbs restored from sickle cell anemia! Negroes in the

Louisiana State Health Department found out about it and began privately telling sickle cell anemia victims to get private treatment with laetrile. However, when the "big wheels" in the State AMA and Health Department found out about it, they came down on those people and Keller like a ton of bricks. (I saw copies of news articles on this.) They don't want a cure for sickle cell anemia any more than their fathers wanted Jesus to heal the sick. There is too much money to be made treating tens of thousands of blacks for years and years with useless treatments for it!

So, right now, today, will you sit down and send a love offering to Jimmy Keller's father for Jimmy, for David, and for Ron, the brother? I say send it right away, because it is not beyond the FBI to try to stop such by short-stopping mail. Mail to him in Tijuana is not getting through. He thinks it is stopped in the U.S. Post Office on the U.S. side.

Jimmy's father's details are: Guy Keller, Route #1, Box 233, Winnie, Texas 77665. Postal Money Orders are best. Write him a short note as to why you are sending this and he will see it helps the boys. Be sure to tell him it is a "gift" so the IRS can't claim later it was "income". By the way, his wife, the boy's mother, died of a heart attack last October, very possibly aggravated by what was being said and done about her sons.

Anything you can send will please me, and I am sure it will be pleasing to the God of our Fathers. Make it a generous offering. Some of you can send hundreds of dollars, perhaps more. They need, not thousands of dollars, but tens of thousands of dollars to get back on their feet. (David's appeal will be a great expense.) As a family, they have given up almost everything to try to bring help to American cancer victims. Hundreds owe them a debt of gratitude they can never repay. Your gifts will repay to some extent in a real way.

None of the Kellers know I am writing this letter. It is my idea, not theirs. When it is ready to send out, I will alert the father, Mr Guy Keller. That will be the first they will know about it. There is much more I could tell. I am just loaded with information about what cancer is and why it is. I spent hours listening to Mr Keller and reading material he had. Some of the information shocked me as I had not heard it before. God willing, I will write it up in future Newsletters, but for now most of it will have to wait. God willing, I shall be restored by the God of Israel, and I pray that He helps me learn and pass on things that will be a blessing to His People everywhere.

Please get that Money Order in the mail today or tomorrow. I believe God will bless you for it. And don't forget to pray for the whole Keller family and those who work with them and risk the same dangers. (Don't send any gifts to me for the Kellers. There is a logical reason which I won't explain here).

And please continue your prayers, for me, for my wife, children, and grandchildren, for Pastor Williams and his family, and for the staff and congregation here. They are all a great blessing to me, as I am sure you know.

May the God of Israel bless each and every one of you and keep you in His loving care til kingdom come, in Jesus Christ,

## **SHELDON EMRY CANCER**

### **GREETINGS IN JESUS CHRIST:**

I had indicated earlier that we would put out a report on what I had learned about cancer and cancer treatments, both from my experience of the last four months, and also from the voluminous materials sent to me by well-wishers.

In all of the information received, and the material read, there is one book that stands out as so complete and well done, **THAT I MUST RECOMMEND IT AS ESSENTIAL TO EVERY AMERICAN CONCERNED ABOUT CANCER.** Because it is so complete, we shall not even attempt to compile our own report, but simply stress, "Get that book"! Before I give its title, etc., I want to make some observations which I feel will be helpful to you in relation to any degenerative diseases.

Since I had the Tumorex treatment at the Keller Clinic in Mexico, I have received and studied information on that and a dozen other types of non-toxic treatments. Although the Keller treatment seemed to have stopped, or very much slowed, the growth of my tumors and almost certainly saved my life in the short run, I have arrived at the conclusion that neither it, nor necessarily any other one modality is the answer for everyone.

Every person is different. Here are a few of the variables, some of them so important one type of treatment may have little effect and another be startlingly successful:

Age, overall body strength, other ailments, length of time cancer or tumors have been growing, type of cancer, when and how much surgery, radiation or chemotherapy, condition of digestive system (very important), vital organs affected (spleen, kidneys, liver, colon, stomach, female or male organs, pancreas, thyroid, thymus, brain, lymph, bones, blood, etc.) and how much each or all are affected.

Money available can also be a deciding factor. As an example, a person in the eastern U.S. could fly to the Dr Hans Nieper Clinic in Germany, one with a high rate of help in cancer, heart and MS, and be treated for less or not much more than some treatments in Tijuana, Mexico.

I have arrived at the conclusion that every person, rather than accepting a single recommendation by another person, must himself **INVESTIGATE SEVERAL MODALITIES AND CLINICS AND THEN MAKE A DECISION AFTER HIS OWN INVESTIGATION AND MUCH PRAYER.**

Another fact of life usually not considered is that **NONE** of the clinical treatments can restore you to full

health in days or weeks. Even if the treatment ends the immediate threat of death, many people may need weeks, months, or even years of strict diet, supplement and exercise regimen afterwards before they are "out of danger". There is still no "magic bullet".

Because of all of that, to be of the best service to you, I can NOT, in good conscience, tell you that such and such a clinic or treatment is best for you. With all the variables, new treatments emerging, changing treatments, etc., picking one will have to be, as I stated above, your decision **AFTER INVESTIGATION AND PRAYER.**

Therefore, I have gone over much material, listened to many people, considered my own experience, and arrived at the conclusion that the **BEST FAVOR** I can do anyone who wants information on non-toxic treatments is to tell you to spend \$11 to buy, and then take several hours to read, **CRACKDOWN ON CANCER WITH GOOD NUTRITION** by Ruth Yale Long, Ph.D.

I had thought to write up some general recommended diets. She has done this in detail in the book. I had thought to provide a list of doctors and clinics here and in other countries. She has them listed in the book, many with some detail as to what they do, success rate, etc. I had thought to list reasons why some supplements are needed and what they do. She has pages and pages on them. I had thought to provide sources of nutritional supplements. She has them in the book.

In plain words, anything we might have been able to do in a small way in a few weeks to give you the needed information, she has already done in a big way and compiled it all in a 160-page book with large, 8 1/2" x 11" pages. It can be obtained by you, as quickly as the post office will deliver, by sending \$11 (which includes postage and handling) to Nutrition Education Association, Inc. P.O. Box 20301, Houston, TX 77225.

If you, or someone you love, is affected by any of the degenerative diseases, or even if you want to prevent them, I heartily recommend you order the above book without delay.

May the God of Abraham, Isaac and Jacob bless and keep His People and deliver us from the hand of all those who hate us.

In and through Jesus Christ,

Pastor Emry

**ELECTIONS.** I have just read that in South Australia, State Parliament is trying to introduce legislation for having fixed four year terms. While there will be arguments for support from both sides. I would like to offer some observations. Quoting from "CAM Report", "This bill would install a government for a fixed four-year term and there would be no way the people could remove it - even though it was the most corrupt government we have had."

Is that not the case now? Elections are called when those in power think the time is most favourable to them, and, once elected have a "mandate" to do whatever they please. If elections were held on pre-arranged dates, as in the U.S, there would be no "favourable time" to take advantage of. And if this was also coupled with their (U.S.) system of recall elections, it would certainly put far more control back with the people than the present system.

As an example, what will happen to the Federal Government after it decides at the tax summit to drastically increase overall taxation, as commanded by the money powers who want their interest on the National Debt? The people certainly do not want increased taxation. It would appear that even the 2.6% wage increase which has just been granted is almost half gone in taxation before the wage-earner gets to see it. Where is the mandate? And yet, can the government be removed because of those things?

However, with recall elections, each electorate can hold a public meeting, and elect a new representative in place of the one who did not vote according to the wishes of his electorate. Talk about keeping them honest.

**BILL OF RIGHTS.** I would also like to comment on the "Australian Bill of Rights" article. As Pastor Emry said to the Representatives in Washington some years ago, God has decreed punishment on this nation for disobedience to His Laws. Therefore it will make little, if any, difference whether you oppose the giveaway of the Panama Canal or not, because either way, the U.S. lost control of it.

I feel much the same comment could be given here. Because although there is some talk of Christian concepts, and Common Law, there is NO NATIONAL REPENTANCE FOR DISOBEDIENCE, therefore God will continue to punish the nation one way or another.

Already there has been much flood and storm damage. Aliens are coming into the country in ever increasing

numbers. And because we have totally disregarded the Sabbatical year of cancellation of debts, and the year of Jubilee, we are going into ever increasing debt, from which there will be no escape, except we turn to God's Law and CANCEL THE DEBTS.

Some still manage to talk about a "future tribulation" without being able to see (or not wanting to see) that tribulation in ever increasing intensity has been with the Christian West for a considerable length of time.

For further enlightenment on this point may I suggest you send \$1 (in postage stamps will be fine) and get a copy of Pastor Emry's booklet THE BIBLE SAYS RUSSIA WILL INVADE AMERICA, AND BE DEFEATED. Read particularly pages 25 and 26 in relation to the above!

**BEDINI'S FREE ENERGY GENERATOR.** Imagine having a small D.C. electrical motor sitting on your laboratory bench powered by a common 12 volt battery. Imagine starting with a fully charged battery and connecting it to the motor with no other power input. Obviously, the motor is going to run off the battery, but by conventional thinking it will stop when the battery runs down. But, the battery on the Bedini Free Energy Generator doesn't run down! It's running off the principles of electromagnetics that Nikola Tesla discovered shortly before 1900 in his Colorado Springs experiments. It's running off the rivers and oceans of seething energy of empty vacuum - just as Nikola Tesla proved.

Specifications for building the "Bedini Device", are contained in "Bedini's Free Energy Generator", by John C. Bedini, from the Tesla Book Company, 1580 Magnolia Ave., Millbrae, CA 94030 U.S.A. (So much of this type of knowledge is suppressed. This article came from *The Bulletin* from The Committee to restore the Constitution. P.O. Box 986 Fort Collins, CO 80522 U.S.A.).

**HORVATH HYDROGEN CAR.** That also reminds me of the Horvath Hydrogen Car which was invented in Australia, patented in 1974 through 1978. I wonder why it is that we hear no more about it. Anybody wanting more details, write me. I have copies of the patents.

**BRITAIN SHIPS \$1 MILLION IN WHISKEY TO "STARVING" ETHIPIANS FOR RED CASH.** (*Spot-*

light of December 24, 1984, 300 Independence Ave., S.E. Washington, DC 20003). The British government, never reluctant to make a deal with anyone, has permitted exporters to ship 46,000 cases of Haig & Haig and Johnny Walker scotch whiskey to Ethiopia. It was a cash deal.

**WORD LEAKS OUT.** Some of this information has emerged in Britain, although the Oppenheimer-controlled Rupert Murdoch press has done its best to keep a blanket of secrecy over the shameful scenario. For example, dock workers in Britain discovered that the Scotch whisky and other luxury items being shipped (for cash) to Ethiopia were in boxes labelled "Ethiopian relief". Some newspapers in Britain have mentioned it, but not the Murdoch press.

The Dergue (government) scientifically created the "famine". Although rainfall has been less than normal in the horn of Africa, dams were opened, and reservoirs drained in Ethiopia to ensure crop failures and the resultant peasant starvation, to exterminate the Ethiopian and Eritrean tribes that have been resisting the communist regime. The weather has been a secondary cause of the "famine".

The communist Ethiopian government has been selling the food supplied so obligingly by American (and to a lesser extent, other free world) taxpayers to Sudan and other countries while it is killing off its own people. Many of the politicians, celebrities and newsmen who have gone to Ethiopia to exploit the "famine" realize this, but it would be considered "bad form" to tell the taxpayers.

**SECRET DEAL.** "Jane's Defense Weekly", an authoritative London-based military journal, reported that Israel and Communist China signed a secret \$3billion military deal. The first suggestion of arms business being conducted between the two nations appeared when diplomats in Peking spotted Israeli-made cannons mounted on Chinese tanks on parade. It has also been reported that 800 Israeli advisers are attached to Chinese army and air force units, to train the Chinese in the use of newly purchased Israeli war equipment.

**RACISM? NOT WELCOME.** A Black religious group known as the Black Hebrews will not be allowed to remain in Israel, according to Dov Shilansky, a deputy minister in the Prime minister's office. Estimates on the numbers of Black Hebrews who entered the country on tourist visas, and then remained after they had expired, range from 900 to 3,000.

The Israeli high court of Justice ruled that the Black Hebrews were "not Jewish", and thus were not allowed to enter Israel under the "Law of Return", which automatically grants citizenship to all Jews who come to Israel.

According to Shilansky, the Black Hebrews, who consider themselves Jewish, are "worse than the P.L.O. They want to take over".

**CUTTING TIES TO N.A.T.O. CALLED BEST MOVE TO THREATEN U.S.S.R.** By refusing to trim a single dime from the Pentagon's enormous \$300 billion budget, President Ronald Reagan has missed a golden opportunity to slash the federal deficit substantially and create a viable threat to Soviet communism on the European frontier.

The internationalist paper tiger known as NATO should be at the top of the President's budget-cutting agenda. There lie \$150 billion in potential Defense Department savings. The elimination of this subsidy to the "Atlantic Alliance" would not subtract one scintilla from America's national security.

Instead, it would signal a return to George Washington's foreign policy of avoiding permanent alliances. It would strike a fatal blow to the long held goal of the internationalists to forge a regional government out of NATO, and would resurrect Germany as a powerful frontline foe of Bolshevism in Europe. \

NATO is little more than a regional arm of the United Nations. It is a stepping stone to a global super state.

**CREATURE OF UNITED NATIONS.** Few realize that NATO is a creature of the communist-infested United Nations. It is based on Article 51 of the UN Charter, which pertains to collective self-defense against armed attack. The preamble of the NATO treaty reaffirms "faith in the purposes and principles of the Charter of the United Nations". Article 1 of the treaty vows to settle disputes in accordance with the UN Charter and to refrain from pursuing policies that are "inconsistent with the purposes of the United Nations". Article 5 of the NATO Treaty, based as it is on Article 51 of the UN Charter, would allow the United States to act in self defense (if attacked) only until the United Nations was in a position to take charge of the situation, and even then we would be obliged to inform the United Nations of our every action or intent. Let us remember that the U.N. department we would be obliged to report to would be the Security Council, including its under-secretary for political and Security Council affairs, almost always a communist. Article 2 of the NATO pact provides the legal basis for an "Atlantic Union" with a supranational government, all under the auspices of the United Nations.

**FOOD FOR THOUGHT.** (*Spotlight* January 7, 1985). The United Nations decided recently to spend \$73.5 million on Ethiopia. But the money will not go to feeding the starving. Instead, it will be spent on building a lavish, state-of-the-art conference centre for one of the U.N.'s innumerable agencies. The sum could have fed 125,000 Ethiopian families for one year, by providing cash grants. The United States unsuccessfully opposed the decision, calling it a cruel rebuff to the poor and hungry Ethiopians.

**SUDDEN INTEREST IN "ABUSE" SEEN AS A GOVERNMENT PLOY.** By Barbara Morris, author of "Change agents in the Schools".

The current media exploitation of the very real problem of child abuse and molestation has very little to do with stopping the problem. But it does have a lot to do with justifying government controlled day care and mandated kindergarten for very young children.

Many states already have mandatory kindergarten for five-year-olds, including parochial schools. In Mississippi, for example, the legislature passed legislation for an Early Childhood Development Measure for screening three- and four-year-olds. Slowly but surely, by hook or crook, the government is determined to "protect" little children from their parents. Physical or sexual abuse is only one way parents are said to abuse their children. Even worse, in the

eyes of the totalitarians, are the traditional political and religious values parents attempt to instill in their children.

Writing in the *Futurist* (February 1972), Dr Pierce says the 21st century citizen will need an abundance of affective skills and suggests that the much heralded TV program "Sesame Street" is one model of how these skills can be offered to children. "'Sesame Street' has moved American children ...toward becoming planetary citizens." (Beware of TV, especially those programs aimed specifically at children; Monday-Friday 4-6pm and Saturday morning! CI).

**RUPERT MURDOCH.** A three-part expose (*Spotlight*, January 30, February 6-13 of 1984) of Rupert Murdoch's acquisitions of many newspapers in Australia, England, Europe, and finally in America revealed that the publisher seeks "thought control".

His vast financial holdings and billionaire backers were revealed. His goals were also revealed when Murdoch placed these demands before a man he promised to make prime minister of Australia: Pursue a 100-percent pro-Israeli policy, borrow vast sums from the International Monetary Fund and the international banks and reinforce laws protecting Murdoch's media monopoly.

**STAR WARS** sounds good; Experts say it won't work. The trilateralists, and the older Bilderberg group in which Rockefeller shares power with the Rothschilds of Europe, have long influenced their governments to build huge, profit producing war machines to "resist communism" while they support communism through trade and loans guaranteed by the U.S. taxpayers.

So the forces that motivated Reagan to romanticize about ending the threat of war were in action long before the president's famous speech. It's being sold to an American public that longs for peace, and to a generation born on a bull's eye, as to the ultimate security blanket. It will generate huge profits, none deny, and huge deficits all agree. But it won't work.

**HELP FROM FRIENDS.** (*Spotlight* Jan 21, 1985) While millions of people have been starving in Ethiopia, the government of Marxist dictator Col. Mengistu Haile Mariam has been receiving a bounty of foreign military aid from the government of Israeli. The Marxist regime has been utilizing Israel's military aid in putting down tribesmen who have challenged the communist regime. Mengistu's other major patron is the Soviet Union.

**TAX "CUT" IS ACTUALLY A TAX INCREASE.** (*Spotlight* headline) (can we expect the same? CI).

**THE BRAZIL EXPERIENCE.** Brazil is now powering 1.5 million motor vehicles on pure alcohol made from its own abundant sugarcane. Thanks to the energy turnaround, the nation cut spending on imported oil from \$10 million in 1981 to \$4.8 billion in 1984. Alcohol production rose to two billion gallons this year, enough to replace 140,000 barrels of oil a day.

[Apparently the only requirement to run a car on alcohol is to have a larger size jet in the carburetor. Replacement carburetors which can be adjusted to run on several substances as well as alcohol are available from THE BROWN CARBURETOR COMPANY INC. (P.O. Box 89; Draper, UT 84020-0589. U.S.A.). Write to Mike Brown for his Fish Carburetor Book. He also has books on making your own alcohol.

With the Australian cane farmers being in the situation that they are, it is a great pity that nobody is able to get such a project started here. We could operate on alcohol, and be free of parity pricing of oil. The cane farmers could make money again and jobs would increase. But seeing that the Federal Government has just spent \$100 million of taxpayers money to give to Bangladesh to establish their own sugar industry, it is obvious that the One-Worlders who control the government do not want Australia to industry, CI].

**JIMMY KELLER.** We were extremely saddened to hear of Pastor Emry's battle with cancer. However, I am sure you will join with all the others who are praying to the God of Israel for his recovery, and also for those who are carrying on the work in his place. Anybody who is interested in natural healing and the way those involved in it are being treated; send \$1 for a copy of "The Jimmy Keller Story" who you will note from the newsletter is now attending to Pastor Emry. Pray also for Jimmy Keller, as he has been persecuted because he wants to work in healing the sick.

May the God of our fathers Abraham, Isaac and Jacob open the eyes of His blinded Israel people, both to their identity, and to their (national) sins.

In Christ,

Many Identity Christians have asked for my opinion of Dr James Kennedy of Fort Lauderdale, Florida, with his rapidly expanding TV ministry. This letter from one of his staff should adequately explain his beliefs and his stand on some important subjects. Pastor Emry, Lord's Covenant Church, Box 30000, Phoenix, Arizona 85046

Dear Mr Gaede,

Thank you for writing to Dr Kennedy. Because of his pastoral responsibilities, he will not be able to respond to your letter personally. However, he has asked me to write you on his behalf and be of any help I can.

God chose the Jewish nation to bring salvation to the world through the Messiah (Galatians 3:16). When Jesus came as the Jewish Messiah, some Jews rejected Him and some accepted Him. Those Jews who accepted Jesus as the Messiah, became known as Christians and continue to be the "chosen people" of God. Those Jews who rejected Christ continued to be called Jews but lost their special standing with God as His covenant people (Matthew 21:33-46). In God's kind grace, He has invited Gentiles to become a part of His covenant people and share in their salvation through faith in Christ (Romans 11). The Church of God is made up of believing Jews and Gentiles and has become the people of God in this New Testament age. As Christians, we should be thankful that God has forgiven our sins by the sacrifice of Christ. We have been saved by God's mercy and grace alone. We should spread that good news to both Gentiles and Jews that they, too, might believe and become a part of the Church of Christ. We should love all men and cannot justify the anti-Semitic feelings of many in our society. We must call anti-Semitism what it is -- SIN.

Thank you again for writing to Dr Kennedy. We trust that this letter has been of some help to you and that God will bless you in every way as you attempt to follow Him.

Sincerely yours in Christ,

P.S.

Dr Kennedy believes in a system of prophecy called a-millennialism. In this view the church has been going through different times of tribulation all during its existence. There may well be an increase of persecution just before Christ returns, but there will be no rapture of the Church out of this world, until the day the Jesus comes to judge the living and the dead and manifest His eternal kingdom upon the earth.

Dr Kennedy believes that heaven is the abode of God and that those who trust in Christ as their Lord and Savior go there when they die (2 Corinthians 5:1-10). Those who do not know Christ as their Savior are sent to suffer in hades until the day of resurrection when they will be sent into the final lake of fire for all eternity. There they will suffer for their sins for all eternity. Also at the resurrection the earth shall be restored and renewed. It shall become a place where righteousness dwells. The New Jerusalem (the people of God) will come out of heaven and be here on earth. God will dwell with his people upon a renewed earth and we shall know the joy of his fellowship for all eternity (Revelation 20-22).

Dear Pastor Williams,

In response to your letter of December 12, 1984, I would like to make the following comments.

1. In regard to the holocaust, I have no substantial reason to doubt that five or six million Jewish people were put to death. If the population of Europe and the Jewish community was considerably smaller than presently thought then these figures would have to be lowered in accordance with the new estimates of the European and Jewish population. Yet, these figures have not been proven.
2. Judaism is opposed to the basic doctrine of the Christian faith, which states "Christ is Lord." The Orthodox Judaism of today continues to teach the doctrines of the Pharisees, as in Jesus' day.
3. Most American Christians have accepted a view of prophecy which fails to recognize that the present state of Israel is not God's chosen nation and that the Jewish people of today are not God's chosen people. This has led to an indiscriminating support of Israel's policies. I do not believe this is a biblical position since, as Christians, we are called upon to bring all the nations to repentance, including Israel.

I trust these points clarify my position.

If you have further questions regarding this matter, please feel free to contact me.

# THE 545 PEOPLE RESPONSIBLE FOR ALL OF AMERICA'S WOES

**THINK OF THIS IN TERMS OF AUSTRALIA.  
The Liberals and the Labour Party!**

**BY CHARLEY REESE**

Politicians are the only people in the world who create problems and then campaign against them.

Have you ever wondered why, if both the Democrats and the Republicans are against deficits, we have deficits? Have you ever wondered why, if all the politicians are against inflation and high taxes, we have inflation and high taxes?

You and I don't propose a federal budget. The president does. You and I don't have the Constitutional authority to vote on appropriations. The House of Representative. does. You and I don't write the tax code. Congress does. You and I don't set fiscal policy. Congress does. You and I don't control monetary policy. The Federal Reserve Bank does.

One hundred senators, 435 congressmen, one president and nine Supreme Court justices - 545 human beings out of 235 million - are directly, legally, morally and individually responsible for the domestic problems that plague this country.

I excluded the members of the Federal Reserve Board because that problem was created by the Congress. In 1913, Congress delegated its Constitutional duty to provide a sound currency to a federally chartered but private central bank.

I exclude all of the special interests and lobbyists for a sound reason. They have no legal authority. They have no ability to coerce a senator, a congressman or a president to do one cotton-picking thing. I don't care if they offer a politician \$1 million in cash. The politician has the power to accept or reject it

No matter what the lobbyist promises, it is the legislator's responsibility to determine how he votes.

## **A CONFIDENCE CONSPIRACY**

Don't you see now the con game that is played on the people by the politicians? Those 545 human beings spend much of their energy convincing you that what they did is not their fault. They cooperate in this common con regardless of party.

What separates a politician from a normal human being is an excessive amount of gall. No normal human being would have the gall of Tip O'Neill, who stood up and criticized Ronald Reagan for creating deficits.

This article may be copied.

The president can only propose a budget. He cannot force the Congress to accept it. The Constitution, which is the supreme law of the land, gives sole responsibility to the House of Representatives for originating appropriations and taxes.

O'Neill is speaker of the House. He is the leader of the majority party. He and his fellow Democrats, not the president, can approve any budget they want. If the president vetoes it, they can pass it over his veto.

## **REPLACE SCOUNDRELS**

It seems inconceivable to me that a nation of 235 million cannot replace 545 people who stand convicted - by present facts - of incompetence and irresponsibility.

I can't think of a single domestic problem, from an unfair tax code to defense overruns that is not traceable directly to those 545 people.

When you fully grasp the plain truth that 545 people exercise complete power of the federal government, then it must follow that what exists is what they want to exist.

If the tax code is unfair, it's because they want it unfair. If the budget is in the red, it's because they want it in the red. If the Marines are in Lebanon, it's because they want them in Lebanon.

There are no insoluble government problems. Do not let these 545 people shift the blame to bureaucrats, whom they hire and whose jobs they can abolish; to lobbyists, whose gifts and advice they can reject; to regulator's, to whom they give the power to regulate and from whom they can take it.

Above all, do not let them con you into the belief that there exist disembodied mystical forces like "the economy", "inflation" or "politics" that prevent them from doing what they take an oath to do.

Those 545 people and they alone are responsible. They and they alone have the power. They and they alone should be held accountable by the people who are their bosses - provided they have the gumption to manage their own employees.
