"LESSONS FROM JUDAH'S KINGS - PART 2"

by Pastor Don Elmore

INTRODUCTION

Sin has its consequences. The sinful nation reaps what it sows. For example:

1. While millions of the covenant people of God have either prevented or murdered their children from being born, God has replaced their forfeited offspring with illegal and legal immigrant "strangers" from all parts of the earth. (the same has happened in Australia, just on a smaller scale! CIM) The sowing of a "planned-limited family" has resulted in the harvest of a large taxation to pay for the expenses of millions of illegal immigrants' children.

2. While many Christian denominations in the last two centuries have sent missionaries to the "strangers" all over the earth with their perverted universal gospel, now the children of those converted "strangers" from these countries are returning as missionaries to Western Europe, the United States, Canada, Australia and New Zealand. The mainstream churches sowed their message to non-covenant people and are reaping the invasion of missionaries to convert them to a new Afro-Christian gospel.

One of the best examples of this reversing of missionaries is the fast growing *Redeemed Christian Church of God* which started in Nigeria, Africa. Centuries after the universal Jesus "gospel" was brought to sub-Saharan Africa by colonizers and missionaries, the same universal Jesus gospel is coming back to the West. But the forms are more passionate and powerful; they come with various names: Pentecostal, Afro-evangelical, charismatic, Christian renewal.

For millions of worshippers around the world, the movements represent a sharp break with tradition and have redefined how they practice their faith—with great emphasis on fever-pitch gatherings, spiritual "rebirth" and the power of holy spirit to transform lives.

Many in mainstream denominations, from the Vatican to Westminster Abbey, view the churches like an invading army that is **reshaping** Christianity. The Protestant-dominated World Council of Churches now places Christianity's demographic center of gravity in northwest Africa and has it drifting farther south each year. Some theologians say the "African century" of Christianity is already under way.

If so, the populous and English speaking Nigeria is the spiritual homeland, and churches like the Redeemed Christian Church of God are its new missionaries.

REDEEMED CHRISTIAN CHURCH OF GOD

What began in a living room Bible study in 1952 is now a juggernaut: a university, a movie studio and a satellite outfit. Now add to that millions of followers in more

than 90 nations. Just this month, close to one million worshippers turned out during a three-day prayer gathering near Lagos, Nigeria.

The Church's pastor, former university mathematics professor—Enoch Adejare Adeboye, has international goals: "At least one member of the church in every household in the whole world."

The Redeemed Church claims five million followers in Nigeria and 250,000 abroad. Pastor Adeboye has set a goal of 50,000,000. Last year (2005), seven thousand people attended the Redeemed Church's annual conference in New York. Besides New York, this Church has already established churches in five other United States cities:

1. Dallas, Texas
2. Tallahassee, Florida
3. Houston, Texas
4. Washington D.C.
5. Chicago, Illinois

HISTORY OF THE REDEEMED CHRISTIAN CHURCH OF GOD

The founder of this new church was Pa Josiah Akimdayomi. Born in Nigeria, he was baptized by the Church Missionary Society when he was twelve years old. Ten years later, he joined the Cherub and Seraphim Church. But twenty years later he felt that this church was in error.

It was then (1952) when the miracle happened: Pa saw a vision on the blackboard. Even though he could not read or write, he was supernaturally able to write down the fol-

lowing words of the vision: "THE REDEEMED CHRISTIAN CHURCH OF GOD."

God later supposedly said to this illiterate Nigerian that this new church would go to the ends of the earth and that when the Lord Jesus Christ appeared in glory, He would meet the Church. But then the crowning event of this church occurred.

Something unique supposedly happened. According to their historians—God established a covenant with a non-Israelite! An alternate covenant was supposedly made with a black man—Pa Josiah Akimdayomi in 1952. This blasphemous event, they say (www.rccg.org), "was **SYNONYMOUS** [equivalent] TO THE ABRAHAMIC COVENANT in the Bible. And it is upon this covenant that the Redeemed Christian Church of God is built."

This fact alone disqualifies them from being a Biblical Christian church. Like the dispensational churches before them, they too have contrived a theory to displace the exclusive everlasting covenant made with Abraham and his seed (Deuteronomy 10:15). No other covenant, including the one supposedly made with the black man Pa Josiah or the one made with imaginary "spiritual Israelites," could exist with the irrevocable one made with Abraham, Isaac and Jacob. The true church of God is built on the covenant made with Abraham and his seed; universal churches are built on something else.

NOTHING NEW UNDER THE SUN

Mainstream Christianity is rapidly changing. It has taken its universal doctrines to all the races:

"Jesus died for the sins of all men and He rose from the dead. All those who are "born again" are in His body (church)."

The Calvinist version claims that God chose His people from among individuals out of all the races. The Arminian version is that some individuals out of all the races have God to be their Saviour.

Now there are Koreans, Latino, Chinese and African churches that have adhered to these universal doctrines and have

added to them their peculiar practices. The African Redeemed Christian Church of God has an unbelievable practice. On the first Friday of each month, as many as 500,000 "Christians" gather for an ALL NIGHT SERVICE. They call it the Holy Ghost all-night revival. For more than eight hours they dance, shout and pray being led by their preacher they call simply Daddy—Pastor Enoch Adejare Adeboye. How similar to the early 1800's campground meetings of the 2nd great Awakening in America that occurred in places like Cane Ridge, Kentucky under the pastorship of Barton Stone.

ANCIENT ISRAEL

Surprisingly to many, the Old Testament teaches that God's Covenant People—Israel—seldom worshipped their God, in the way that He had instructed them. No more clearly is this portrayed than when the nation split into two separate kingdoms.

As soon as the secession was completed, King Jeroboam, of the rebellious Northern Kingdom, gave his immediate decree of the establishment of a new, but similar national religion. He set up an apostate religious system without any Levites as priests. He established similar but different Feast Days. He forbade worship at the newly built

Temple in Jerusalem, instead he built two new ones—one in Bethel and the other in Dan. In each of these two national religious centers, he placed a golden calf. Why did King Jeroboam choose these two locations?

DAN

The book of Judges (chapter 18) reveals the history of the apostasy of Israel in the days when "everyone did that which was right in their own eyes." Briefly, the story is of a renegade priest—Jonathan, the grandson of Moses. How he was first hired as a priest for the family of Micah, who lived in Mount Ephraim and later, how he was coerced to leave as the priest of Micah's family to become the priest of the entire Tribe of Dan, which was located in the far northern part of the Kingdom.

So, an apostate religion was established in Israel in the days of the judges. And it lasted until the captivity of the Assyrians hundreds of years later. Micah's idol and ephod, was the centrepiece of this counterfeit religion.

With its long history of apostasy, it is understandable as to why King Jeroboam chose Dan as one of the locations of his new Temples. The Danite Priests, no doubt, were pleased to have a new national Temple with a golden calf. This made Dan a *major* religious center of the newly formed Israelite Kingdom.

BETHEL

But Bethel was an entirely different story. Bethel was a special place in the lives of Abraham and Jacob:

1. When Abraham arrived from Haran he built an altar near Bethel.

2. After Abraham returned from Egypt, he dwelt at Bethel.

3. When God made His everlasting covenant with Abraham, it was on a mount near Bethel.

4. When Jacob was on his journey to Syria to find a wife, he stopped at Bethel. There he had a special dream. In his dream, he saw angels ascending and descending to and from heaven on a ladder. After his dream, God assured Jacob that He would be with him and protect him. Jacob also anointed with oil the "corona-

tion stone" that he had used for his pillow. Surely, this was Bethel—"House" [Beth] of God [el] and the "gate of heaven."

5. Later, after Jacob's only daughter had been raped and two of his sons, Simeon and Levi, had avenged her rape by murdering the rapist and the men of his village, Jacob feared for his life. It was then that God instructed him to "go up to Bethel" (Gen. 35:1)

6. After returning to Bethel, God reestablished communion with Jacob. God talked with him and confirmed the Abrahamic covenant with him.

Surely Bethel was a special place in Israel's history. It was the House of God—the Gate of Heaven—and it was synonymous with the covenant that God made with Abraham and confirmed with Jacob/Israel.

GOD'S REACTION

What was God's reaction to King Jeroboam's desecration of Bethel? The story is told in 1 Kings 13.

Putting a Temple in the apostate tribe of Dan far to the north was one thing, but putting a Temple in the holy city of Bethel, the House of God, was another. To replace the irrevocable covenant that God had made with Abraham, with a golden calf, was quite another.

King Jeroboam had also changed the Feast Days. he changed Tabernacles from the 15th day of the seventh month to the 15th day of the eighth month. It was the inaugural of this new feast day, at the new Temple in Bethel, with the new priesthood officiating that God gave His answer.

At this newly created national religious event God sent an unnamed prophet from Judah to Bethel. He arrived just as King Jeroboam was about to burn incense at the dedication of the newly built Temple. No doubt, hundreds of thousands of Israelite worshippers were there. Thousands of the newly chosen priests decked out in colourful magnificent robes were probably standing near the golden calf in the Temple in Bethel...

It was King Jeroboam's crowning moment. But it was interrupted by the words of the man of God. Surprisingly, the prophet of God did not address his words to the King but to the ALTAR!

His prophecy was unique:

"O altar, altar, thus saith the LORD: Behold, a child shall be born unto the house of David, Josiah by name; and upon thee shall he offer the priests of the high places who burn incense upon thee, and men's bones shall be burned upon thee. And he gave a sign the same day, saying, This is the sign which the LORD hath spoken: Behold, the altar shall be torn down, and the ashes

that are upon it shall be poured out" (1 Kings 13:2,3).

What an amazing prophecy. This prophet of God not only gave the name of a future king of Judah three hundred plus years before he was born, but also revealed how he was going to offer on this new altar in Bethel the dead bones of the very priests who were being ordained into this apostate religion that day!

Jeroboam's sin—adulterating and rejecting the covenant that God made with Abraham—was doomed from the very beginning. The prophecy made at Bethel came true. The altar was destroyed three centuries after it was built and King Josiah dug up the bodies and burned the bones of the false non-Levitical priests to ashes.

AN APOSTATE KINGDOM

Few Christians seem to realize that the kingdom that rebelled from the authority of the House of David was always an apostate kingdom. Never once in their 210 year history was there ever a revival, reformation or even a

good, let alone righteous king.

Of the nineteen kings—over half met with violent deaths; seven were assassinated; one committed suicide; one was killed in military battle; and one died in a falling accident. None were good. All were evil and wicked.

The kingdom steadily degenerated. It wasn't long until

they had totally rejected God's laws and had embraced the religion of Baal. God's prophets were hidden in caves—while the knowledge of God and His Word were scarce and basically unknown.

They also ignored the practice of circumcision, the tithes, the Sabbaths, the dietary laws, etc. They became more pagan and promiscuous than the foreign adjacent pagan nations. So ingrained was their apostasy that not even the dramatic contest at Mt Carmel had any impact. Since they had forsaken God's instructions and ordained assembly and priests, there was no possibility of any reforming.

THE SITUATION IN JUDAH

Judah did not fare much better. their 345 year history had many low spiritual points. From time to time idols were placed in the temple; blasphemous pagan altars also found a home in the sacred Temple; for a period of time the Temple was closed; and several times the Temple became in disrepair due to neglect.

But there was a big difference. Since Judah was the assembly that had the true authority of God, no matter how corrupt and evil it became—there were periods of great reformation and revival.

The time of the reign of King Josiah was one such period. His father, Amon, had been assassinated after a very short reign. His grandfather, Manasseh, had ruled for forty-five years—the most wicked period of Judah's history.

Manasseh was a thoroughly evil king who presided over a totally corrupt government. He encouraged pagan worship, he supported communal sexual orgies, he installed cult prostitutes at the many countryside shrines (just like some of our political leaders have done in this modern day! CIM), he imported wizards and sorcerers who enslaved the citizens in superstitions and manipulated them with their magic (seen the ads in women's magazines lately? CIM), he offered his son on the altar at the fire of Moloch (today we send them off to die in foreign wars, CIM) he placed idols in the holy place of the Temple, and he provided an environment that was fertile for greed, lust and murder. The Bible is blunt: “Manasseh seduced them to do more evil than all the nations had done whom the LORD destroyed before the people of Israel” (2 Kings 21:9).

It was in the last decade of Manasseh's rule that Jeremiah was born. But he didn't begin to preach until the “thirteenth year of Josiah's (manasseh's grandson) reign” (Jeremiah 1:2). Josiah began his reign when he was just 8 years old! And he became one of, if not the best, king in Judah's history.

With the support of Jeremiah, he began the reformation by cleaning up the Temple. As the Temple was being renovated and repaired, Hilkiah the priest found an old book in the basement—it was the Holy Scriptures.

Can you imagine—the Bible had been lost for years. When King Josiah read the book for the first time in his life—his reaction was to tear his clothes and sit in ashes. For, as he read, he discovered that God had decreed curses for not keeping His Commandments, statutes and judgments (Deuteronomy 28).

For over seventy-seven years, God's Laws and feast days had not been kept! Jeremiah was scathing: “You have polluted the land,” he said, “with your vile harlotry” (Jeremiah 3:2).

But through it all, Jeremiah also offered hope: “Stand by the roads, and look, and ask for the ancient paths, where the good way is: and walk in it, and find rest for your souls (Jeremiah 16:6).

Josiah took the hope offered by Jeremiah. He did return to the ancient paths. He became the Reformer of his time—he removed the sodomites from the Temple, chased out the sorcerers and shrine prostitutes, provided an environment for morality and

righteousness, destroyed Jeroboam's altar in Bethel and reestablished Passover and the other feast days. In fact, the Bible describes the Passover of Josiah as the greatest Passover in Israel's history (2 Chron. 35:18).

Josiah returned to the “ancient paths.” The King assembled all of the elders and people and read to them the words of the long lost Scripture that had just been found. He “stood in his place, and made a covenant before the LORD, to walk after the LORD, and to keep his commandments, and his testimonies, and his statutes, with all his heart, and with all his soul, to perform the words of the covenant which are written in this book. And he caused all who were present in Jerusalem and Benjamin to stand to it. And the inhabitants of Jerusalem did according to the covenant of God, the God of their fathers” (2 Chronicles 34:31-32).

THE TWO RELIGIONS OF ISRAEL

The House of Israel and the House of Judah were political as well as religious enemies. The House of Israel was always at odds with Judah because of their different religions. The religion that Jeroboam started that caused Israel to sin was a religion that rejected the Abrahamic covenant—it was politically correct, multicultural and universal. (like so many ‘churches’ are today).

It started out as a counterfeit of the true Israel religion, but it constantly drifted farther and farther away from the biblical doctrines and practices until it was totally pagan.

It is a sad fact of Biblical history that for most of the time most of the Israelites worshipped in assemblies that rejected the Abrahamic covenant. It is still true today.

About 100 years ago, the son of a slave—William Seymour, was instrumental in starting a movement that has forever changed the majority of Christian denominations. The Charismatic, speaking-in-tongues movement, an offshoot of the Cain Ridge Revival of 1801, has been instrumental in changing Christianity into a Jeroboam-type church.

This movement, more than any other, has reshaped the church into a politically correct, multicultural, multi-racial entity. With little emphasis on doctrine; with much emphasis on emotion (emotive altar-calls), the transformation from an exclusive Israelite church to a Black-Asian-Jewish influenced church is almost complete.

Not only has this movement infiltrated into the churches, but now African churches are sending their missionaries to our countries to convert us! But the covenant-

rejecting system of Jeroboam failed. And it was symbolically destroyed by the King of Judah about 80 years after they had gone in captivity.

The Covenant-rejecting churches of today will fail also. (so don't go looking for fellowship there). These step-children of Jeroboam's Temples have not the authority to perform God's work and they cause God's people to sin (they cannot even define sin, speaking about intolerance as sin, or racism as sin, and they can't cite 1 John 3:4 - Sin is the transgression of God's Law). Without the Abrahamic covenant, they are anchorless. And by proclaiming that the laws of God were nailed on the cross; they might as well have lost the Bible in the basement. By keeping feast days ordained by men and not God, they duplicate Jeroboam's folly. And by ordaining those who are disqualified to hold office and membership, they are nothing more than a poor counterfeit. (people covenant together to form an assembly, and commit to its support and growth by regular attendance, etc. Then the children born to the assembly are born into the covenant and form an on-going part of it.).

The majority of Israelites have almost always worshipped in assemblies/churches like Jeroboam's. Only a remnant were faithful.

For most of its history, Israelites have believed the lies of the false prophets and have disdained the message of the true. Jeremiah was plain about the destruction that was caused by these false prophets and how they committed adultery, walked in lies and strengthened the hands of evil-doers (Jeremiah 23:14b).

But as Jeroboam's altar was eventually destroyed by a son of King David, so I believe, that another King of Judah will destroy the modern version too—THE LION OF JUDAH.

PART 3 - KING ABIJAH Introduction

There were two separate and very different kingdoms of Israel existing at the same time in history; the Kingdom of Israel and the Kingdom of Judah. The Northern Kingdom of Israel had rebelled from King Rehoboam, son of the former King of Israel—Solomon (Rehoboam's mother was an Ammonitess, Naamah); and grandson of King David.

The king of this newly formed kingdom was King Jeroboam. In order to solidify his position of rulership, he drastically changed the religion of his kingdom.

1. First, he fired all of the God-ordained Levitical priests.

2. Second, he built two new temples, each of which housed a golden calf idol. (perhaps it was not so much an idol, as an identification. The Golden Arches identifies an eating establishment called McDonalds, and today spires identify churches. Maybe that was what the calf did too? Identify the place of worship).

3. Third, he established new feast days.

King Jeroboam was not descended from King David; nor was he of the *scepter* tribe of Judah. He was of the *birthright* tribe of Ephraim. So, this newly formed kingdom of Israelites did not have a God ordained king, priests or temple. And this situation never changed in all of the several hundreds of years of its existence.

The Kingdom of Israel was an apostate religious and political kingdom. They never kept the God mandated feast days of Passover, Pentecost, Trumpets, day of Atonement, or Tabernacles. They never offered sacrifices at the altars of

Solomon's Temple. They never had kings that were of Judah; priests that were of Levi; and high priests that were of Aaron.

Thus, for over two hundred years, the majority of Israelites in the days of these two kingdoms did not worship the *true* God of their fathers! The Kingdom of Israel never; the Kingdom of Judah seldom.

Twenty-one years after the split into two kingdoms, king Abijah of the Kingdom of Judah had been on the throne for three years since the death of his father—King Rehoboam. And once again the two kingdom of Israel went to war against each other. Since Judah was the smaller of the two kingdoms, they were vastly outnumbered. Their brethren outnumbered them 2:1—800,000 soldiers to 400,000. It did not look good for King Abijah (watch the pronunciation of these 'jah' words. They do not have a 'dja' sound as commonly pronounced, but should be spoken as 'yah' -so this kings name is pronounced A-bee-yah. same with Elijah, as E-lee-yah!) and the kingdom of Judah.

But as the two armies gathered for their eventual battle, King Abijah (A-bee-yah) used Mount Zemaraim as his podium and addressed King Jeroboam and his soldiers. His speech reveals the reasons why the smaller kingdom of Judah would be victorious over the much larger Israelite kingdom.

First he addressed the apostate condition of the kingdom of Israel; both politically and religiously (2 Chronicles 13:5-9):

"Ought ye not to know that the LORD God of Israel gave the kingdom over Israel to David forever, even to him and his sons [Rehoboam and Abijah] by a covenant of salt? Yet Jeroboam, the son of Nebat, the servant of Solomon, the son of David, is risen up, and hath rebelled against his lord. (Oh, look at 1 Kings 11:26). And there are gathered unto him worthless men, base fellows, and have strengthened themselves against Rehoboam, the son of Solomon,

when Rehoboam was young and tenderhearted, and could not withstand them. And now ye think to withstand the kingdom of the Lord [Judah] in the hand of the sons of David; and ye are a great multitude [800,000], and there are with you golden calves, which Jeroboam made you for gods. Have ye not cast out the priests of the LORD, the sons of Aaron, and the Levites, and have appointed priests after the manner of the nations of other lands? So that whoever cometh to consecrate himself with a young bullock and seven rams, the same may be a priest of them that are no gods."

Then King Abijah contrasted the apostasy of the rebellious Israelite kingdom of King Jeroboam with the faithfulness of his own (vv. 10, 11):

"But as for us [Kingdom of Judah], the LORD is our God, and we have not forsaken Him; and the priests who minister unto the LORD, are the sons of Aaron, and the Levites wait upon their business. And they burn unto the LORD every morning and every evening burnt sacrifices and sweet incenses; the showbread, also, set they in order upon the pure table [in the holy place in the Temple in Jerusalem]; and the lampstand of gold with its lamps, to burn every evening; for we keep the charge of the LORD our God, but ye have forsaken Him."

Then the King of Judah made his astute conclusion that provided King Jeroboam an resounding warning (v.12):

"And, behold, God Himself is with us, for our captain,

and His priests with sounding trumpets to cry alarm against you. O children of Israel, fight ye not against the LORD God of your fathers; for ye shall not prosper.”

What an amazing and prophetic speech! King Jeroboam and his army should have listened and taken heed. Instead, Jeroboam set an ambush before and behind the army of Judah—but:

1. The soldiers of Judah cried unto the LORD;
2. The priests of Judah sounded with the trumpets;
3. The men of Judah shouted;
4. And God smote Jeroboam and all Israel before Abijah and Judah.
5. Sixty-two and one half percent (500,000) of the soldiers of Jeroboam’s kingdom perished.
6. Judah captured three cities (Bethel, Jeshanah, Ephraim) and their towns from Israel.

The conclusion (v.18):

“Thus the children of Israel were subdued at that time, and the children of Judah prevailed because they relied upon the LORD God of their fathers.”

What an instructive lesson for our times! Two adjacent Israelite Kingdoms. But one was home to an apostate national church. With its different priests, different temples, different altars, different feast days and different laws, the Northern Kingdom of Jeroboam fought against the God of Abraham, Isaac and Jacob.

They had cast out all of God’s priests from their kingdom and thus they were helpless when these same priests blew their trumpets against them in the battle. They had rejected the covenant that God had made with their fathers and all the authority structure that He had provided them (have you rejected God’s covenant?? Turned your back on the sacraments that go with that covenant - Passover and Baptism?? Then its time to find a fellowship/ecclesia and covenant with them to become a member and get back under the Covenant with our God)

They had made the very same mistake as the first king of Israel—King Saul—had made. In his sinful attempt to hang on to his throne and prevent God’s appointed man—David—from replacing himself, King Saul had ordered the death of all the priests and their families and animals who lived in the town of Nob. Eighty-five were murdered—only one escaped. And he fled to David who was living in the cave of Adullam.

This fugitive priest, Abiather (A-bee-yah-ter), had the priestly ephod. So even though David had only 600 soldiers, he had an ordained priest from whom he could ask the LORD’s guidance. King Saul had no priest he could ask—thus he turned to the witch of Endor in order to have a séance so that he could talk to the recently deceased prophet Samuel.

As King Saul had forsaken the God of his fathers, so had the kingdom of Israel forsaken the God of their fathers (and so have many Saxon-Israelites today). In the two hundred and ten years of their existence as a kingdom, there was never a revival or a reformation. Not even after the miraculous contest between God’s prophet Elijah (E-lee-yah) and the 450 prophets of Baal.

The Kingdom of Israel continually descended into the

abyss of apostasy. They wanted priests after the manner of the nations that were around them, thus they became like those nations: immoral, degenerate and worshippers of false gods.

The history of Israelites repeats over and over. Most of the covenant people of God either followed King Saul or were indifferent to David. Most Israelites were citizens of the Kingdom of Israel and either fought against the Kingdom of Judah or were indifferent to their stand for the authoritative structure that was instituted by the God of their fathers.

Today most Israelites are followers of churches that teach a universal, multi-cultural, multi-racial, feminized, ungodly authoritative structure. And they either fight against the remnant churches that do (follow the ways instituted By the God of their fathers) or they are indifferent to the godly authority of these remnant assemblies.

May we all be encouraged by the speech that was given by Judah’s King Abijah as he stood upon Mount Zemaraim. Any church that fights against the God of our fathers shall not prosper. (Are YOU a member of a remnant assembly??) Nothing new under the son.

**WORLD AFFAIRS; NO 3,
2006**

**Pastor F.W.C. Nesper
THE END OF THE OLD;
THE BEGINNING OF THE
NEW**

The old dispensation as God began it, is at its end; the new is about to be born. The creation as described for us in the Bible, began with God’s perfect purpose. But hardly had it begun, when it came to a tragic end with the fall and destruction of the perfect.

Violence, corruption, sorrow, pain, death, et cetera followed. nature became corrupted, thorns and thistles appeared and all sorts of abnormalities which we accept nowadays as normal, came forth. Man also became corrupted so that God withdrew His presence and man lost his exalted intellect and spirituality. Violence followed when Cain slew Abel. The sequence was first dominion, then sin and alienation from God. Conflict has reigned ever since.

NEW ERA

The reversal that must follow, has already begun—without us noticing it because we do not really understand God’s plan and the course of events. Conflict and violence which today have become common but sig-

nify total downfall and obliteration for us as humans, shall lead to the birth of the new era and the dispensation of the perfect that shall last forever. This should excite us tremendously and encourage us as believers to explore God's Word more and more, because therein we shall find the key to what is happening today. With this series of "World Affairs" that I commenced with in the eighties, I have tried to keep track of these developments which are heading toward the end time. It has given me the courage and assurance that everything is not in vain; that God is still in control and that He will eventually fulfill that which He had planned at the beginning.

The purpose of sin (transgression of God's Law), and everything that it has caused over a period of almost six thousand years, is to get man to realize his dependence on God and to get to know God's love, because these are above man's nature and thinking, no matter how clever we may think we are. As the Bible says, the gospel is unto the Judeans a stumbling block and unto the Grecians foolishness. Who could ever have thought that God would save the world in this manner; that the Lord Jesus would have to pay for Israel's sins with His own precious blood; and by His death conquer death? But this is the heart of the gospel and all other events revolve around it. Think it through for yourself.

LABOUR PAINS

There is no birth without pain and that is now at hand for mankind. It is described for us in the Bible as the time of Jacob's trouble. The prophet Daniel describes it as a time of trouble such as was never before, nor ever shall be. During this time some of the dead shall resurrect. This is what the prophets tell us. Unfortunately, we have chosen to write the prophets out of the Bible, out of our preaching, out of our thoughts and out of our expectations. Those men of God were the only ones who heard the voice of God up to the time of Jesus and wrote it down for us. For this they were killed, thrown into pits and locked away in prisons, because people did not want to hear the voice of God (and today they still don't!). But God does not allow Himself to be without a testimony. That time during which God shall again reveal Himself and which has already been written by the prophets, all of which shall be fulfilled up to the very last iota and tittle, has now arrived. It is time of cataclysm as the world has never yet known—and it is at hand. I expect things to start happening faster. For example, on studying Daniel's explanation of Nebuchadnezzar's dream in Daniel 2, we see how the image is smitten and knocked down by a stone that had come loose from a mountain; how it is pulverized—beginning at the feet of iron and clay, then the legs of iron, afterwards the thighs and belly of brass, later the breast and arms of silver and eventually the head of gold. This symbolizes the whole Babylonian succession of empires for us.

BABYLON (MAMMON) VERSUS GOD

The principle of God and the principle of the Babylonian empires oppose one another. The principle of God is Service; that of the Babylonian empires is might and power—regardless of who is trampled upon. It is now in the process of being turned round, that's why we see the whole world in a state of crisis. Everything is in disorder, nowhere is there peace, nowhere is there harmony, nowhere is there rest. We must understand these times and the only way to do so is to look at it through the Word of God. Therein He makes these things clear to us and that is what we now need

to understand. We have come to the end of this succession of empires. Let us now go to Daniel 2:44, "And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed; and the kingdom shall **NOT** be left to **other** people, **but** it shall break in pieces and consume all these kingdoms, and it shall stand forever."

APPOINTMENT WITH GOD

This world has ignored God for long enough. Jesus shall appear and the Lord God shall give unto Him the throne of His father David. That throne of David was never in heaven. The throne of David was an earthly throne just as the throne of the emperors was at the time of the birth of our Lord Jesus. This we must clearly keep in mind and it is now about to be fulfilled. What then is the Lord coming to do? He is coming to be the King of the house of Jacob for all eternity. And there shall be no end to His Kingdom. What a tremendous revolution will take place with Jesus, the King of Righteousness, on the throne of His father David! A world of unrighteousness that is based on violence, will have to be overthrown as symbolized in Nebuchadnezzar's dream. We cannot imagine what it all embraces, but the prophets tell us about a new world - wherein dwells righteousness. There shall be no evil or perdition on the whole earth. The glory of God shall cover the earth like the waters cover the sea. There is no other salvation. There is no other guarantee for Israel to be preserved. We are heading for self-destruction. We see what is happening in the Middle-East. I am not going to expand on this again.

IRAN

In my publications over the past forty years, I have indicated that we should watch Iran. In the Bible Iran is referred to as Persia. We must take note of the day when Iran sides against the Western nations, which are the present-day--so-called "lost" tribes of Israel.

THE GREAT DECEPTION

Here is another revelation, namely that mankind have been and are being deceived by telling them that the Jews represent the people of God—the Jews and the Church together. I wish to tell you that this is a total misconception. The Scriptures tell us that those who do not have the Son do not have the Father either, (1 Jn 2:23; 2 Jn 1:9) and are in fact Antichrist (1 Jn 2:18; 2:22; 4:3; 2 Jn 1:7). The deceivers have managed to get hold of the pulpits of the world to proclaim these lies (Zec 14:21). Where could they have found a better channel for this; who would have suspected the pulpits of deceiving the world? This is exactly what has happened and is happening (some may be doing this in ignorance, having been trained that way in Bible college, or Seminary) I know this is a shock to many, but everything that I have said so far is a shock. The world is going to be shocked as we once again shall emphasize in this publication. I know it sounds so utterly strange that it may be rejected as untrue, but there is going to be a terrible massacre on earth. Think about the kingdoms that are going to be pulverized to chaff. There are people in these kingdoms that are going to be annihilated. Only those who dwell in the secret place of the Most High (Ps 91) shall abide under the shadow of the Almighty (and when some are annihilated, through natural disasters or whatever, take care not to help the enemies of God! Many are adopting from 3rd world nations because there are supposedly not enough white children available for adoption. bringing these foreign children in who will grow up in a white home, will

SAVING THE ENVIRONMENT NWO STYLE

This reveals what really lies behind the banner of "Save the Environment" that is being taught by humanists, environmentalists, bankers and one-worlders. eventually martyr whites, and so help to destroy Israel. This should NOT be done. God's people were to be and remain separated from all other people on the face of the earth (Ex 33:16).

My dear reader, may God give you the grace to hasten yourself, to renew your mind. If your mind is not renewed, you shall be among those pulverized to chaff, how ever terrible and unacceptable it may sound. I can expand on this a great deal more and you shall find a lot about it in my publications. Therefore, I again advise you to study to show yourself approved. May the Lord give you the grace to hasten yourself, because actually there is no time left.

At the same time, however, I also have good news for you. To explain it to you, I will return to circumstances as we now live in. For example, one of the most wonderful prophecies, which is supported by all the others, is in Ezekiel 37, that vision of the valley of dry bones. Therein we read; "These bones are the whole house of Israel." (dead in trespasses and sins). Because these bones depict the house of Israel in their withered state, in their dead, bleached state, they do not know who they are. They have no idea, they just see what happens to them—like us here in South Africa, where our people are murdered daily. Almost daily you read about a farmer who has been shot dead on his farm, or of others who have been robbed and mutilated, and so it continues from day to day (because people believe "they are just like us, except for skin colour." However, if it was an animal who did these things, it would be quickly hunted down and shot!). We begin to talk among ourselves like those who say in the Bible: "Our expectations are lost, we are finished." We hear this daily, we see it in our politics and in our religion, there is no spark left in our people. People go from one church to the other, listen to one preacher after the other, and none of them has this message to tell of what these things really mean. We are busy telling it to the world, but just as the people of old did not want to believe the prophets, so also the people of today do not want to believe. According to the prophets Israel would say: "we are finished," but never before in history has it been so true as it is now. That is why the Lord says to the prophet "Therefore prophesy and say unto them, Thus saith the Lord God, "Behold, O my people, I will open your graves, and cause you to come up out of your graves, ..." Not a worldwide repentance. Who are these MY PEOPLE with whom He speaks? It is with Israel, and what does it mean to cause them to come up out of their graves? It means that they shall awaken as to who they really are (some know today, but reject the knowledge for the benefits of Babylon and furthering their careers). And that the Lord shall then pour out His spirit upon them and that all of them, the whole nation, shall stand—a mighty army filled with holy ghost (Godly motivation, and a mentality of separation)!

The world has never yet seen or experienced something like it. A nation filled with the spirit of God! My dear reader, there is nothing that can stand in the way of such a nation, especially with the returned, resurrected and glorified Lord Jesus as their King! My dear reader, my brother and my dear friend, try to believe these things. A wonderful and glorious future awaits this world, in which God will be glorified. Then shall be fulfilled what Jesus has taught us to pray. Where God's Kingdom shall reign on this earth and

where His Will shall be done - as it is in heaven - so also on earth. But I want to bring you back to our present circumstances, seeing that these are also world affairs.

STRUGGLE FOR SUPREMACY

When we look at world events, we see, or should see (but few do), that there is a struggle for world supremacy. The struggle is between Zionism on the one side and Islam in alliance with Russia and China on the other side. However, what is also about to ensue—that God is for it—is the world reign of our King Jesus. This is the battle during which the present world system shall be pulverized. My dear reader, you have no idea what lies ahead of you, therefore, I once again plead with you to hasten yourself to the secret place of the Most High. Only there shall you find shelter and protection. Zionism, the establishment of the Israeli-State in 1948 and the fact that it is there, is undoubtedly an immense source of concern for the world, as anyone who is prepared to open his eyes, shall realize. The whole struggle between Jew and Arab and between Israelis and the Islam, is prominent today as reflected by events in Iraq and Iran. The Americans and the Western world under the guidance of the Church are trying to save that small number of Jews. They do not realize that nine-tenths of those Jews do not have a drop of Israel-blood in their veins. There is clear confirmation of this as I have stated in many of my publications in which I have quoted evidence from Jewish sources.

THE ROOT OF THE EVIL

With the support of the Church, the Jews lead the world to believe that they are the present-day Israel and thus are entitled to all the promises that God made to Abraham, Isaac and Jacob. These promises include, inter alia, the possession of the whole part of that world in the Middle-East, from Egypt to the Euphrates River. That whole area with all of its oil sources over which the battle is so fiercely being fought (and which affects prices and economies linked to it), is according to them the possessory right of the Jews. Consequently, they have the right to force the Arabs also from their possessions. But the promise to Abraham, Isaac and Jacob does not only relate to that specific area, but also—take note, includes the possession of the world.

At the same time Islam, the Arab world, say that they are the descendants of Ishmael and that Ishmael was the first-born of Abraham, consequently all the promises belong to them. That is why they also say that they are going to rule the world and subject it to the religion of Islam. Russia and China, each of whom is also set on world domination, temporarily concur in this because it is very convenient for them and lends credibility to their cause. Eventually, each of them aims to out-manoeuvre the other in order to become the sole dictator of the world. This is merely a summary of what is more clearly outlined in many of my publications.

My dear friends, these are not merely theories, imaginations or fiction. These are the things that really determine the thoughts and thus the deeds of nations. This is now happening. In this whirlpool as it were, in this bustle and wrangling in the world for supremacy, this world system with its economy is going to crash. From this will emanate: confusion, chaos, murder and manslaughter. It is not without reason that the world shows off and plays with its "swords" that glitter in the sun. Those "swords" are called atomic and

nuclear bombs, poison gases and murderous weapons, because that is what the world is familiar with. In the end of the world knows only one thing and that is violence, and that is what is going to erupt on this earth. That is why the Lord Jesus said that there shall be great tribulation such as never was before nor ever shall be again, and except those days be shortened, no flesh shall be saved.

The world is afraid of this, they realize it, but they do not know how it works and where it comes from. This battle for supremacy originates from the unseen, and every means and every method shall be employed to achieve it. The life of a person is of no concern to the rulers and power-hungry of this world, it has no value, it does not count. Only their objective is of importance. That is why the Word says that those killed shall lie from one end of the earth to the other. God Himself is going to enter the battle as mighty forces are siding against Him, because they do not want the King of kings and the Lord of lords to reign over them. They prefer their own king: king Violence, king Corruption, king Tribulation, and king Addiction. This has always been so. Only God can bring peace and He shall do so when He has exterminated all these elements. That is why the dead shall lie from one end of the earth to the other. I know that I am not writing about things that one would like to read, but whether you want to believe it or not, whether you want to read it or not, it is about to happen.

THE BIRTH OF A NATION

This violent battle is but again the symptoms of a birth. A birth is painful and brings almost to the very edge of death in order to bring forth a life into the world. That's how it works and that's how it's going to work on a global scale in this battle for life and death, where it appears that mankind is about to destroy himself. In this struggle a regeneration is going to take place, a regeneration of Israel. A regeneration of the people of God. Then Ezekiel 37 shall be fulfilled, then those bones shall awaken, they shall be covered with flesh, the breath of God—the spirit of God shall again be breathed into them such as was with Adam and then they are going to stand up, a mighty army. The prophecy Isaiah said that a nation shall be born in a day. Jeremiah says that the Lord shall make a new covenant with the house of Israel and the house of Judah (Not according to the covenant that He had made with their fathers when He took them by the hand to bring them out of Egypt, the covenant they broke although He was a husband unto them), God will never break that covenant because He does not break His covenants and cannot deny Himself. That same law which He had previously written on tables of stone, He shall then write in their hearts, so that it shall no longer be necessary for one to say to the other: "Know the Lord, for they shall all know the Lord, from the least to the greatest."

This is one of the indescribable great events when the nation will have the law in their hearts and minds. New heights shall be achieved, our intellect will again come alive. It is a historical fact that when the reformation took place, those nations that accepted the gospel, suddenly awoke from the sleep in which they had been for ages. Suddenly then arose from their primitive ways of life, they made new discoveries and discovered new worlds. A new revolution took place which was hardly noticed, but this was not nearly as great as the awakening that is about to occur. When the law is written in our hearts and at the same

time the curse is eventually removed from the earth, the lion shall eat straw like the bullock, the wolf and the lamb shall feed together, men shall convert their implements of war into implements of peace and shall never again make war, because them King Jesus, the King of peace, shall reign. What a glorious era awaits us. Therefore dear friends, hasten yourselves to make this King also the King of your hearts and your lives.

A GLORIOUS FUTURE

A glorious future of peace, new heavens and a new earth wherein man shall sit under his own vine and figtree and no one shall scare him again, awaits us. What heights of development we shall be able to achieve! The Bible says that the things that God has prepared for them that love Him, have never entered into their minds. I believe that is what God meant when He created Adam in the beginning and said to him, there is My creation: have dominion over it. Had Adam not yielded to the temptation, then all of these wonderful things would have already taken place. But it did happen, otherwise God would have not had the opportunity to demonstrate His love for us. That is why the Bible speaks of the excellence of love. That is what we need to recover, that love of God that prevails in the heart. Then the mind will really achieve what it was originally intended to, namely these things that never entered into our minds. O,

then our nice cars, the things we think are nice and for which people sell their soul, shall be like filthy rags in comparison to that which is coming and which God intended for us. This my dear friends, is what we must keep in mind. May God give you grace so that this "World Affairs" which I bring to you in my old age, will serve to encourage you to investigate these things in the Bible for yourselves.

We have written books for you, I have about two thousand messages or teachings on cassette or compact disc, should you require help to better understand it. I want to end this "World Affairs" by saying to you: have courage, the best is still to come, but repent so that the Lord can restore everything that He wrote down for us through His prophets from the beginning of the world. May God give you grace for this. Thank you very much and God bless you. courtesy:

the following was sent to me some time ago, and is probably part of something much larger, but I thought this worthwhile for your information:

THE DISNEY BLOODLINE

Science No 5 - The Skill of Lying, The Art of Deceit

The Illuminati have refined the art of deception far beyond what the common man has imagined. The very life & liberty of humanity requires the unmasking of their deceptions. That is what this book is about. Honesty is a necessary ingredient for any society to function successfully. Deception has become a national pastime, starting with our business and political leaders and cascading down to the grass roots. The deceptions of the Illuminati's mind-control may be hidden, but in their wake they are leaving tidal waves of distrust that are destroying America. While the CIA pretends to have our nation's best interest at heart, anyone who has seriously studied the consequences of deception on a society will tell you that deception will seriously damage any society until it collapses (see John Perkins' *Confessions of an Economic Hit Man*, now sold out). Lies seriously damage a community, because trust and

honesty are essential to communication and productivity. Trust in some form is a foundation upon which humans build relationships. When trust is shattered human institutions collapse. If a person distrusts the words of another person, he will have difficulty also trusting that the person will treat him fairly, have his best interests at heart and refrain from harming him. With such fears, an atmosphere of death is created that will eventually work to destroy or wear down the cooperation that people need. The millions of victims of total mind-control are stripped of all trust, and they quietly spread their fears and distrust on a subconscious level throughout society. One problem about lies is that one lie will call for another and then another. It's hard to keep lies single. They seem to want to breed more of their kind to protect themselves. Soon the liar becomes a victim of his own lies, trapped in a dishonest web that demands lots of energy to protect his false fronts. This is the sad fate that the intelligence agencies have painted themselves into. They must maintain groups that oversee their double-agents' lies to insure that the lies that they have disseminated don't contradict themselves. Finally, they have put out so much disinformation, they lose track of reality themselves. far from saving this nation, the intelligence agencies have spread the cancer of deception into all walks of life, so that this cancer is contaminating and killing anything of value in the United States. The soon-to-come death of this nation's morals are the results of this cancer. People who have attended high level Illuminati meetings were instructed in how the Illuminati plan to bring in the NWO AntiChrist reign by making everything appear as if it has happened naturally. The Illuminati have decided to camouflage their actions with the creation of normalcy to avert any suspicions.

An example of something which appears to have happened naturally is the O.J. Simpson case, which was planned based on previous murder scenarios which had been successfully covered up. O.J. Simpson was a CIA mind-controlled slave, and the entire Simpson case was concocted as an elaborate effort to cause racial tensions. The Mishpucka, the CIA, the Mob and the Illuminati have all had their dirty hands involved in the entire affair. The entire affair reeks of manipulation and planning. It is not the goal of this paragraph to go into the case, but just to drop a couple of details. Joey Ippolito, Jr. is both CIA & Mob. Ippolito at one time lived in Hallendale, FL, a mob housing subdivision which was protected by a police force run by the Mob. He has helped run drugs and wet ops for "the Combination" which interconnects with the Illuminati. O.J. Simpson's friend Cowlings worked for Joey Ippolito, as well as O.J. Simpson. Simpson distributed cocaine for Joey Ippolito, & the Combination. Simpson's lawyer also is tied to the Illuminati, the CIA, and the Mob. One of his lawyers on TV said the trial reeked of government corruption. Nicole Simpson lived next door to Carl Colby (former CIA director Bill Colby's son). Colby's wife and kids have been subjected to mind-control. Colby's wife testified in O.J. Simpson's trial, but was addressed as "Miss Boe" rather than by her name. O.J. Simpson's mother worked for a California State Mental Hospital in San Francisco for 30 years. Many State Mental Hospital workers have children who have been programmed. When one of the jurors in Simpson's case, Tracy Hampton, had her mind-control programming go haywire, she began staring for long periods at a blank TV and hearing voices. She had to be dismissed. During the Simpson trial, Judge Ito gave

Joe McGinniss the best front-row seat that a journalist could have. Joe McGinniss was the cover-up author who wrote a book covering up about the McDonald-Fort Bragg Drug Smuggling Case. The McDonald-Fort Bragg Drug Smuggling Case involved the Illuminati drug smuggling operation within the U.S. military during the Vietnam War. On and on the stink goes. The manipulation of history by those in power has been well-covered over. An example of how mind-control and its role in manipulation of events has been covered up by the perpetrators is an article written in the Journal of the American Medical Association (JAMA) in the Sept. 11, 1967, Vol. 201, No. 11 issue. The article, which was submitted to the magazine from three CIA doctors (Mark, Sweet, and Ervin), claims that riots are caused by brain disease. While the article's thesis is obviously a slide to prevent people from catching on that the small number of deviants who create riots might be under mind-control or might have some other motivation beyond simply being brain-diseased. Any deception, whether it is an exaggeration or an understatement of the NWO's capabilities is considered a useful deception for the Illuminati's double-agents to spread. The German battleship the Bismarck was sunk due to a little lie sent to Germany by a double-agent which underestimated the range of British radar. The Germans, thinking they were out of British radar range, made some bad decisions that cost them the battleship.

DECEPTION DIMINISHES POWER

Knowledge is power, and lies diminish the knowledge of deceived dupes, and therefore diminishes the power of the deceived. Deception obscures the alternatives that people have. It also clouds up various objectives people would work toward. Some people give up certain objectives due to their mis-perceptions that

the objective is undesirable or unattainable.

PROGRAMMING DECEPTIONS

In the programming, colors and directions are used. Be prepared to find out that sometime programmers use their creative imaginations such as using the color "oxtarine," or the direction "TURNWISE" or perhaps "WIDDER-SHINS." During the most fundamental programming which is done via LSD trips in a sensory deprivation tank to lay in the foundations of the Alpha, Beta, Delta, Omega and Theta programs, each programming memory will be given a code. Where one popular programming deception takes place is that the programmer knows ahead of time how to sequence his memory codes so that for instance, the fifth memory is coded as the first trip, and strenuous methods are used to cover up the memories of the first four trips. The victims mind will be told to forget the first four trips. The memory codes are deceptively designed to fool the deprogrammer and the victim alike. Part of the reason the programmer does this, is that they know that IF a therapist should stumble onto these first memories, the back-up programming to protect these memories is so severe that the therapist will shatter the victims mind. Back-up programs such as Atom bombs and vegetable programming are locked into place to protect the fundamental programs

BE WISE AS SERPENTS

The Holy Spirit moved an apostle to write: "We are not ignorant of the adversaries devices. Christ warned His disciples to 'be wise as serpents and harmless as doves.'" The Israelites went out spies before entering the promised land. Within the text of *The Art of War* by Sun Tzu (a book studied today by men in intelligence), he discusses "hidden

provocation agents” in Book 13. Sun Tzu was born in 534 BC and lived most likely until after the year 453 BC.

In 500 BC, some men were farmers and some were agents provocateur. Today both occupations still exist. The modern American farmer is vastly superior to the ancient farmer of 500 BC, so how does the modern agent provocateur compare? He is vastly superior also. It appears the Word of God is accurate, for it warns that God’s people will be destroyed for lack of knowledge.

The difficulty in obtaining honest information in today’s Big Brother world is aptly described by an intelligence asset over the Internet. “If you are lucky and work hard, you will find some of the truth. If you are lucky and work REALLY hard, you might find the WHOLE truth ... as someone wants you to know it. If you are PHENOMENALLY lucky and really work your tail off, you might even go on to find the REAL truth. But no outsiders ... and in fact, very few insiders ever ... EVER ... learn the WHOLE REAL truth.”

This book and our two previous books on mind-control are the result of extremely hard work and numerous miracles of God, and what non-Christians would call lots of “luck.” The story behind the books is amazing. This book’s two authors have had to “swim upstream” for years in search for the real truth.

One thing is very clear to this author: during the last seven years of exposing the NWO, almost every person who is believed to be a leader against the NWO has tried to impede the work this author has been doing. People need to be aware that the New World Order created their own “opposition” long before some of us began trying to expose it. This author’s informed opinion is that essentially all (about 98%) of the people leading the opposition to the NWO are double agents, and no less than 50% of the therapists are double agents. In this state, this author knows as a fact that 50% of the licensed therapists working with programmed DID (MPD) patients are programmed DID slaves themselves. Recently, one of the therapists in this area, who the False Memory “Spin”-drome and the Illuminati took down, was a therapist who had also been on a local TV talk show revealing that she was a multiple and an SRA victim.

DISINFORMATION TO MAKE THEIR DOUBLE-AGENTS LOOK GOOD

“A Force” was MI-6’s group that carried out deception. They would have their double agents pass out CHICKEN FEED (which is what they call classified information that can be thrown out to the public) to establish their double agents’ credentials (BONA FIDES) as agents against the British. Today, there are numerous “anti-NWO” people who are actually double agents. They are distributing chicken feed to make people think they are legitimate. By the way, it is interesting to note, for those who realize how important carousels are to programming, that MI-6 (HQ in Vauxhall Cross, Eng. with a training center at Ft. Monckton, near Gosport, So. Eng.) is nicknamed (actually its cryptonym) “Carousel” by its daughter organization Mossad (officially aka Central Intelligence Collection Agency).

An example of a double agents who is popular among Christians is an Illuminati witch named Gretchen Passan-

tino, who tours around to Christian conferences belittling the idea of mind-control.

Dr. Loreda Fox reports in The Spiritual and Clinical Dimensions of MPD that 75% of women abused by SRA come from “Christian homes.” The Christian churches are heavily infiltrated [it is very obvious, that leaders of major denominations are NOT followers of Jesus Christ or His Word].

SLEEPER AGENTS

In the Vol. 2 book, a number of references were made to sleeper agents. The idea of placing someone somewhere in society and letting them lead a normal life for years without ever being used is designed to provide a legitimate smokescreen about what they are all about. Mind-controlled slaves make excellent sleepers. The concept of making sleeper agents is not a secret. The CIA has publicly admitted that they tried to discover long-range sleeper agents in the Los Niños children of Republican Spain who were descendants of communist Spaniards who returned to Spain in the 1950s. They also have admitted to having tried to weed out long range sleepers in the Trebizond Greeks who lived near the USSR in Turkey and returned in the 1950s to Greece. As the CIA and KGB mirror-imaged each other in their manufactured and Hegelian Dialectic mock dual (which was very real for the “little” person) you can well imagine that the CIA sent sleeper agents against the KGB.

NAMES AND TYPES OF DISINFORMATION AGENTS

The intelligence agencies have their own lingo for the types of disinformation agents they send against everyone else. So far, we have named only double and sleeper agents. Here are some more of their [types of] disinformation agents:

AGENT OF INFLUENCE-

These agents can be unwitting, under mind control, or ideologically motivated to use their positions of influence to sway the minds of others. Examples of Agents of Influence are anchor men on TV, journalists, labour leaders, TV commentators, academics quoted by the media, and some politicians.

CONFUSION AGENT - An agent whose job is to produce confusion by disseminating confounding information.

CONTRACT AGENT - These are the rogue agents, such as the Mob, who the CIA get to do particular jobs on contract. Their connections can be denied.

DEEP COVER AGENT - A sleeper agent (often a programmed multiple or person with mind-control programming) who has been a long-ter, sleeper agent.

DISINFORMATION AGENT - This is a highly-placed agent who passes disinformation to other governments.

NOTIONAL AGENT - A fictitious non-existent “agent” which is created with a real-looking identity to mislead.

PROVOCATION AGENT - An agent sent in to provoke and destabilize the target group to do foolish things.

SPOON-FEEDER AGENT - Someone who dribbles out legitimate information; this is often done to build up a person’s credentials (bone fides). Lots of the people who are pretending to expose the NWO are spoon-feeder agents who provide a little new information, tons of already-

New Book THE BIBLE AS HISTORY by Werner Keller

known secrets, and sprinkle in a measure of disinformation for added fun. Generally spoon-feeders increase their percentage of disinformation once they gain respectability. There are very few people really exposing anything of consequence about the NWO. This author has endured the loss of several of the really legitimate whistle-blowers who were friends [by their] being assassinated since he began writing exposés.

What this means is that agents for groups that do mind control may have been sleepers for many years and look very legitimately innocent; they may give good correct information to our side; they may say all the right things and try to get us motivated to do more than we would want; they may talk about other friends who are giving them information, who do not even exist. It takes discernment to spot people who are not on our side. Unfortunately, such discernment seems to be fundamentally lacking within the public at large. For instance, I have seen people choose obvious NWO agents over this author as a source of “information” (which is in reality disinformation). Most people have bought so much disinformation during their lifetime, perhaps it’s unrealistic to expect them to purge out all the junk they’ve accepted. Just as people in the world need to toss out their worldly thinking, people in the church need to toss out all the indoctrination they’ve gotten from the numerous kinds of harlot churches. At the moment, the system is set up so that the perpetrators of the mind control are in control of the credentialing process, so that they can provide their stooges and agents with the best credentials. As the reader can see, the roots of power behind the mind control go deep.

TRICKING SUSPECTS

One trick (or variations of it) that has been used with suspects is to arrest them, place the suspect in a situation where the police are in two groups—one group looks like police, the other group looks like the group the suspect has come from. After the suspect arrives, the group pretending to be arrested group members overpowers the police contingent and escapes to another setting where another police group, pretending to be even more of the suspects group, ask him who he is and to explain his credentials. Letting his guard down, the original suspect explains what he is all about, thereby giving them the information they needed in the first place. Variations of this script can be run. English intelligence calls this basic script CACKBLADDER because chicken blood is used on the police actors that are overpowered to make them look injured.

NAMES OF DECEPTION DEVICES

FOUR FACES refers to pretexts used by agents to get interviews.

DANGLE is the craft word for luring a victim into a provocation. A dangle operation would be an operation to provoke a group or individual into a particular action. This was done with Elohim City and many other groups that the NWO is trying to set up as patsies.

STANDARD DECEPTION DEVICES.

Agents use BLEEP-BOXES to tap telephones and in other instances to make free-of-cost telephone calls. A CABMAN is a device to remotely activate a telephone with a radio beam. It can be used without entering the building where the telephone is located.

MASKS

The use of masks in the occult world is ancient. For centuries, the gypsies have used them for their hypnotic powers. Special healing masks for their people are kept secret and never shown to the public. Masks have shock value and fascination value. Gypsy and other occult groups have special rituals to create the masks, including using hair clippings from the person who will wear the mask.

Gypsy healing masks are destroyed after the patient gets well. Illuminati programming masks may or may not be destroyed after their use. The Illuminati’s mask-making abilities (according to deprogrammed victims of their mind control) are very high quality. Sometimes the programmers simply wear halloween cartoon-character masks that anyone can obtain, to fulfill their role in the programming script that they are involved in during the time.

COVERS

Some beginners who have just started into studying the New World Order question why the Illuminati would use legitimate religious covers. Why would the Illuminati want to create a slave who is an evangelist? Why? Because those new converts will go to some establishment church where other programmed multiples in leadership positions will demand obedience (and then support those demands by quoting scriptures that make them seem like they are God’s authority over that new convert). Because the evangelist or missionary and the bishop or pastor are controlled puppets, the convert will never get the full truth, just enough truth to keep him working hard for their organization. Even though the convert “got God in my life,” the Illuminati never lose control over him.

The Christians have as much vested interest in preventing the exposure of the Illuminati programmed multiples who are big name Christian ministers running Christendom, as the Illuminati has. Imagine what would happen if the world found out that most of Christianity was run by the human-sacrificing, slave-making Illuminati? This is one of the sad effects of the infiltration.

Perhaps the subject of covers can be explained from another angle. The reader knows that the elite like monopolies. They play monopoly for real—for us its only a board game! To establish a monopoly, you find a good product that every one wants or needs, and then you eliminate the competition by either destroying them, or owning the competition yourself (mergers and take-overs). In the U.S., The Illuminati can’t have a one-religion monopoly. In Russia, they had communism with Marx, and Lenin as the Father-god and god-the-son figure. Communism had a monopoly on worship. In the U.S. they have established a monopoly by controlling all the various religious groups (through the 501(c)3 status, no doubt). [This author wrote an 800-page heavily documented book, *Be Wise As Serpents*, to show the details of how this is done]. It’s not a matter of what they teach, it’s a matter of control, so that the Elite have a monopoly. And when you, as a mover and shaker in the world, control all these various religions via money, blackmail, and programmed multiples under your leadership, etc.—which religion would you pick to emphasize the most? You will pick one that sells the best, i.e., the best product.

And which brand of Christianity will sell the best? The televised charismatic brand will sell the best.

Covers that slaves use to explain what they do in life are almost always “legitimate.” A missionary, a military officer, a salesperson, etc., will usually do their cover job most of the time. Their cover is their occupation, their service as a mind-controlled slave is almost an unwitting avocation.

Organizations are used as covers. The Illuminati use military, social, intelligence, education, banking and other organizations as covers. (See my *Be Wise As Serpents* book for many of these) Moriah’s front organizations such as the CIAs in turn use other organizations. Here is just a sampling of CIA fronts, to show the variety of fronts used:

- Asia Foundation was an academic organization created by the CIA.
- Castle Bank & Trust Co has been a bank in the Carib-

bean that is a CIA front.

- Forum World Features has been a front created for CIA propaganda purposes and based in London, UK.
- Geschichter Foundation for Medical Research (as well as the Josiah Macy Foundation) was used as an intelligence front to launder money used for mind control.
- Air-Sea Forwarders, Inc. was the legal corporation name of a CIA front in North Hollywood, CA. The company was involved in moving freight. In the last few years, this corporation sued E-Systems, the company which builds the CIA's and the NWO's electronic systems such as their communications satellites.

In court, the company proved that it was a CIA front, in spite of CIA denials. As this chapter provides information about some of the illuminati/intelligence connections to Hollywood, bear in mind that this CIA front was proven in court to be a CIA front in Hollywood. A feat that rarely occurs.

DISNEY

For years, I have heard many Americans say that something is terribly wrong in this country and that things are "going to pot," and yet most can't put their finger on what exactly is wrong.

When I first began to receive reports from victims of Illuminati mind control about Disney's involvement in their mind control, I kept an open ear, but I wanted some tangible proof. After investigating for myself, there is now no doubt in my mind that Disney (the man, the movies, and the entertainment parks) has been a major contributor to the demise of America, while maintaining a very well constructed front of wholesomeness. In this chapter, you will learn why Disney is one of the best deceptions of the Illuminati.

This author has read a good portion of what is available to the public concerning Disney. This exposé is undoubtedly the deepest on Disney that has ever been done. Perhaps part of my motivation is that I've tired of Christians talking and acting like Disney stands for sainthood. Christians, who should have known better are some of the ones who have swallowed "hook, line and sinker" the enormous deception that entails Disney. They feed their children a steady diet of occultism and witchcraft because they have been programmed to think of Disney as wholesomeness and everything that is good about America. Many writers over the years have tried to expose Disney, most have been stopped before they could get their books published. The few authors who have managed have faced vicious attacks on their character & integrity, and have faced enormous struggles against public relations campaigns paid for by the Disneys. The Disney's power, and the power behind them, has frightened most people away from challenging them. But someone needs to speak on behalf of the victims. Whether anyone listens or not, the victims will know that somebody cared enough to stand up and write the truth. Disney has not only left mind-control victims in its wake, but they have harassed land-owners, stolen employee ideas and left all kinds of hurting victims in their path. Disney has risen to become the unquestionable largest media-entertainment conglomerate in the world, & was ranked company no. 48 in the top 500 companies by Forbes 500.

KATRINA? YOU AINT SEEN NOTHING YET!

pastor Mark Downey

Might destructive weather be a means to get people's attention? To turn to God for help? Could God solve the weather problem? After a tornado ripped apart his town, a

local man interviewed on TV said, "Maybe someone up there isn't happy with us." Is this biblical?

"I caused it to rain upon one city, and caused it not to rain upon another city ... yet have ye not returned unto Me, saith the Lord." (Amos 4:7-8) [are you political leaders, who keep talking about the drought and water restrictions in Australia, listening???) CIM]

If we examine the principle of 'rejected Sovereignty,' when the Israelites wanted a king like the other nations and in essence saying that God should not reign over them (1 Sam. 8:6-7), then by the same token, we should not be surprised that God's weather is also forfeited and substituted with man's weather. If there's an absence of the Christian ethic in science and technology, you can expect the presence of an ethical tohu (formlessness).

God told our ancestors, *"If ye shall hearken diligently unto My commandments ... then I will give you the rain of the land in its due season"* (Deut 11:13-14). Yes, every time like clockwork. It will be normal predictable weather year after year. Again, Ezekiel tells us prophetically that when we are cleaned of idols and given a new heart and a new spirit, God will move us to keep His Law. "And I will call for the corn, and will increase it, and lay no famine upon you" (Ezekiel 36:25-29). We have a choice between the hardened hearts of Monsanto getting rich on chemically fertilized, genetically altered hybrid corn for our diet or obeying God's way of giving us an undefiled natural diet for health and happiness.

Paradise before the Fall must have had perfect weather and beautiful agricultural conditions. Notice, however, that two trees (of life and of knowledge of good and evil) were presented as a condition to maintain the utopian state. Whatever they were literally, takes a backseat to the violation which reconstituted the mechanics of the tohu va bohu. That forbidden fruit, which is symbolic of the cause of cognitive dissonance (CD), was and still is our own self will over God's Will. Make no mistake about it, those who willingly fail to worship the King, Jesus Christ, "Even upon them shall be no rain" (Zech 14:17). In principle, this means the world we live in today is wrought with apostasy and even the Christian should prepare their lives to feel the impact of further unseasonable, unpredictable, catastrophic weather, caused by both fallen man and by the Most High. But, comfort yourself by overcoming the CD, having the wisdom that each day is one day closer to the Day of the Lord and His appearing.

As for the enemies of God, they cringe at the very thought of reconciliation, i.e. "That God may be all in all" (1 Cor 15:28). Super egos wash themselves in the limelight with dark piety. As Bush started his tour of Katrina's aftermath, he said, "I'm not looking forward to this trip. It's as if the entire Gulf Coast were obliterated by the worst kind of secret weapon you can imagine." As if he doesn't have people working for him doing the unimaginable. Another traitorous president, FDR, said, "In politics nothing happens by accident. If it happened, you can bet it was planned that way."

A little known devilish spawn of one-world government is the Club of Rome, which gave birth to the environmental movement. They designed a fraudulent computer model as "proof" that the scarce resources of the earth could not sustain global development. Put plainly, they assert that there are more people than there is food to feed them. Therefore, the Club has called for a scientific reduction in 90% of the world's population and incorporates a global form of feudalism whereby private property becomes a thing of the past. In real terms, it is raw genocide married to an insatiable lust for 'eminent domain' as standard government policy.

Katrina was an inside job carried out by the 'power elite' to engineer the manipulation of American society. These truly wicked individuals exhibit a total lack of respect for Western Civilization and one would think they have a 'covenant with death,' a secret closet full of skull and bones. Isaiah 28:15 renders the wicked like this: "Who say, we recorded a Treaty with death, and with hell are in agreement; if the rushing storm should pass, it shall not

come upon us; For we have made falsehood our refuge and we have concealed ourselves with deception.” The merchants of war have ‘false accusation’ down to a refined science. They puff themselves up while pointing to others. Remember the Texas-style barbecue at Waco in 1993? It’s perhaps a prelude for things to come?

In 1997, Sec. of Defense, William Cohen revealed, “Others are engaging even in an eco-type of terrorism whereby they can alter the climate, set off earthquakes, volcanoes remotely through the use of electromagnetic waves. So there are plenty of ingenious minds out there that are at work finding ways in which they can wreak terror upon other nations.” In the 1930s, Tesla (who Thomas Edison got most of his ideas from) announced bizarre and terrible weapons. The Soviet Union discovered and militarized the Tesla scalar wave, which Brezhnev was undoubtedly referencing at the SALT talks in 1975, suggesting the limited development of new weapons “more frightening than the mind of man can imagine.”

Well imagine this: the perfect weapon has always been the secret weapon and the U.S. government is keeping a poker face with its stacked deck of cards. If the effects of weather weapons and accountability can be placed at the feet of nature or God, then those victims of untold suffering will never have the opportunity for a redress of grievances.

Our weather has been stolen from us. For years this atmospheric warfare has been waged on a daily basis worldwide. Chemtrails are a big part of this game. The paradigm shift for all weathermen is now trying to forecast the corporate intent of extreme machinations, and not the natural meteorological processes of earth’s atmosphere. We are observing weather events that simply have never occurred before, never!

The ‘Little Ice Age’ that only ended 150 years ago and lasted for 5 centuries is no comparison to the statistical improbable series of events during this past decade. The frequency of hurricanes and earthquakes is the most noticeable. But what people do and don’t notice at the same time is the strange high-altitude lines being scribbled in the sky from military aircraft spraying chemicals. The freakish trails do not evaporate like natural condensation or contrails, but rather linger and slowly diffuse over hours, turning the sky into a mutant grease slick producing a rainbow corona. People would be up in arms if they saw someone pouring buckets of oil into the local water reservoir and yet the air we breathe seems to be fair game. Their CD does not permit them to see or question the possibility of weather engineering..

Off the west coast of Florida, while Katrina underwent rapid intensification, many odd holes bounced by squares in the eye of the hurricane could be seen from satellite photos. Even a casual observer can see square and right angle clouds after a good dose of spraying and invisible HAARP zapping. Maybe it’s the occult signature of a square and compass. Who knows what lurks in the minds of madmen. All occultists worship nature or aspects of it, rather than the Creator Himself. They not only worship what is created, but also fulfill the prophecy of Daniel 11:38 and worship “the god of forces”—thus, the occult worship scientific knowledge. God is not impressed with pathetic magicians trying to impersonate His omnipotence.

Their favourite expression is, “out of chaos, order,” or as one of their minions expressed, “That which we destroy, we create.” But, as we know, chaos is *tohu*, and *tohu* is a reciprocal judgment from Heaven for being in opposition to God. Our Lawgiver gives us the law of effects and desolation, blessing and curses. Any number of disasters has the potential for population reduction and governmental confiscation of land.

Up to a third of the uprights on the Alaskan Pipeline are threatened with a major rupture of the permafrost continues to thaw, which would release 1 billion barrels of oil per day. A landslide at Mt. Rainier could send rivers of volcanic mud and ash into populated urban areas of Seattle affecting 2.4 million people. An eruption at Yellowstone

could kill everyone in a 600 mile radius. A levee failure in the Sacramento Delta would jeopardize the water supply of 22 million people. The New Madrid fault line in Missouri recorded the most powerful earthquake in US history in 1811, ringing church bells as far away as Boston and is still active. A volcano on the Canary Islands could create a tidal wave wiping out the entire eastern seaboard of the U.S. God has provided a long list of potential trouble spots around the world.

The point is that any disaster can result in the destabilization of governments. This is the objective of the satanic orders; to process the herd mentality under their control; to incubate the plans of the New World Order as the purpose and meaning of life; to generate nations to rise up against nations and bring forth famines and earthquakes. A bleak future of doom and gloom, which Hollywood movies celebrate: “For men’s hearts failing them for fear...” (Luke 21:26).

On a positive note “*The son of man coming in a cloud with power and great glory*” should give every Christian pause for hope and thanksgiving. “*Where there is no vision, the people perish; but he that keepeth the Law, happy is he*” (Prov 29:18). How much CD do we risk before we cross the threshold of devastation? We’re in a world of conflict to heat, to cool, to feed, to clothe, to house the species and we hesitate between two opinions? One side has a vision of a fossil fuel economy and someday being a proud shareholder of Halliburton, while the other side has a vision of being God’s Covenant People and living by every Word that proceeds from His mouth.

Christianity has a real answer to the ecological conundrum. It offers a healthy and balanced spirit to nature originating from the truth of its creation by God. It provides the wherewithal to heal our land. When people are content with the status quo and deny something is happening to our skies, then they aint seen nothing yet. God will have to provide more side effects of CD to convince them that their worldwide is flawed. God is not the cause of death and destruction; man brings it upon himself—“For the wages of sin is death” (Rom 6:23). The blessings and curses have been spelled out. Let us not waste (*tohu*) our time and energy from finding the truth of God. The truth is, God’s desire for man has always been Paradise and eternal life.

We can still make a choice between darkness and light. F. Scott Fitzgerald put it this way: “The test of a first-rate intelligence is the ability to hold two opposed ideas in the mind at the same time, and still retain the ability to function. One should, for example, be able to see that things are hopeless and yet be determined to make them otherwise.” We are inundated with opposition to the Word, but we can “Prove all things, hold fast to that which is good” (1 Thess 5:21). “And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is good and acceptable, and perfect, will of God” (Rom 12:2). It doesn’t hurt to ask for God’s forgiveness and protection against the violent forces of nature and foul weather and then hold up our end of the bargain. The Christian believer can then see the Word of truth.

Greetings to you all in Jesus’ name. Another month has flown past, and it’s hard to imagine that since the last newsletter went in the mail, we actually spent 10 days in Brisbane. It has caused us to be a little later with this newsletter than I would have liked. Thank you so much to all those whose letters and orders and offerings help to keep us going and make the efforts worthwhile. Much time has been expended on developing a website, which should be operational by the time you read this. Pray for its continuation without problems, and that many may benefit from this go to: www.christianidentityministries.com

May our God bless you and be gracious to you and make His face shine on you, and give you His peace, and keep you safe from all harm and danger,
